7 “178.530. 1. The state board of education shall establish standards and annually inspect,
8 as a basis for approval, all public prevocational, vocational schools, Linn State Technical College,
9 departments and classes receiving state or federal moneys for giving training in agriculture,
10 industrial, home economics and commercial subjects and all schools, departments and classes
11 receiving state or federal moneys for the preparation of teachers and supervisors of such subjects.
12 The public prevocational and vocational schools, Linn State Technical College, departments, and
13 classes, and the training schools, departments and classes are entitled to the state or federal
14 moneys so long as they are approved by the state board of education, as to site, plant, equipment,
15 qualifications of teachers, admission of pupils, courses of study and methods of instruction. All
16 disbursements of state or federal moneys for the benefit of the approved prevocational and
17 vocational schools, Linn State Technical College, departments and classes shall be made
18 semiannually. The school board of each approved school or the governing body of Linn State
19 Technical College shall file a report with the state board of education at the times and in the form
20 that the state board requires. Upon receipt of a satisfactory report, the state board of education
21 shall certify to the commissioner of administration for his approval the amount of the state and
22 federal moneys due the school district or Linn State Technical College. The amount due the
23 school district shall be certified by the commissioner of administration and proper warrant
24 therefor shall be issued to the district treasurer or Linn State Technical College.

25 2. Notwithstanding the provisions of subsection 1 of this section, the state board of

1 education shall establish standards for agricultural education that may be adopted by a private
2 school accredited by an agency recognized by the United States Department of Education as an
3 accreditor of private schools that wishes to provide quality vocational programming outside the
4 requirements of, but consistent with, the federal vocational education act. Such standards shall be
5 sufficient to qualify a private school to apply to the state chapter for approval of a local chapter of
6 a federally chartered national agricultural education association on a form developed for that
7 purpose by the department of elementary and secondary education without eligibility to receive
8 state or federal funding for agricultural vocational education. Any such private school shall
9 reimburse the department annually for the cost of oversight and maintenance of the program.”;
