5 section and line the following:

6  
7 "135.680. 1. As used in this section, the following terms shall mean:

8 (1) "Adjusted purchase price", the product of:

9 (a) The amount paid to the issuer of a qualified equity investment for such qualified  
10 equity investment; and

11 (b) The following fraction:

12 a. The numerator shall be the dollar amount of qualified low-income community  
13 investments held by the issuer in this state as of the credit allowance date during the applicable tax  
14 year; and

15 b. The denominator shall be the total dollar amount of qualified low-income community  
16 investments held by the issuer in all states as of the credit allowance date during the applicable tax  
17 year;

18 c. For purposes of calculating the amount of qualified low-income community  
19 investments held by an issuer, an investment shall be considered held by an issuer even if the  
20 investment has been sold or repaid; provided that the issuer reinvests an amount equal to the  
21 capital returned to or recovered by the issuer from the original investment, exclusive of any profits  
22 realized, in another qualified low-income community investment within twelve months of the  
23 receipt of such capital. An issuer shall not be required to reinvest capital returned from qualified  
24 low-income community investments after the sixth anniversary of the issuance of the qualified  
25 equity investment, the proceeds of which were used to make the qualified low-income community

1 investment, and the qualified low-income community investment shall be considered held by the  
2 issuer through the seventh anniversary of the qualified equity investment's issuance;

3 (2) "Applicable percentage", zero percent for each of the first two credit allowance dates,  
4 seven percent for the third credit allowance date, and eight percent for the next four credit  
5 allowance dates;

6 (3) "Credit allowance date", with respect to any qualified equity investment:

7 (a) The date on which such investment is initially made; and

8 (b) Each of the six anniversary dates of such date thereafter;

9 (4) "Long-term debt security", any debt instrument issued by a qualified community  
10 development entity, at par value or a premium, with an original maturity date of at least seven  
11 years from the date of its issuance, with no acceleration of repayment, amortization, or  
12 prepayment features prior to its original maturity date, and with no distribution, payment, or  
13 interest features related to the profitability of the qualified community development entity or the  
14 performance of the qualified community development entity's investment portfolio. The  
15 foregoing shall in no way limit the holder's ability to accelerate payments on the debt instrument  
16 in situations where the issuer has defaulted on covenants designed to ensure compliance with this  
17 section or Section 45D of the Internal Revenue Code of 1986, as amended;

18 (5) "Qualified active low-income community business", the meaning given such term in  
19 Section 45D of the Internal Revenue Code of 1986, as amended; provided that any business that  
20 derives or projects to derive fifteen percent or more of its annual revenue from the rental or sale of  
21 real estate shall not be considered to be a qualified active low-income community business;

22 (6) "Qualified community development entity", the meaning given such term in Section  
23 45D of the Internal Revenue Code of 1986, as amended; provided that such entity has entered into

25 Treasury Department with respect to credits authorized by Section 45D of the Internal Revenue  
26 Code of 1986, as amended, which includes the state of Missouri within the service area set forth  
27 in such allocation agreement;

28 (7) "Qualified equity investment", any equity investment in, or long-term debt security  
29 issued by, a qualified community development entity that:

30 (a) Is acquired after September 4, 2007, at its original issuance solely in exchange for  
31 cash;

32 (b) Has at least eighty-five percent of its cash purchase price used by the issuer to make  
33 qualified low-income community investments; and

34 (c) Is designated by the issuer as a qualified equity investment under this subdivision and  
35 is certified by the department of economic development as not exceeding the limitation contained

1 in subsection 2 of this section. This term shall include any qualified equity investment that does  
2 not meet the provisions of paragraph (a) of this subdivision if such investment was a qualified  
3 equity investment in the hands of a prior holder;

4 (8) "Qualified low-income community investment", any capital or equity investment in, or  
5 loan to, any qualified active low-income community business. With respect to any one qualified  
6 active low-income community business, the maximum amount of qualified low-income  
7 community investments made in such business, on a collective basis with all of its affiliates, that  
8 may be used from the calculation of any numerator described in subparagraph a. of paragraph (b)  
9 of subdivision (1) of this subsection shall be ten million dollars whether issued to one or several  
10 qualified community development entities;

11 (9) "Tax credit", a credit against the tax otherwise due under chapter 143, excluding  
12 withholding tax imposed in sections 143.191 to 143.265, or otherwise due under section 375.916  
13 or chapter 147, 148, or 153;

14 (10) "Taxpayer", any individual or entity subject to the tax imposed in chapter 143,  
15 excluding withholding tax imposed in sections 143.191 to 143.265, or the tax imposed in section  
16 375.916 or chapter 147, 148, or 153.

17 2. A taxpayer that makes a qualified equity investment earns a vested right to tax credits  
18 under this section. On each credit allowance date of such qualified equity investment the  
19 taxpayer, or subsequent holder of the qualified equity investment, shall be entitled to a tax credit  
20 during the taxable year including such credit allowance date. The tax credit amount shall be equal  
21 to the applicable percentage of the adjusted purchase price paid to the issuer of such qualified  
22 equity investment. The amount of the tax credit claimed shall not exceed the amount of the  
23 taxpayer's state tax liability for the tax year for which the tax credit is claimed. No tax credit  
24 claimed under this section shall be refundable or transferable. Tax credits earned by a partnership,  
25 limited liability company, S-corporation, or other pass-through entity may be allocated to the  
26 partners, members, or shareholders of such entity for their direct use in accordance with the  
27 provisions of any agreement among such partners, members, or shareholders. Any amount of tax  
28 credit that the taxpayer is prohibited by this section from claiming in a taxable year may be carried  
29 forward to any of the taxpayer's five subsequent taxable years. The department of economic  
30 development shall limit the monetary amount of qualified equity investments permitted under this  
31 section to a level necessary to limit tax credit utilization at no more than twenty-five million  
32 dollars of tax credits in any fiscal year. Such limitation on qualified equity investments shall be  
33 based on the anticipated utilization of credits without regard to the potential for taxpayers to carry  
34 forward tax credits to later tax years.

35 3. The issuer of the qualified equity investment shall certify to the department of

1 economic development the anticipated dollar amount of such investments to be made in this state  
2 during the first twelve-month period following the initial credit allowance date. If on the second  
3 credit allowance date, the actual dollar amount of such investments is different than the amount  
4 estimated, the department of economic development shall adjust the credits arising on the second  
5 allowance date to account for such difference.

6 4. The department of economic development shall recapture the tax credit allowed under  
7 this section with respect to such qualified equity investment under this section if:

8 (1) Any amount of the federal tax credit available with respect to a qualified equity  
9 investment that is eligible for a tax credit under this section is recaptured under Section 45D of the  
10 Internal Revenue Code of 1986, as amended; or

11 (2) The issuer redeems or makes principal repayment with respect to a qualified equity  
12 investment prior to the seventh anniversary of the issuance of such qualified equity investment.  
13 Any tax credit that is subject to recapture shall be recaptured from the taxpayer that claimed the  
14 tax credit on a return.

15 5. The department of economic development shall promulgate rules to implement the  
16 provisions of this section, including recapture provisions on a scaled proportional basis, and to  
17 administer the allocation of tax credits issued for qualified equity investments, which shall be  
18 conducted on a first-come, first-serve basis. Any rule or portion of a rule, as that term is defined  
19 in section 536.010, that is created under the authority delegated in this section shall become  
20 effective only if it complies with and is subject to all of the provisions of chapter 536 and, if  
21 applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the  
22 powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective  
23 date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of  
24 rulemaking authority and any rule proposed or adopted after September 4, 2007, shall be invalid  
25 and void.

26 6. For fiscal years following fiscal year [2010] 2015, qualified equity investments shall  
27 not be made under this section unless reauthorization is made pursuant to this subsection. For all  
28 fiscal years following fiscal year [2010] 2015, unless the general assembly adopts a concurrent  
29 resolution granting authority to the department of economic development to approve qualified  
30 equity investments for the Missouri new markets development program and clearly describing the  
31 amount of tax credits available for the next fiscal year, or otherwise complies with the provisions  
32 of this subsection, no qualified equity investments may be permitted to be made under this  
33 section. The amount of available tax credits contained in such a resolution shall not exceed the  
34 limitation provided under subsection 2 of this section. In any year in which the provisions of this  
35 section shall sunset pursuant to subsection 7 of this section, reauthorization shall be made by

1 general law and not by concurrent resolution. Nothing in this subsection shall preclude a taxpayer  
2 who makes a qualified equity investment prior to the expiration of authority to make qualified  
3 equity investments from claiming tax credits relating to such qualified equity investment for each  
4 applicable credit allowance date.

5 7. Under section 23.253 of the Missouri sunset act:

6 (1) The provisions of the new program authorized under this section shall automatically  
7 sunset six years after September 4, [2007] 2012, unless reauthorized by an act of the general  
8 assembly; and

9 (2) If such program is reauthorized, the program authorized under this section shall  
10 automatically sunset twelve years after the effective date of the reauthorization of this section; and

11 (3) This section shall terminate on September first of the calendar year immediately  
12 following the calendar year in which the program authorized under this section is sunset.  
13 However, nothing in this subsection shall preclude a taxpayer who makes a qualified equity  
14 investment prior to sunset of this section under the provisions of section 23.253 from claiming tax  
15 credits relating to such qualified equity investment for each credit allowance date.”; and”; and
