AN ACT

To amend chapter 217, RSMo, by adding thereto one new section relating to drug testing of offenders on probation or parole.

Be it enacted by the General Assembly of the state of Missouri, as follows:

Section A. Chapter 217, RSMo, is amended by adding thereto one new section, to be known as section 217.691, to read as follows:

217.691. 1. Subject to appropriations, at least ten percent of any drug testing required by rule under the authority of section 217.690 or 217.755 for violent offenders, as defined by rule of the department, placed under board supervision on probation, parole, or conditional release shall be completed by use of hair follicle testing.

2. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.
