

HB 2108 -- Sheriff's Charges in Civil Cases

Sponsor: Jones (117)

Currently, charges of up to \$50,000 in any year collected by a sheriff in civil cases must be held in a fund established by the county treasurer to be expended at the discretion of the sheriff for the procurement of services and equipment to support the operation of the sheriff's office. This bill allows moneys in the fund to also be used to supplement the sheriff's base salary.
