11 consecutive hours in the same classroom; sixty contact hours of teaching in a private school; or sixty
12 contact hours of teaching as a paraprofessional, for an initial four-year ABCTE certificate of license
13 to teach[, except that such certificate shall not be granted for the areas of early childhood education,
14 elementary education, or special education]. Upon the completion of the requirements listed in
15 paragraphs (a), (b), (c), and (d) of this subdivision, an applicant shall be eligible to apply for a career
16 continuous professional certificate under subdivision (2) of subsection 3 of this section:

17 (a) Completion of thirty contact hours of professional development within four years, which
18 may include hours spent in class in an appropriate college curriculum;

19 (b) Validated completion of two years of the mentoring program of the American Board for
20 Certification of Teacher Excellence or a district mentoring program approved by the state board of
21 education;

24 2. All valid teaching certificates issued pursuant to law or state board policies and
25 regulations prior to September 1, 1988, shall be exempt from the professional development
26 requirements of this section and shall continue in effect until they expire, are revoked or suspended,
27 as provided by law. When such certificates are required to be renewed, the state board or its
28 designee shall grant to each holder of such a certificate the certificate most nearly equivalent to the
29 one so held. Anyone who holds, as of August 28, 2003, a valid PC-I, PC-II, or continuous
30 professional certificate shall, upon expiration of his or her current certificate, be issued the
31 appropriate level of certificate based upon the classification system established pursuant to
32 subsection 3 of this section.

33 3. Certificates of license to teach in the public schools of the state shall be based upon
34 minimum requirements prescribed by the state board of education which shall include completion of
35 a background check as prescribed in section 168.133. The state board shall provide for the following
36 levels of professional certification: an initial professional certificate and a career continuous
37 professional certificate.

38 (1) The initial professional certificate shall be issued upon completion of requirements
39 established by the state board of education and shall be valid based upon verification of actual
40 teaching within a specified time period established by the state board of education. The state board
41 shall require holders of the four-year initial professional certificate to:

1 (a) Participate in a mentoring program approved and provided by the district for a minimum
2 of two years;

3 (b) Complete thirty contact hours of professional development, which may include hours
4 spent in class in an appropriate college curriculum, or for holders of a certificate under subdivision
5 (4) of subsection 1 of this section, an amount of professional development in proportion to the
6 certificate holder's hours in the classroom, if the certificate holder is employed less than full time;
7 and

8 (c) Participate in a beginning teacher assistance program;

9 (2) (a) The career continuous professional certificate shall be issued upon verification of
10 completion of four years of teaching under the initial professional certificate and upon verification of
11 the completion of the requirements articulated in paragraphs (a), (b), and (c) of subdivision (1) of
12 this subsection or paragraphs (a), (b), (c), and (d) of subdivision (5) of subsection 1 of this section.

13 (b) The career continuous professional certificate shall be continuous based upon
14 verification of actual employment in an educational position as provided for in state board guidelines
15 and completion of fifteen contact hours of professional development per year which may include
16 hours spent in class in an appropriate college curriculum. Should the possessor of a valid career
17 continuous professional certificate fail, in any given year, to meet the fifteen-hour professional
18 development requirement, the possessor may, within two years, make up the missing hours. In order
19 to make up for missing hours, the possessor shall first complete the fifteen-hour requirement for the
20 current year and then may count hours in excess of the current year requirement as make-up hours.
21 Should the possessor fail to make up the missing hours within two years, the certificate shall become
22 inactive. In order to reactivate the certificate, the possessor shall complete twenty-four contact hours
23 of professional development which may include hours spent in the classroom in an appropriate
24 college curriculum within the six months prior to or after reactivating his or her certificate. The
25 requirements of this paragraph shall be monitored and verified by the local school district which
26 employs the holder of the career continuous professional certificate.

27 (c) A holder of a career continuous professional certificate shall be exempt from the
28 professional development contact hour requirements of paragraph (b) of this subdivision if such
29 teacher has a local professional development plan in place within such teacher's school district and
30 meets two of the three following criteria:

31 a. Has ten years of teaching experience as defined by the state board of education;

32 b. Possesses a master's degree; or

33 c. Obtains a rigorous national certification as approved by the state board of education.

34 4. Policies and procedures shall be established by which a teacher who was not retained due
35 to a reduction in force may retain the current level of certification. There shall also be established
36 policies and procedures allowing a teacher who has not been employed in an educational position for
37 three years or more to reactivate his or her last level of certification by completing twenty-four
38 contact hours of professional development which may include hours spent in the classroom in an
39 appropriate college curriculum within the six months prior to or after reactivating his or her
40 certificate.

41 5. The state board shall, upon completion of a background check as prescribed in section

168.133, issue a professional certificate classification in the areas most closely aligned with an applicant's current areas of certification, commensurate with the years of teaching experience of the applicant, to any person who is hired to teach in a public school in this state and who possesses a valid teaching certificate from another state or certification under subdivision (4) of subsection 1 of this section, provided that the certificate holder shall annually complete the state board's requirements for such level of certification, and shall establish policies by which residents of states other than the state of Missouri may be assessed a fee for a certificate license to teach in the public schools of Missouri. Such fee shall be in an amount sufficient to recover any or all costs associated with the issuing of a certificate of license to teach. The board shall promulgate rules to authorize the issuance of a provisional certificate of license, which shall allow the holder to assume classroom duties pending the completion of a criminal background check under section 168.133, for any applicant who:

- (1) Is the spouse of a member of the Armed Forces stationed in Missouri;
- (2) Relocated from another state within one year of the date of application;
- (3) Underwent a criminal background check in order to be issued a teaching certificate of license from another state; and
- (4) Otherwise qualifies under this section.

6. The state board may assess to holders of an initial professional certificate a fee, to be deposited into the excellence in education revolving fund established pursuant to section 160.268, for the issuance of the career continuous professional certificate. However, such fee shall not exceed the combined costs of issuance and any criminal background check required as a condition of issuance. Applicants for the initial ABCTE certificate shall be responsible for any fees associated with the program leading to the issuance of the certificate, but nothing in this section shall prohibit a district from developing a policy that permits fee reimbursement.

7. Any member of the public school retirement system of Missouri who entered covered employment with ten or more years of educational experience in another state or states and held a certificate issued by another state and subsequently worked in a school district covered by the public school retirement system of Missouri for ten or more years who later became certificated in Missouri shall have that certificate dated back to his or her original date of employment in a Missouri public school.

[8. The provisions of subdivision (5) of subsection 1 of this section, as well as any other provision of this section relating to the American Board for Certification of Teacher Excellence, shall terminate on August 28, 2014.]; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.
