

House _____ Amendment NO. _____

Offered By _____

1 AMEND Senate Bill No. 275, Page 1, Section A, Line 2, by inserting after all of said Section and
2 Line the following:

3 "393.1025. As used in sections 393.1020 to 393.1030, the following terms mean:

4 (1) "Commission", the public service commission;

5 (2) "Department", the department of natural resources;

6 (3) "Electric utility", any electrical corporation as defined by section 386.020;

7 (4) "Renewable energy credit" or "REC", a tradeable certificate of proof that one
8 megawatt-hour of electricity has been generated from renewable energy sources; and

9 (5) "Renewable energy resources", electric energy produced from wind, solar thermal
10 sources, photovoltaic cells and panels, dedicated crops or algae grown for energy production,
11 cellulosic agricultural residues, plant residues, methane from landfills, from agricultural operations,
12 or from wastewater treatment, thermal depolymerization or pyrolysis for converting waste material
13 to energy, clean and untreated wood such as pallets, hydropower (not including pumped storage)
14 [that does not require a new diversion or impoundment of water and that has a nameplate rating of
15 ten megawatts or less], fuel cells using hydrogen produced by one of the above-named renewable
16 energy sources, and other sources of energy not including nuclear that become available after
17 November 4, 2008, and are certified as renewable by rule by the department.

18 393.1032. 1. Notwithstanding any other provision of law, all hydroelectric generation
19 facilities located in Missouri, hydroelectric generation facilities that are owned by a Missouri utility,
20 or under a purchased power agreement with a Missouri utility that is required to comply with energy
21 standards under sections 393.1020 to 393.1045, will be classified as a certified renewable energy
22 resource effective January 1, 2018. Beginning January 1, 2021, all hydroelectric generation, will be
23 classified as a certified renewable energy resource. Such certification as a renewable energy
24 resource will become effective immediately upon the occurrence of the delayed effective dates in this
25 section, and will not require any additional certification from the division of energy of the Missouri
26 department of natural resources or an equivalent agency.

27 2. Prior to August 28, 2013, existing hydroelectric generation facilities that have met the
28 definition of a renewable energy resource and have been certified as such by the division of energy
29 of the Missouri department of natural resources or an equivalent agency, shall be considered to be
30 renewable energy resources under sections 393.1020 to 393.1045. "; and

31
32 Further amend said bill by amending the title, enacting clause, and intersectional references
33 accordingly.
