

HB 577 -- Electronic Monitoring Information by Local Law  
Enforcement Agencies

Sponsor: Engler

This bill specifies that when a person who has been granted conditional release from the Department of Corrections upon the determination by a court or jury that he or she is not likely to commit acts of sexual violence if released is being electronically monitored and remains in the county, city, town, or village where the releasing facility is located, the department must provide, upon request, the chief of the local law enforcement agency with access to the information gathered by the global positioning system or other technology used to monitor the person. The information obtained must be closed and cannot be disclosed to any person outside the agency except upon an order of the court supervising the conditional release.
