6

7 "115.960. 1. An election authority is authorized to accept voter registration applications
8 with a signature submitted to the election authority under the provisions of sections 432.200 to
9 432.295 as provided in this section:

10 (1) Sections 432.200 to 432.295 shall only apply to transactions between parties that have
11 agreed to conduct transactions by electronic means;

12 (2) Except as provided in subsection 2 of this section, as used in this section and section
13 432.200, the parties who agree to conduct voter registration transactions by electronic means shall be
14 the local election authority who is required to accept or reject a voter registration application and the
15 prospective voter submitting the application;

16 (3) A local election authority is authorized to develop, maintain, and approve systems that
17 transmit voter registration applications electronically under section 432.200 to 432.295;

18 (4) Except as provided in subsection 2 of this section, no officer, agency, or organization
19 shall collect or submit a voter registration application with an electronic signature to an election
20 authority without first obtaining approval of the data and signature format from the local election
21 authority and the approval of the voter to collect and store the signature and data; and

22 (5) Local election authorities who maintain a voter registration application system shall
23 direct voter registration applicants from other jurisdictions to the system used by the local election
24 authority for that jurisdiction to accept voter registration applications electronically.

25 2. A system maintained by the secretary of state's office shall be used to accept voter
26 registration applications electronically subsequent to approval from the committee formed as set
27 forth in this subsection.

28 (1) Within thirty days of the effective date of this section, the president of the Missouri
29 association of county clerks and election authorities shall appoint fourteen of its members to serve on
30 a committee to approve and develop uniform standards, systems, and modifications that shall be used
31 by the secretary of state in any electronic voter registration application system offered by that office.
32 The committee shall have fourteen local election authorities, including representatives of each
33 classification of counties, a representative from an election board, and at least one member who has
34 experience processing online voter registration transactions. In addition, one representative
35 appointed by the secretary of state's office shall serve on the committee.

36 (2) The committee shall immediately meet to approve electronic signature formats and a

Action Taken _____ Date _____

1 minimum set of data collection standards for use in a voter registration application system
 2 maintained by the secretary of state;

3 (3) Once the format and data collection standards are approved by the committee and
 4 implemented for the system maintained by the secretary of state, local election authorities shall
 5 accept the transmission of voter registration applications submitted to the approved system under the
 6 provisions of section 432.200;

7 (4) The secretary of state's office shall direct eligible voters to a local election authority's
 8 system to accept voter registration applications electronically if the local election authority has a
 9 system in place as of the effective date of this section or implements a system that meets the same
 10 standards and format that has been approved by the committee for the secretary of state's system;

11 (5) The committee shall meet not less than semi-annually through June 30, 2017, to
 12 recommend and approve changes and enhancements proposed by the secretary of state or election
 13 authorities to the electronic voter registration application system. Vacancies that occur on the
 14 committee shall be filled by the president of the Missouri association of county clerks and election
 15 authorities at the time of the vacancy;

16 (6) To improve the accuracy of voter registration application data and reduce costs for local
 17 election authorities, the system maintained by the secretary of state shall, as soon as is practical,
 18 provide a method where the data entered by the voter registration applicant does not have to be
 19 re-entered by the election authority to the state voter registration database.

20 3. Each applicant who registers using an approved electronic voter registration application
 21 system shall be deemed to be registered as of the date the signed application is submitted to the
 22 system, if such application is accepted and not rejected by the election authority and the verification
 23 notice required under section 115.155 is not returned as undeliverable by the postal service.

24 4. This section shall not apply to voter registration and absentee records submitted by voters
 25 authorized under federal law, section 115.291, or sections 115.900 to 115.940 to submit electronic
 26 records and signatures.

27 5. High quality copies, including electronic copies, of signatures made on paper documents
 28 may be used for petition signature verification purposes and retained as records.

29 6. Any signature required for petition submission under chapter 116 shall be handwritten on
 30 a paper document.

31 7. Notwithstanding the provisions of section 432.230, nothing in this section shall require the
 32 election authority to accept voter registration records or signatures created, generated, sent,
 33 communicated, received, stored, or otherwise processed, or used by electronic means or in electronic
 34 form from any officer, agency, or organization not authorized under subsection 2 of this section
 35 without prior approval from the election authority. Except as provided in subsection 2 of this
 36 section, no officer, agency, or organization shall give the voter the opportunity to submit a voter
 37 registration application with an electronic signature without first obtaining the approval of the local
 38 election authority.

39 8. An election authority that agrees to conduct a transaction by electronic means may refuse
 40 to conduct other transactions by electronic means.

41 9. No election authority or the secretary of state shall furnish to any member of the public
 42 any data collected under a voter registration application system except as authorized in subsection 1
 43 of section 115.157.

44 10. Nothing in this section shall be construed to require the secretary of state to cease
 45 operating a voter registration application in place as of the effective date of this act."; and

46
 47 Further amend said bill by amending the title, enacting clause, and intersectional references
 48 accordingly.
