

House \_\_\_\_\_ Amendment NO. \_\_\_\_\_

Offered By \_\_\_\_\_

1 AMEND House Committee Substitute for House Bill No. 1662, Page 3, Section 191.875, Line 80,  
2 by inserting after all of said section and line the following:

3  
4 "208.151. 1. Medical assistance on behalf of needy persons shall be known as "MO  
5 HealthNet". For the purpose of paying MO HealthNet benefits and to comply with Title XIX, Public  
6 Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. Section 301, et seq.) as  
7 amended, the following needy persons shall be eligible to receive MO HealthNet benefits to the  
8 extent and in the manner hereinafter provided, unless otherwise provided in subsection 2 of this  
9 section:

10 (1) All participants receiving state supplemental payments for the aged, blind and disabled;

11 (2) All participants receiving aid to families with dependent children benefits, including all  
12 persons under nineteen years of age who would be classified as dependent children except for the  
13 requirements of subdivision (1) of subsection 1 of section 208.040. Participants eligible under this  
14 subdivision who are participating in drug court, as defined in section 478.001, shall have their  
15 eligibility automatically extended sixty days from the time their dependent child is removed from the  
16 custody of the participant, subject to approval of the Centers for Medicare and Medicaid Services;

17 (3) All participants receiving blind pension benefits;

18 (4) All persons who would be determined to be eligible for old age assistance benefits,  
19 permanent and total disability benefits, or aid to the blind benefits under the eligibility standards in  
20 effect December 31, 1973, or less restrictive standards as established by rule of the family support  
21 division, who are sixty-five years of age or over and are patients in state institutions for mental  
22 diseases or tuberculosis;

23 (5) All persons under the age of twenty-one years who would be eligible for aid to families  
24 with dependent children except for the requirements of subdivision (2) of subsection 1 of section  
25 208.040, and who are residing in an intermediate care facility, or receiving active treatment as  
26 inpatients in psychiatric facilities or programs, as defined in 42 U.S.C. 1396d, as amended;

27 (6) All persons under the age of twenty-one years who would be eligible for aid to families  
28 with dependent children benefits except for the requirement of deprivation of parental support as  
29 provided for in subdivision (2) of subsection 1 of section 208.040;

30 (7) All persons eligible to receive nursing care benefits;

31 (8) All participants receiving family foster home or nonprofit private child-care institution

Action Taken \_\_\_\_\_ Date \_\_\_\_\_

1 care, subsidized adoption benefits and parental school care wherein state funds are used as partial or  
2 full payment for such care;

3 (9) All persons who were participants receiving old age assistance benefits, aid to the  
4 permanently and totally disabled, or aid to the blind benefits on December 31, 1973, and who  
5 continue to meet the eligibility requirements, except income, for these assistance categories, but who  
6 are no longer receiving such benefits because of the implementation of Title XVI of the federal  
7 Social Security Act, as amended;

8 (10) Pregnant women who meet the requirements for aid to families with dependent  
9 children, except for the existence of a dependent child in the home;

10 (11) Pregnant women who meet the requirements for aid to families with dependent  
11 children, except for the existence of a dependent child who is deprived of parental support as  
12 provided for in subdivision (2) of subsection 1 of section 208.040;

13 (12) Pregnant women or infants under one year of age, or both, whose family income does  
14 not exceed an income eligibility standard equal to one hundred eighty-five percent of the federal  
15 poverty level as established and amended by the federal Department of Health and Human Services,  
16 or its successor agency;

17 (13) Children who have attained one year of age but have not attained six years of age who  
18 are eligible for medical assistance under 6401 of P.L. 101-239 (Omnibus Budget Reconciliation Act  
19 of 1989). The family support division shall use an income eligibility standard equal to one hundred  
20 thirty-three percent of the federal poverty level established by the Department of Health and Human  
21 Services, or its successor agency;

22 (14) Children who have attained six years of age but have not attained nineteen years of age.  
23 For children who have attained six years of age but have not attained nineteen years of age, the  
24 family support division shall use an income assessment methodology which provides for eligibility  
25 when family income is equal to or less than equal to one hundred percent of the federal poverty level  
26 established by the Department of Health and Human Services, or its successor agency. As necessary  
27 to provide MO HealthNet coverage under this subdivision, the department of social services may  
28 revise the state MO HealthNet plan to extend coverage under 42 U.S.C. 1396a (a)(10)(A)(i)(III) to  
29 children who have attained six years of age but have not attained nineteen years of age as permitted  
30 by paragraph (2) of subsection (n) of 42 U.S.C. 1396d using a more liberal income assessment  
31 methodology as authorized by paragraph (2) of subsection (r) of 42 U.S.C. 1396a;

32 (15) The family support division shall not establish a resource eligibility standard in  
33 assessing eligibility for persons under subdivision (12), (13) or (14) of this subsection. The MO  
34 HealthNet division shall define the amount and scope of benefits which are available to individuals  
35 eligible under each of the subdivisions (12), (13), and (14) of this subsection, in accordance with the  
36 requirements of federal law and regulations promulgated thereunder;

37 (16) Notwithstanding any other provisions of law to the contrary, ambulatory prenatal care  
38 shall be made available to pregnant women during a period of presumptive eligibility pursuant to 42  
39 U.S.C. Section 1396r-1, as amended;

40 (17) A child born to a woman eligible for and receiving MO HealthNet benefits under this  
41 section on the date of the child's birth shall be deemed to have applied for MO HealthNet benefits

1 and to have been found eligible for such assistance under such plan on the date of such birth and to  
2 remain eligible for such assistance for a period of time determined in accordance with applicable  
3 federal and state law and regulations so long as the child is a member of the woman's household and  
4 either the woman remains eligible for such assistance or for children born on or after January 1,  
5 1991, the woman would remain eligible for such assistance if she were still pregnant. Upon  
6 notification of such child's birth, the family support division shall assign a MO HealthNet eligibility  
7 identification number to the child so that claims may be submitted and paid under such child's  
8 identification number;

9 (18) Pregnant women and children eligible for MO HealthNet benefits pursuant to  
10 subdivision (12), (13) or (14) of this subsection shall not as a condition of eligibility for MO  
11 HealthNet benefits be required to apply for aid to families with dependent children. The family  
12 support division shall utilize an application for eligibility for such persons which eliminates  
13 information requirements other than those necessary to apply for MO HealthNet benefits. The  
14 division shall provide such application forms to applicants whose preliminary income information  
15 indicates that they are ineligible for aid to families with dependent children. Applicants for MO  
16 HealthNet benefits under subdivision (12), (13) or (14) of this subsection shall be informed of the aid  
17 to families with dependent children program and that they are entitled to apply for such benefits.  
18 Any forms utilized by the family support division for assessing eligibility under this chapter shall be  
19 as simple as practicable;

20 (19) Subject to appropriations necessary to recruit and train such staff, the family support  
21 division shall provide one or more full-time, permanent eligibility specialists to process applications  
22 for MO HealthNet benefits at the site of a health care provider, if the health care provider requests  
23 the placement of such eligibility specialists and reimburses the division for the expenses including  
24 but not limited to salaries, benefits, travel, training, telephone, supplies, and equipment of such  
25 eligibility specialists. The division may provide a health care provider with a part-time or temporary  
26 eligibility specialist at the site of a health care provider if the health care provider requests the  
27 placement of such an eligibility specialist and reimburses the division for the expenses, including but  
28 not limited to the salary, benefits, travel, training, telephone, supplies, and equipment, of such an  
29 eligibility specialist. The division may seek to employ such eligibility specialists who are otherwise  
30 qualified for such positions and who are current or former welfare participants. The division may  
31 consider training such current or former welfare participants as eligibility specialists for this  
32 program;

33 (20) Pregnant women who are eligible for, have applied for and have received MO  
34 HealthNet benefits under subdivision (2), (10), (11) or (12) of this subsection shall continue to be  
35 considered eligible for all pregnancy-related and postpartum MO HealthNet benefits provided under  
36 section 208.152 until the end of the sixty-day period beginning on the last day of their pregnancy;

37 (21) Case management services for pregnant women and young children at risk shall be a  
38 covered service. To the greatest extent possible, and in compliance with federal law and regulations,  
39 the department of health and senior services shall provide case management services to pregnant  
40 women by contract or agreement with the department of social services through local health  
41 departments organized under the provisions of chapter 192 or chapter 205 or a city health department

operated under a city charter or a combined city-county health department or other department of health and senior services designees. To the greatest extent possible the department of social services and the department of health and senior services shall mutually coordinate all services for pregnant women and children with the crippled children's program, the prevention of intellectual disability and developmental disability program and the prenatal care program administered by the department of health and senior services. The department of social services shall by regulation establish the methodology for reimbursement for case management services provided by the department of health and senior services. For purposes of this section, the term "case management" shall mean those activities of local public health personnel to identify prospective MO HealthNet-eligible high-risk mothers and enroll them in the state's MO HealthNet program, refer them to local physicians or local health departments who provide prenatal care under physician protocol and who participate in the MO HealthNet program for prenatal care and to ensure that said high-risk mothers receive support from all private and public programs for which they are eligible and shall not include involvement in any MO HealthNet prepaid, case-managed programs;

(22) By January 1, 1988, the department of social services and the department of health and senior services shall study all significant aspects of presumptive eligibility for pregnant women and submit a joint report on the subject, including projected costs and the time needed for implementation, to the general assembly. The department of social services, at the direction of the general assembly, may implement presumptive eligibility by regulation promulgated pursuant to chapter 207;

(23) All participants who would be eligible for aid to families with dependent children benefits except for the requirements of paragraph (d) of subdivision (1) of section 208.150;

(24) (a) All persons who would be determined to be eligible for old age assistance benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. Section 1396a(f), or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005; except that, on or after July 1, 2005, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), may be used to change the income limit if authorized by annual appropriation;

(b) All persons who would be determined to be eligible for aid to the blind benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. Section 1396a(f), or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005, except that less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), shall be used to raise the income limit to one hundred percent of the federal poverty level;

(c) All persons who would be determined to be eligible for permanent and total disability benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. 1396a(f); or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005; except that, on or after July 1, 2005, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), may be used to change the income limit if authorized by annual appropriations. Eligibility standards for permanent and total disability benefits shall not be limited by age;

(25) Persons who have been diagnosed with breast or cervical cancer and who are eligible

for coverage pursuant to 42 U.S.C. 1396a (a)(10)(A)(ii)(XVIII). Such persons shall be eligible during a period of presumptive eligibility in accordance with 42 U.S.C. 1396r-1;

(26) Effective August 28, 2013, persons who are in foster care under the responsibility of the state of Missouri on the date such persons attain the age of eighteen years, or at any time during the thirty-day period preceding their eighteenth birthday, without regard to income or assets, if such persons:

(a) Are under twenty-six years of age;

(b) Are not eligible for coverage under another mandatory coverage group; and

(c) Were covered by Medicaid while they were in foster care.

2. Beginning July 1, 2015, eligibility for MO HealthNet benefits shall be amended as follows:

(1) Persons eligible under subdivision (3) of subsection 1 of this section and section 208.146 with income up to and including one hundred thirty-three percent of the federal poverty level as converted to the MAGI equivalent net income standard shall be eligible for MO HealthNet benefits. Persons eligible under subdivision (3) of subsection 1 of this section with income greater than one hundred thirty-three percent of the federal poverty level as converted to the MAGI equivalent net income standard shall only be eligible for those MO HealthNet benefits they would otherwise be entitled to receive including personal care assistance services as defined in section 208.900 that are not available under a qualified health plan as the term is defined in 42 U.S.C. Section 18021(a)(1);

(2) The changes in eligibility under subdivision (1) of this subsection shall not take place unless and until there are health insurance premium tax credits under Section 36B of the Internal Revenue Code of 1986, as amended, available to persons through the purchase of a health insurance plan in a health care exchange, whether federally facilitated, state based, or operated on a partnership basis. The director of the department of revenue shall certify to the director of the department of social services that health insurance premium tax credits are available, and the director of the department of social services shall notify the revisor of statutes.

3. Rules and regulations to implement this section shall be promulgated in accordance with chapter 536. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

[3.] 4. After December 31, 1973, and before April 1, 1990, any family eligible for assistance pursuant to 42 U.S.C. 601, et seq., as amended, in at least three of the last six months immediately preceding the month in which such family became ineligible for such assistance because of increased income from employment shall, while a member of such family is employed, remain eligible for MO HealthNet benefits for four calendar months following the month in which such family would otherwise be determined to be ineligible for such assistance because of income and resource limitation. After April 1, 1990, any family receiving aid pursuant to 42 U.S.C. 601, et seq., as

1 amended, in at least three of the six months immediately preceding the month in which such family  
 2 becomes ineligible for such aid, because of hours of employment or income from employment of the  
 3 caretaker relative, shall remain eligible for MO HealthNet benefits for six calendar months following  
 4 the month of such ineligibility as long as such family includes a child as provided in 42 U.S.C.

5 1396r-6. Each family which has received such medical assistance during the entire six-month period  
 6 described in this section and which meets reporting requirements and income tests established by the  
 7 division and continues to include a child as provided in 42 U.S.C. 1396r-6 shall receive MO  
 8 HealthNet benefits without fee for an additional six months. The MO HealthNet division may  
 9 provide by rule and as authorized by annual appropriation the scope of MO HealthNet coverage to be  
 10 granted to such families.

11 [4.] 5. When any individual has been determined to be eligible for MO HealthNet benefits,  
 12 such medical assistance will be made available to him or her for care and services furnished in or  
 13 after the third month before the month in which he made application for such assistance if such  
 14 individual was, or upon application would have been, eligible for such assistance at the time such  
 15 care and services were furnished; provided, further, that such medical expenses remain unpaid.

16 [5.] 6. The department of social services may apply to the federal Department of Health and  
 17 Human Services for a MO HealthNet waiver amendment to the Section 1115 demonstration waiver  
 18 or for any additional MO HealthNet waivers necessary not to exceed one million dollars in additional  
 19 costs to the state, unless subject to appropriation or directed by statute, but in no event shall such  
 20 waiver applications or amendments seek to waive the services of a rural health clinic or a federally  
 21 qualified health center as defined in 42 U.S.C. 1396d(l)(1) and (2) or the payment requirements for  
 22 such clinics and centers as provided in 42 U.S.C. 1396a(a)(15) and 1396a(bb) unless such waiver  
 23 application is approved by the oversight committee created in section 208.955. A request for such a  
 24 waiver so submitted shall only become effective by executive order not sooner than ninety days after  
 25 the final adjournment of the session of the general assembly to which it is submitted, unless it is  
 26 disapproved within sixty days of its submission to a regular session by a senate or house resolution  
 27 adopted by a majority vote of the respective elected members thereof, unless the request for such a  
 28 waiver is made subject to appropriation or directed by statute.

29 [6.] 7. Notwithstanding any other provision of law to the contrary, in any given fiscal year,  
 30 any persons made eligible for MO HealthNet benefits under subdivisions (1) to (22) of subsection 1  
 31 of this section shall only be eligible if annual appropriations are made for such eligibility. This  
 32 subsection shall not apply to classes of individuals listed in 42 U.S.C. Section 1396a(a)(10)(A)(i).";  
 33 and

34 8. The department of social services shall notify any potential exchange-eligible participant  
 35 who may be eligible for services due to spenddown that the participant may qualify for more  
 36 cost-effective private insurance and premium tax credits under Section 36B of the Internal Revenue  
 37 Code of 1986, as amended, available through the purchase of a health insurance plan in a health care  
 38 exchange, whether federally facilitated, state based, or operated on a partnership basis and the  
 39 benefits potentially covered under such insurance."; and

40  
 41 Further amend said bill, Page 6, Section 208.166, Line 108, by inserting after all of said section and

line the following:

"208.186. 1. Any person participating in the MO HealthNet program who has pled guilty to or been found guilty of a crime or in a juvenile case admitted to allegations or had allegations found to be true involving alcohol or a controlled substance or any crime in which alcohol or substance abuse was, in the opinion of the court, a contributing factor to the person's commission of the crime shall be required to obtain an assessment by a treatment provider approved by the department of mental health to determine the need for services. Recommendations of the treatment provider may be used by the court in sentencing or rendering of a disposition.

2. Any person participating in the MO HealthNet program who is a parent or guardian of a child subject to proceedings in juvenile court under subsection 1 or 2 of section 211.031, whose misuse of controlled substances or alcohol is found to be a significant, contributing factor to the reason the child was adjudicated shall be required to obtain an assessment by a treatment provider approved by the department of mental health to determine the need for services. Recommendations of the treatment provider shall be included in the child's juvenile court record. The court may order the parent or guardian to successfully complete treatment before the child is reunified with the parent or guardian.

3. The MO HealthNet division shall certify a MO HealthNet participant's enrollment in MO HealthNet if requested by the court under this section. A letter signed by the director of the MO HealthNet division, his or her designee, or the family support division certifying that the individual is a participant in the MO HealthNet program shall be prima facie evidence of such participation and shall be admissible into evidence without further foundation for that purpose. The letter may specify additional information such as anticipated dates of coverage as may be deemed necessary by the department of social services.

208.189. 1. As used in this section, the following terms shall mean:

(1) "Health information exchange" or "HIE", the electronic movement of health-related information among organizations in accordance with nationally recognized standards, with the goal of facilitating access to and retrieval of clinical data to provide safe, timely, efficient, effective, equitable, patient-centered care;

(2) "HIPAA", the federal Health Insurance Portability and Accountability Act.

2. The MO HealthNet division shall contract for a system that shall:

(1) Support an interoperable data analytics platform for analyzing clinical data for defined populations, such as mothers at risk of premature birth, frequent utilizers of emergency departments, and those suffering from chronic pain conditions. The system shall be able to leverage cloud-based technology and be hosted remotely by the vendor of the application services system with interoperability capabilities to connect with disparate systems;

(2) Have the ability to interoperate using accepted industry standards, collect and aggregate data from disparate systems, and include, but not be limited to, clinical data, electronic medical records, claims and eligibility databases, state-managed registries, and health information exchanges;

(3) Provide a member portal to beneficiaries to view and manage their personal health information, wellness plans, and overall health, and a HIPAA-compliant provider portal that allows

1 providers access to patient information;

2 (4) Allow for real-time patient queries and present clinical information to providers for the  
 3 purpose of avoiding duplicate tests and improving care coordination;

4 (5) Have the ability to create condition-specific registries for managing populations and  
 5 provide predictive modeling or alerting functionality which alerts providers of at-risk patients and is  
 6 able to communicate between various systems to provide electronic medical record (EMR) workflow  
 7 integration or similar tools to communicate with a health care provider's workflow; and

8 (6) Operate on a statewide, regional, or community-wide basis.

9 3. All MO HealthNet providers providing services to MO HealthNet recipients shall be  
 10 required to participate in the system described in this section for their MO HealthNet recipient  
 11 patients.

12 208.631. 1. Notwithstanding any other provision of law to the contrary, the MO HealthNet  
 13 division shall establish a program to pay for health care for uninsured children. Coverage pursuant  
 14 to sections 208.631 to 208.659 is subject to appropriation. The provisions of sections 208.631 to  
 15 208.659, health care for uninsured children, shall be void and of no effect if there are no funds of the  
 16 United States appropriated by Congress to be provided to the state on the basis of a state plan  
 17 approved by the federal government under the federal Social Security Act. If funds are appropriated  
 18 by the United States Congress, the department of social services is authorized to manage the state  
 19 children's health insurance program (SCHIP) allotment in order to ensure that the state receives  
 20 maximum federal financial participation. Children in households with incomes up to one hundred  
 21 fifty percent of the federal poverty level may meet all Title XIX program guidelines as required by  
 22 the Centers for Medicare and Medicaid Services. Children in households with incomes of one  
 23 hundred fifty percent to three hundred percent of the federal poverty level shall continue to be  
 24 eligible as they were and receive services as they did on June 30, 2007, unless changed by the  
 25 Missouri general assembly.

26 2. For the purposes of sections 208.631 to 208.659, "children" are persons up to nineteen  
 27 years of age. "Uninsured children" are persons up to nineteen years of age who are emancipated and  
 28 do not have access to affordable employer-subsidized health care insurance or other health care  
 29 coverage or persons whose parent or guardian have not had access to affordable employer-subsidized  
 30 health care insurance or other health care coverage for their children for six months prior to  
 31 application, are residents of the state of Missouri, and have parents or guardians who meet the  
 32 requirements in section 208.636. A child who is eligible for MO HealthNet benefits as authorized in  
 33 section 208.151 is not uninsured for the purposes of sections 208.631 to 208.659.

34 3. Beginning October 1, 2020, a child eligible under sections 208.631 to 208.658 shall only  
 35 remain eligible if, in addition to the other requirements, his or her parents do not have access to  
 36 health insurance coverage for the child through their employment or through a health insurance plan  
 37 in a health care exchange, whether federally facilitated, state based, or operated on a partnership  
 38 basis because the parents are not eligible for a premium subsidy for the child or family through such  
 39 exchange. This subsection shall not go into effect unless and until, for a six-month period preceding  
 40 the additional requirements, there are health insurance premium tax credits available for children and  
 41 family coverage under Section 36B of the Internal Revenue Code of 1986, as amended, available to

persons through the purchase of a health insurance plan in a health care exchange, whether federally facilitated, state based, or operated on a partnership basis and notice has been provided to the revisor of statutes.

4. The department of social services shall inform participants six months prior to coverage being discontinued under subsection 3 of this section as to the possibility of insurance coverage through the purchase of a subsidized health insurance plan available through a health care exchange.

208.640. 1. Parents and guardians of uninsured children with incomes of more than one hundred fifty but less than three hundred percent of the federal poverty level who do not have access to affordable employer-sponsored health care insurance or other affordable health care coverage may obtain coverage for their children under this section. Health insurance plans that do not cover an eligible child's preexisting condition shall not be considered affordable employer-sponsored health care insurance or other affordable health care coverage. For the purposes of sections 208.631 to 208.659, "affordable employer-sponsored health care insurance or other affordable health care coverage" refers to health insurance requiring a monthly premium of:

(1) Three percent of one hundred fifty percent of the federal poverty level for a family of three for families with a gross income of more than one hundred fifty and up to one hundred eighty-five percent of the federal poverty level for a family of three;

(2) Four percent of one hundred eighty-five percent of the federal poverty level for a family of three for a family with a gross income of more than one hundred eighty-five and up to two hundred twenty-five percent of the federal poverty level;

(3) Five percent of two hundred twenty-five percent of the federal poverty level for a family of three for a family with a gross income of more than two hundred twenty-five but less than three hundred percent of the federal poverty level.

The parents and guardians of eligible uninsured children pursuant to this section are responsible for a monthly premium as required by annual state appropriation; provided that the total aggregate cost sharing for a family covered by these sections shall not exceed five percent of such family's income for the years involved. No co-payments or other cost sharing is permitted with respect to benefits for well-baby and well-child care including age-appropriate immunizations. Cost-sharing provisions for their children under sections 208.631 to 208.659 shall not exceed the limits established by 42 U.S.C. Section 1397cc(e). If a child has exceeded the annual coverage limits for all health care services, the child is not considered insured and does not have access to affordable health insurance within the meaning of this section.

2. Beginning October 1, 2020, for the purposes of sections 208.631 to 208.659, "affordable employer-sponsored health care insurance or other affordable health care coverage" refers to health insurance requiring a premium percentage on a sliding scale based on the taxpayer's household income tier as follows:

(1) For individuals with household income up to one hundred thirty-three percent of the federal poverty level the initial premium percentage is two percent and the final premium percentage is two percent;

(2) For individuals with household income from one hundred thirty-three up to one hundred fifty percent of the federal poverty level the initial premium percentage is three percent and the final

1 premium percentage is four percent;

2 (3) For individuals with household income from one hundred fifty up to two hundred percent  
 3 of the federal poverty level the initial premium percentage is four percent and the final premium  
 4 percentage is six and three-tenths percent;

5 (4) For individuals with household income from two hundred up to two hundred fifty  
 6 percent of the federal poverty level the initial premium percentage is six and three-tenths percent and  
 7 the final premium percentage is eight and five hundredths percent;

8 (5) For individuals with household income from two hundred fifty up to three hundred  
 9 percent of the federal poverty level the initial premium percentage is eight and five hundredths  
 10 percent and the final premium percentage is nine and one-half percent;

11 (6) For individuals with household income from three hundred up to four hundred percent of  
 12 the federal poverty level the initial premium percentage is nine and one-half percent and the final  
 13 premium percentage is nine and one-half percent.

14 3. The department of social services shall study the expansion of a presumptive eligibility  
 15 process for children for medical assistance benefits.

16 208.659. 1. The MO HealthNet division shall revise the eligibility requirements for the  
 17 uninsured women's health program, as established in 13 CSR Section 70-4.090, to include women  
 18 who are at least eighteen years of age and with a net family income of at or below one hundred  
 19 eighty-five percent of the federal poverty level. In order to be eligible for such program, the  
 20 applicant shall not have assets in excess of two hundred [and] fifty thousand dollars, nor shall the  
 21 applicant have access to employer-sponsored health insurance. Such change in eligibility  
 22 requirements shall not result in any change in services provided under the program.

23 2. Beginning July 1, 2015, the provisions of subsection 1 of this section shall no longer be in  
 24 effect. Such change in eligibility shall not take place unless and until, for a six-month period  
 25 preceding the discontinuance of benefits under this subsection, there are health insurance premium  
 26 tax credits available for children and family coverage under Section 36B of the Internal Revenue  
 27 Code of 1986, as amended, available to persons through the purchase of a health insurance plan in a  
 28 health care exchange, whether federally facilitated, state based, or operated on a partnership basis  
 29 and notice has been provided to the revisor of statutes.

30 3. The department of social services shall inform participants six months prior to coverage  
 31 being discontinued under subsection 2 of this section as to the possibility of insurance coverage  
 32 through the purchase of a subsidized health insurance plan available through a health care exchange.

33 208.662. 1. There is hereby established within the department of social services the  
 34 "Show-Me Healthy Babies Program" as a separate children's health insurance program (CHIP) for  
 35 any low-income unborn child. The program shall be established under the authority of Title XXI of  
 36 the federal Social Security Act, the State Children's Health Insurance Program, as amended, and 42  
 37 CFR 457.1.

38 2. For an unborn child to be enrolled in the show-me healthy babies program, his or her  
 39 mother shall not be eligible for coverage under Title XIX of the federal Social Security Act, the  
 40 Medicaid program as it is administered by the state, and shall not have access to affordable  
 41 employer-subsidized health care insurance or other affordable health care coverage that includes

1 coverage for the unborn child. In addition, the unborn child shall be in a family with income  
 2 eligibility of no more than three hundred percent of the federal poverty level, or the equivalent  
 3 modified adjusted gross income, unless the income eligibility is set lower by the general assembly  
 4 through appropriations. In calculating family size as it relates to income eligibility, the family shall  
 5 include, in addition to other family members, all unborn children.

6 3. Coverage for an unborn child enrolled in the show-me healthy babies program shall  
 7 include all prenatal care and pregnancy-related services that benefit the health of the unborn child  
 8 and that promote healthy labor, delivery, and birth. Coverage need not include services that are  
 9 solely for the benefit of the pregnant mother, that are unrelated to maintaining or promoting a  
 10 healthy pregnancy, or that provide no benefit to the unborn child. However, the department may  
 11 include pregnancy-related assistance as defined in 42 U.S.C. Section 1397II.

12 4. There shall be no waiting period before an unborn child may be enrolled in the show-me  
 13 healthy babies program. In accordance with the definition of child in 42 CFR 457.10, coverage shall  
 14 include the period from conception to birth. The department shall develop a presumptive eligibility  
 15 procedure for enrolling an unborn child, which shall include verification of the pregnancy.

16 5. Coverage for the child shall continue for up to one year after birth, unless otherwise  
 17 prohibited by law or limited by the general assembly through appropriations.

18 6. Pregnancy-related and postpartum coverage for the mother shall begin on the day the  
 19 pregnancy ends and extend through the last day of the month that includes the sixtieth day after the  
 20 pregnancy ends, unless otherwise prohibited by law or limited by the general assembly through  
 21 appropriations. The department may include pregnancy-related assistance as defined in 42 U.S.C.  
 22 1397II.

23 7. The department may provide coverage for an unborn child enrolled in the show-me  
 24 healthy babies program through:

25 (1) Direct coverage whereby the state pays health care providers directly, by contracting with  
 26 a managed care organization or with a group or individual health insurance provider;

27 (2) A premium assistance program whereby the state assists in payment of the premiums,  
 28 co-payments, coinsurance, or deductibles for a person who is eligible for health coverage through an  
 29 employer, former employer, labor union, credit union, church, spouse, other organization, other  
 30 individual, or through an individual health insurance policy that includes coverage for the unborn  
 31 child when such person needs assistance in paying such premiums, co-payments, coinsurance, or  
 32 deductibles;

33 (3) A combination of direct coverage when the unborn child is first enrolled and premium  
 34 assistance after the child is born; or

35 (4) Any other similar arrangement whereby there:

36 (a) Are lower program costs without sacrificing health care coverage for the unborn child or  
 37 the child up to one year after birth;

38 (b) Are greater covered services for the unborn child or the child up to one year after birth;

39 (c) Is also coverage for siblings or other family members, including the unborn child's  
 40 mother, such as by providing pregnancy-related assistance under 42 U.S.C. 1397II, relating to  
 41 coverage of targeted low-income pregnant women through the children's health insurance program

1 (CHIP); or

2 (d) Will be an ability for the child to transition more easily to non-government or less  
3 government-subsidized group or individual health insurance coverage after the child is no longer  
4 enrolled in the show-me healthy babies program.

5 8. The department shall provide information about the show-me healthy babies program to  
6 maternity homes as defined in section 135.600, pregnancy resource centers as defined in section  
7 135.630, and other similar agencies and programs in the state that assist unborn children and their  
8 mothers. The department shall consider allowing such agencies and programs to assist in the  
9 enrollment of unborn children in the program and in making determinations about presumptive  
10 eligibility and verification of the pregnancy.

11 9. Within sixty days after the effective date of this section, the department shall submit a  
12 state plan amendment or seek any necessary waivers from the federal Department of Health and  
13 Human Services requesting approval for the show-me healthy babies program.

14 10. At least annually, the department shall prepare and submit a report to the governor, the  
15 speaker of the house of representatives, and the president pro tempore of the senate analyzing and  
16 projecting the cost savings and benefits, if any, to the state, counties, local communities, school  
17 districts, law enforcement agencies, correctional centers, health care providers, employers, other  
18 public and private entities, and persons by enrolling unborn children in the show-me healthy babies  
19 program. The analysis and projection of cost savings and benefits, if any, may include, but need not  
20 be limited to:

21 (1) The higher federal matching rate for having an unborn child enrolled in the show-me  
22 healthy babies program versus the lower federal matching rate for a pregnant woman being enrolled  
23 in MO HealthNet or other federal programs;

24 (2) The efficacy in providing services to unborn children through managed care  
25 organizations, group or individual health insurance providers, premium assistance, or through other  
26 nontraditional arrangements of providing health care;

27 (3) The change in the proportion of unborn children who receive care in the first trimester of  
28 pregnancy due to a lack of waiting periods, by allowing presumptive eligibility, or by removal of  
29 other barriers, and any resulting or projected decrease in health problems and other problems for  
30 unborn children and women throughout pregnancy; at labor, delivery, and birth; and during infancy  
31 and childhood;

32 (4) The change in healthy behaviors by pregnant women, such as the cessation of the use of  
33 tobacco, alcohol, illicit drugs, or other harmful practices, and any resulting or projected short-term  
34 and long-term decrease in birth defects; poor motor skills; vision, speech, and hearing problems;  
35 breathing and respiratory problems; feeding and digestive problems; and other physical, mental,  
36 educational, and behavioral problems; and

37 (5) The change in infant and maternal mortality, pre-term births and low birth weight babies,  
38 and any resulting or projected decrease in short-term and long-term medical and other interventions.

39 11. The show-me healthy babies program shall not be deemed an entitlement program, but  
40 instead shall be subject to a federal allotment or other federal appropriations and matching state  
41 appropriations.

12. Nothing in this section shall be construed as obligating the state to continue the show-me healthy babies program if the allotment or payments from the federal government end, are not sufficient for the program to operate, or if the general assembly does not appropriate funds for the program.

13. Nothing in this section shall be construed as expanding MO HealthNet or fulfilling a mandate imposed by the federal government on the state.

208.790. 1. The applicant shall have or intend to have a fixed place of residence in Missouri, with the present intent of maintaining a permanent home in Missouri for the indefinite future. The burden of establishing proof of residence within this state is on the applicant. The requirement also applies to persons residing in long-term care facilities located in the state of Missouri.

2. The department shall promulgate rules outlining standards for documenting proof of residence in Missouri. Documents used to show proof of residence shall include the applicant's name and address in the state of Missouri.

3. Applicant household income limits for eligibility shall be subject to appropriations, but in no event shall applicants have household income that is greater than one hundred eighty-five percent of the federal poverty level for the applicable family size for the applicable year as converted to the MAGI equivalent net income standard.

4. The department shall promulgate rules outlining standards for documenting proof of household income.

208.798. The provisions of sections 208.780 to 208.798 shall terminate on August 28, [2014] 2017."; and

Further amend said bill, Page 8, Section 208.952, Line 52, by inserting after all of said section and line the following:

"208.990. 1. Notwithstanding any other provisions of law to the contrary, to be eligible for MO HealthNet coverage individuals shall meet the eligibility criteria set forth in 42 CFR 435, including but not limited to the requirements that:

(1) The individual is a resident of the state of Missouri;

(2) The individual has a valid Social Security number;

(3) The individual is a citizen of the United States or a qualified alien as described in Section 431 of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, 8 U.S.C. Section 1641, who has provided satisfactory documentary evidence of qualified alien status which has been verified with the Department of Homeland Security under a declaration required by Section 1137(d) of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 that the applicant or beneficiary is an alien in a satisfactory immigration status; and

(4) An individual claiming eligibility as a pregnant woman shall verify pregnancy.

2. Notwithstanding any other provisions of law to the contrary, effective January 1, 2014, the family support division shall conduct an annual redetermination of all MO HealthNet participants' eligibility as provided in 42 CFR 435.916. The department may contract with an administrative service organization to conduct the annual redeterminations if it is cost effective.

1           3. The department, or family support division, shall conduct electronic searches to  
 2     redetermine eligibility on the basis of income, residency, citizenship, identity and other criteria as  
 3     described in 42 CFR 435.916 upon availability of federal, state, and commercially available  
 4     electronic data sources. The department, or family support division, may enter into a contract with a  
 5     vendor to perform the electronic search of eligibility information not disclosed during the application  
 6     process and obtain an applicable case management system. The department shall retain final  
 7     authority over eligibility determinations made during the redetermination process.

8           4. Notwithstanding any other provisions of law to the contrary, applications for MO  
 9     HealthNet benefits shall be submitted in accordance with the requirements of 42 CFR 435.907 and  
 10    other applicable federal law. The individual shall provide all required information and  
 11    documentation necessary to make an eligibility determination, resolve discrepancies found during  
 12    the redetermination process, or for a purpose directly connected to the administration of the medical  
 13    assistance program.

14          5. Notwithstanding any other provisions of law to the contrary, to be eligible for MO  
 15    HealthNet coverage under section 208.991, individuals shall meet the eligibility requirements set  
 16    forth in subsection 1 of this section and all other eligibility criteria set forth in 42 CFR 435 and 457,  
 17    including, but not limited to, the requirements that:

18          (1) The department of social services shall determine the individual's financial eligibility  
 19    based on projected annual household income and family size for the remainder of the current  
 20    calendar year;

21          (2) The department of social services shall determine household income for the purpose of  
 22    determining the modified adjusted gross income by including all available cash support provided by  
 23    the person claiming such individual as a dependent for tax purposes;

24          (3) The department of social services shall determine a pregnant woman's household size by  
 25    counting the pregnant woman plus the number of children she is expected to deliver;

26          (4) CHIP-eligible children shall be uninsured, shall not have access to affordable insurance,  
 27    and their parent shall pay the required premium;

28          (5) An individual claiming eligibility as an uninsured woman shall be uninsured.

29          6. The MO HealthNet program shall not provide MO HealthNet coverage under subsection 4  
 30    of section 208.991 to a parent or other caretaker relative living with a dependent child unless the  
 31    child is receiving benefits as required by a court order, under the MO HealthNet program, the  
 32    Children's Health Insurance Program (CHIP) under 42 CFR Chapter IV, Subchapter D, or otherwise  
 33    is enrolled in minimum essential coverage as defined in 42 CFR 435.4.

34          7. (1) The provisions of subsections 2 and 8 of section 208.151, section 208.186, section  
 35    208.659, section 208.662, subsection 6 of this section, subdivisions (1) and (7) of subsection 1 of  
 36    section 208.991, subsections 3 to 12, 14, and 15 of section 208.991, and sections 208.997, 208.998,  
 37    208.1000, and 208.1001 shall be null and void unless and until:

38          (a) Any necessary waivers or state plan amendments have been granted by the federal  
 39    government to implement the provisions of subsections 6 and 7 of section 208.991 and subsection 11  
 40    of section 208.998;

41          (b) Eligibility of persons set out in subsection 4 of section 208.991 has been approved by the

1 federal Department of Health and Human Services and notice has been provided by the director of  
 2 the department of social services to the revisor of statutes;

3 (c) The federal Department of Health and Human Services grants the required waivers, state  
 4 plan amendments, and enhanced federal funding rate for persons newly eligible under subsection 4  
 5 of section 208.991 whereby the federal government agrees to pay the percentages specified in  
 6 Section 2001 of P.L. 111-148, as that section existed on March 23, 2010; and

7 (d) The federal Department of Health and Human Services grants the enhanced federal  
 8 funding rate whereby the federal government agrees to pay the percentages specified in Section 2001  
 9 of P.L. 111-148, as that section existed on March 23, 2010, for the department to provide coverage  
 10 for persons under subsection 9 of section 208.991.

11 (2) Upon receipt and approval of all necessary waivers and state plan amendments and the  
 12 enhanced federal funding rate, the director of the department of social services shall notify the  
 13 revisor of statutes.

14 (3) If the federal funds at the disposal of the state shall at any time become less than ninety  
 15 percent of the funds necessary to cover the cost of benefits provided to MO HealthNet participants  
 16 eligible for coverage under subsection 4 of section 208.991 or are not appropriated to pay the  
 17 percentages specified in Section 2001 of P.L. 111-148, as that section existed on March 23, 2010, the  
 18 provisions listed in subdivision (1) of this subsection shall be null and void. If the director of the  
 19 department of social services is notified that federal funding will fall below ninety percent of the  
 20 funds necessary to cover the cost of benefits provided to MO HealthNet participants eligible for  
 21 coverage under subsection 4 of section 208.991, participants will be notified as soon as practicable  
 22 that the benefits they receive will terminate on the date that federal funding falls below ninety  
 23 percent.

24 208.991. 1. For purposes of [this section and section 208.990] sections 208.990 to 208.998,  
 25 the following terms mean:

26 (1) "Caretaker relative", a relative of a dependent child by blood, adoption, or marriage with  
 27 whom the child is living, who assumes primary responsibility for the child's care, which may, but is  
 28 not required to, be indicated by claiming the child as a tax dependent for federal income tax  
 29 purposes, and who is one of the following:

30 (a) The child's father, mother, grandfather, grandmother, brother, sister, stepfather,  
 31 stepmother, stepbrother, stepsister, uncle, aunt, first cousin, nephew, or niece; or

32 (b) The spouse of such parent or relative, even after the marriage is terminated by death or  
 33 divorce;

34 (2) "Child" or "children", a person or persons who are under nineteen years of age;

35 [(2)] (3) "CHIP-eligible children", children who meet the eligibility standards for Missouri's  
 36 children's health insurance program as provided in sections 208.631 to 208.658, including paying the  
 37 premiums required under sections 208.631 to 208.658;

38 [(3)] (4) "Department", the Missouri department of social services, or a division or unit  
 39 within the department as designated by the department's director;

40 [(4)] (5) "MAGI", the individual's modified adjusted gross income as defined in Section  
 41 36B(d)(2) of the Internal Revenue Code of 1986, as amended, and:

- 1 (a) Any foreign earned income or housing costs;
- 2 (b) Tax-exempt interest received or accrued by the individual; and
- 3 (c) Tax-exempt Social Security income;
- 4 [(5)] (6) "MAGI equivalent net income standard", an income eligibility threshold based on
- 5 modified adjusted gross income that is not less than the income eligibility levels that were in effect
- 6 prior to the enactment of Public Law 111-148 and Public Law 111-152;
- 7 (7) "Medically frail", individuals:
- 8 (a) Described in 42 CFR 438.50(d)(3);
- 9 (b) With disabling mental disorders;
- 10 (c) With chronic substance use disorders;
- 11 (d) With serious and complex medical conditions;
- 12 (e) With a physical, intellectual, or developmental disability that significantly impairs their
- 13 ability to perform one or more activities of daily living; or
- 14 (f) With a disability determination based on Social Security criteria.
- 15 2. (1) Effective January 1, 2014, notwithstanding any other provision of law to the contrary,
- 16 the following individuals shall be eligible for MO HealthNet coverage as provided in this section:
- 17 (a) Individuals covered by MO HealthNet for families as provided in section 208.145;
- 18 (b) Individuals covered by transitional MO HealthNet as provided in 42 U.S.C. Section
- 19 1396r-6;
- 20 (c) Individuals covered by extended MO HealthNet for families on child support closings as
- 21 provided in 42 U.S.C. Section 1396r-6;
- 22 (d) Pregnant women as provided in subdivisions (10), (11), and (12) of subsection 1 of
- 23 section 208.151;
- 24 (e) Children under one year of age as provided in subdivision (12) of subsection 1 of section
- 25 208.151;
- 26 (f) Children under six years of age as provided in subdivision (13) of subsection 1 of section
- 27 208.151;
- 28 (g) Children under nineteen years of age as provided in subdivision (14) of subsection 1 of
- 29 section 208.151;
- 30 (h) CHIP-eligible children; and
- 31 (i) Uninsured women as provided in section 208.659.
- 32 (2) Effective January 1, 2014, the department shall determine eligibility for individuals
- 33 eligible for MO HealthNet under subdivision (1) of this subsection based on the following income
- 34 eligibility standards, unless and until they are changed:
- 35 (a) For individuals listed in paragraphs (a), (b), and (c) of subdivision (1) of this subsection,
- 36 the department shall apply the July 16, 1996, Aid to Families with Dependent Children (AFDC)
- 37 income standard as converted to the MAGI equivalent net income standard;
- 38 (b) For individuals listed in paragraphs (f) and (g) of subdivision (1) of this subsection, the
- 39 department shall apply one hundred thirty-three percent of the federal poverty level converted to the
- 40 MAGI equivalent net income standard;
- 41 (c) For individuals listed in paragraph (h) of subdivision (1) of this subsection, the

1 department shall convert the income eligibility standard set forth in section 208.633 to the MAGI  
2 equivalent net income standard;

3 (d) For individuals listed in paragraphs (d), (e), and (i) of subdivision (1) of this subsection,  
4 the department shall apply one hundred eighty-five percent of the federal poverty level converted to  
5 the MAGI equivalent net income standard;

6 (3) Individuals eligible for MO HealthNet under subdivision (1) of this subsection shall  
7 receive all applicable benefits under section 208.152.

8 3. The department shall implement an automated process to ensure applicants applying for  
9 benefit programs are eligible for such programs. The automated process shall be designed to  
10 periodically review current beneficiaries to ensure that they remain eligible for benefits they are  
11 receiving. The system shall check applicant and recipient information against multiple sources of  
12 information through an automated process.

13 4. (1) As soon as practicable upon receipt and approval of all necessary waivers and state  
14 plan amendments, but in no event later than one hundred eighty days after receipt and approval of  
15 such waivers and state plan amendments, the director of the department shall notify the revisor of  
16 statutes, and individuals who meet the following qualifications shall be eligible for alternative  
17 benefit plans as set forth in section 208.998, subject to the other requirements of this section:

18 (a) Are nineteen years of age or older and under sixty-five years of age;

19 (b) Are not pregnant;

20 (c) Are not entitled to or enrolled for Medicare benefits under Part A or B of Title XVIII of  
21 the Social Security Act;

22 (d) Are not otherwise eligible for and enrolled in mandatory coverage under the MO  
23 HealthNet program in accordance with 42 CFR 435, Subpart B; and

24 (e) Have household income that is at or below one hundred thirty-three percent of the federal  
25 poverty level for the applicable family size for the applicable year as converted to the MAGI  
26 equivalent net income standard except the household income may be reduced by a dollar amount  
27 equivalent to five percent of the federal poverty level for the applicable family size.

28 (2) The department shall immediately seek any necessary waivers from the federal  
29 Department of Health and Human Services to implement the provisions of this subsection. The  
30 waivers shall:

31 (a) Promote healthy behavior and allow reasonable requirements that patients take  
32 ownership of their health care by seeking early preventive care in appropriate settings, including no  
33 co-payments for preventive care services;

34 (b) Require personal responsibility in the payment of health care by establishing appropriate  
35 co-payments based on family income that shall discourage the use of emergency department visits  
36 for non-emergent health situations and promote responsible use of other health care services;

37 (c) Promote the adoption of healthier personal habits including limiting tobacco use or  
38 behaviors that lead to obesity;

39 (d) Allow recipients to receive an annual cash incentive if federal financial participation is  
40 obtained for such an incentive, or a cash equivalent if not, to promote responsible behavior and  
41 encourage efficient use of health care services;

1 (e) Allow health plans to offer a health savings account option; and

2 (f) Include a request for an enhanced federal funding rate consistent with subsection 14 of  
3 this section for newly eligible participants.

4 (3) If such waivers, state plan amendments, and enhanced federal funding rate are not  
5 granted by the federal government, the provisions of this subsection shall be null and void.

6 5. Except for those individuals who meet the definition of medically frail, individuals  
7 eligible for MO HealthNet benefits under subsection 4 of this section shall receive only an  
8 alternative benefit plan. Notwithstanding the provisions of chapter 536, the MO HealthNet division  
9 shall promulgate regulations to be effective upon implementation of subsection 4 of this section that  
10 provide an alternative benefit plan that complies with the requirements of federal law and is subject  
11 to limitations.

12 6. The department shall require cost sharing to the maximum extent allowed by law  
13 including, but not limited to, cost sharing of no less than one percent of the individual's income as  
14 converted to the MAGI equivalent net income standard if the individual fails to participate in healthy  
15 behaviors as specified by the department. Cost sharing shall not occur during the individual's first  
16 year of participation in MO HealthNet. Any use of an emergency department by an individual for a  
17 non-emergent purpose and that does not result in a hospital admission shall result in cost sharing by  
18 the individual under this subsection. In order to collect the required cost sharing under this  
19 subsection, the department may garnish the individual's state income tax returns through any method  
20 available to the department.

21 7. The department shall apply for a Section 1115 waiver to require workforce participation  
22 of individuals otherwise eligible for MO HealthNet such that eligible individuals who are not elderly,  
23 disabled, under nineteen years of age, pregnant, or medically frail shall provide proof of workforce  
24 participation. Individuals who fail to provide proof of workforce participation shall be deemed  
25 ineligible for the MO HealthNet program.

26 8. The department shall provide premium subsidy and other cost supports for individuals  
27 eligible for MO HealthNet under subsections 2 and 4 of this section to enroll in employer-provided  
28 health plans or other private health plans based on cost-effective principles determined by the  
29 department.

30 9. Upon implementation of subsection 4 of this section, the department shall obtain health  
31 care coverage for persons who have an income between one hundred percent and one hundred  
32 thirty-three percent of the federal poverty level for the applicable family size, for the applicable year  
33 as converted to the MAGI equivalent net income standard, who meet all other requirements of  
34 subsection 4 of this section and have not been determined to be medically frail by the department,  
35 through a health care exchange operating in this state, whether federally facilitated, state based, or  
36 operated on a partnership basis, or an employer. The department shall ensure the participants receive  
37 the minimum services required to ensure federal reimbursement at the percentages specified in  
38 Section 2001 of Public Law 111-148. The department shall require cost sharing to the maximum  
39 extent allowed by law.

40 10. Upon implementation of subsection 4 of this section, all persons who have an income up  
41 to one hundred thirty-three percent of the federal poverty level for the applicable family size, for the

1 applicable year as converted to the MAGI equivalent net income standard, who are eligible for MO  
 2 HealthNet benefits under subsection 4 of this section who meet the definition of medically frail shall  
 3 receive all benefits they are eligible to receive under sections 208.152, 208.900, 208.903, 208.909,  
 4 and 208.930.

5 11. The department shall establish a screening process in conjunction with the department of  
 6 mental health and the department of health and senior services for determining whether an individual  
 7 is medically frail and shall enroll all eligible individuals who meet the definition of medically frail  
 8 and whose care management would benefit from being assigned a health home in the health home  
 9 program or other care coordination as established by the department. Any eligible individual may  
 10 opt out of the health home program.

11 12. For individuals who meet the definition of medically frail, the department shall develop  
 12 an incentive program to promote the adoption of healthier personal habits including limiting tobacco  
 13 use or behaviors that lead to obesity and for those individuals who utilize the health home program in  
 14 subsection 11 of this section.

15 13. The department or appropriate divisions of the department shall promulgate rules to  
 16 implement the provisions of this section. Any rule or portion of a rule, as the term is defined in  
 17 section 536.010, that is created under the authority delegated in this section shall become effective  
 18 only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable,  
 19 section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with  
 20 the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove  
 21 and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and  
 22 any rule proposed or adopted after August 28, 2013, shall be invalid and void.

23 [4.] 14. The department shall submit such state plan amendments and waivers to the Centers  
 24 for Medicare and Medicaid Services of the federal Department of Health and Human Services as the  
 25 department determines are necessary to implement the provisions of this section. The department  
 26 shall request of the federal government an enhanced federal funding rate for persons newly eligible  
 27 under subsection 4 of this section whereby the federal government agrees to pay the percentages  
 28 specified in Section 2001 of P.L. 111-148, as that section existed on March 23, 2010. The provisions  
 29 of subsections 4 to 12 of this section shall not be implemented unless such waivers and enhanced  
 30 federal funding rates are granted by the federal government.

31 15. If at any time the director receives notice that the federal funds at the disposal of the state  
 32 for payments of money benefits to or on behalf of any persons under subsection 4 of this section  
 33 shall at any time become less than ninety percent of the funds necessary to cover the cost of benefits  
 34 provided to MO HealthNet participants eligible for coverage under subsections 4, 5, 8, 9, 10, and 12  
 35 of this section or are not appropriated to pay the percentages specified in Section 2001 of Public Law  
 36 111-148, as that section existed on March 23, 2010, subsections 4 to 12 of this section shall no longer  
 37 be effective for the individuals whose benefits are no longer matchable at the specified percentages.  
 38 The date benefits cease shall be stated in a notice sent to the affected individuals.

39 16. The department may seek and apply for grants to educate MO HealthNet recipients how  
 40 to:

41 (1) Increase their overall health and well-being;

1 (2) Improve health outcomes; and

2 (3) Properly utilize health care providers and services.

3 208.997. 1. The MO HealthNet division shall develop and implement the "Health Care  
4 Homes Program" as a provider-directed care coordination program for MO HealthNet recipients who  
5 are not enrolled in a prepaid MO HealthNet benefits option and who are receiving services on a  
6 fee-for-service basis or are otherwise identified by the department. The health care homes program  
7 shall provide payment to primary care clinics, community mental health centers, and other  
8 appropriate providers for care coordination for individuals who are deemed medically frail. Clinics  
9 shall meet certain criteria including, but not limited to, the following:

10 (1) The capacity to develop care plans;

11 (2) A dedicated care coordinator;

12 (3) An adequate number of clients, evaluation mechanisms, and quality improvement  
13 processes to qualify for reimbursement; and

14 (4) The capability to maintain and use a disease registry.

15 2. For purposes of this section, "primary care clinic" means a medical clinic designated as  
16 the patient's first point of contact for medical care, available twenty-four hours a day, seven days a  
17 week, that provides or arranges the patient's comprehensive health care needs and provides overall  
18 integration, coordination, and continuity over time and referrals for specialty care.

19 3. The department may designate that the health care homes program be administered  
20 through an organization with a statewide primary care presence, experience with Medicaid  
21 population health management, and an established health care homes outcomes monitoring and  
22 improvement system.

23 4. This section shall be implemented in such a way that it does not conflict with federal  
24 requirements for health care home participation by MO HealthNet participants.

25 5. The department or appropriate divisions of the department may promulgate rules to  
26 implement the provisions of this section. Any rule or portion of a rule, as that term is defined in  
27 section 536.010, that is created under the authority delegated in this section shall become effective  
28 only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable,  
29 section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with  
30 the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and  
31 annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any  
32 rule proposed or adopted after August 28, 2014, shall be invalid and void.

33 6. Nothing in this section shall be construed to limit the department's ability to create health  
34 care homes for participants in a managed care plan.

35 208.998. 1. Except for individuals who meet the definition of medically frail, individuals  
36 who qualify for coverage under subsections 2 and 4 of section 208.991 shall receive covered services  
37 through health plans offered by managed care entities which are authorized by the department.  
38 Health plans authorized by the department:

39 (1) Shall resemble commercially available health plans while complying with federal  
40 Medicaid requirements as authorized by federal law or through a federal waiver and may include  
41 risk-bearing accountable care organizations which provide covered services to individuals who

1 qualify for coverage under subsection 4 of section 208.991 and managed care organizations paid on a  
 2 capitated basis which provide covered services to individuals who qualify for coverage under  
 3 subsections 2 and 4 of section 208.991;

4 (2) Shall promote, to the greatest extent possible, the opportunity for children and their  
 5 parents to be covered under the same plan;

6 (3) Shall offer plans statewide;

7 (4) Shall include cost sharing for outpatient services to the maximum extent allowed by  
 8 federal law;

9 (5) May include other co-payments and provide incentives that encourage and reward the  
 10 prudent use of the health benefit provided;

11 (6) Shall encourage access to care through provider rates that include pay-for-performance  
 12 and are comparable to commercial rates. The department of social services shall determine  
 13 pay-for-performance provisions that managed care organizations shall execute and shall provide  
 14 incentives for managed care organizations that perform well;

15 (7) Shall provide incentives, including shared risk and savings, to health plans and providers  
 16 to encourage cost-effective delivery of care;

17 (8) Shall provide incentive programs for participants to encourage healthy behaviors and  
 18 promote the adoption of healthier personal habits including limiting tobacco use or behaviors that  
 19 lead to obesity;

20 (9) May provide multiple plan options and reward participants for choosing a low-cost plan;

21 (10) Shall include the services of community mental health centers; and

22 (11) Shall include the services of health providers as defined in 42 U.S.C. Section  
 23 1396d(l)(1) and (2) and meet the payment requirements for such health providers as provided in 42  
 24 U.S.C. Sections 1396a(a)(15) and 1396a(bb).

25 2. The department may designate that certain health care services be excluded from such  
 26 health plans if it is determined cost effective by the department.

27 3. (1) The department may accept regional proposals as an additional option for  
 28 beneficiaries.

29 (2) The department shall advance the development of systems of care for medically complex  
 30 children who are recipients of MO HealthNet benefits by accepting cost-effective regional proposals  
 31 from and contracting with appropriate pediatric care networks, pediatric centers for excellence, and  
 32 medical homes for children to provide MO HealthNet benefits when the department determines it is  
 33 cost effective to do so.

34 (3) The provisions of subsection 1 of this section shall not apply to this subsection.

35 4. The department shall establish, in collaboration with plans and providers, uniform  
 36 utilization review protocols to be used by all authorized health plans.

37 5. Any managed care organization that enters into a contract with the state to provide  
 38 managed care plans shall be required to fulfill the terms of the contract and provide such plans for at  
 39 least twelve months, or longer if the contract so provides. The state shall not increase the  
 40 reimbursement rate provided to the managed care organization during the contract period above the  
 41 rate included in the contract. If the managed care organization breaches the contract, the state shall

1 be entitled to bring an action against the managed care organization for any remedy allowed by law  
2 or equity and shall also recover any and all damages provided by law including liquidated damages  
3 in an amount determined by the department during the bidding process. Nothing in this subsection  
4 shall be construed to preclude the department or the state of Missouri from terminating the contract  
5 as specified in the terms of the contract including for breach of contract, lack of appropriated funds,  
6 or exercising any remedies for breach as may be provided in the contract.

7 6. (1) Participants enrolling in managed care plans under this section shall have the ability to  
8 choose their plan. In the enrollment process participants shall be provided a list of all plans available  
9 ranked by the relative actuarial value of each plan. Each participant shall be informed in the  
10 enrollment process that he or she will be eligible to receive a portion of the amount saved by  
11 Missouri taxpayers if he or she chooses a lower cost plan offered in his or her region. The portion  
12 received by a participant shall be determined by the department according to the department's best  
13 judgment as to the portion which will bring the maximum savings to Missouri taxpayers.

14 (2) If a participant fails or refuses to choose a plan as set forth in subdivision (1) of this  
15 subsection, the department shall determine rules for auto-assignment, which shall include incentives  
16 for low-cost bids and improved health outcomes as determined by the department. Auto-enrolled  
17 participants shall be assigned to the highest performing managed care organization.

18 7. This section shall not be construed to require the department to terminate any existing  
19 managed care contract or to extend any managed care contract.

20 8. All MO HealthNet plans under this section shall provide coverage for the following  
21 services unless they are specifically excluded under subsection 2 of this section:

22 (1) Ambulatory patient services;

23 (2) Emergency services;

24 (3) Hospitalization;

25 (4) Maternity and newborn care;

26 (5) Mental health and substance abuse treatment, including behavioral health treatment;

27 (6) Prescription drugs;

28 (7) Rehabilitative and habilitative services and devices;

29 (8) Laboratory services;

30 (9) Preventive and wellness care, and chronic disease management;

31 (10) Pediatric services, including oral and vision care; and

32 (11) Any other services required by federal law.

33 9. No MO HealthNet plan or program shall provide coverage for an abortion unless a  
34 physician certifies in writing to the MO HealthNet agency that, in the physician's professional  
35 judgment, the life of the mother would be endangered if the fetus were carried to term.

36 10. The MO HealthNet program shall require managed care plans under this section to  
37 provide a high deductible health plan option for uninsured adults nineteen years of age or older and  
38 under sixty-five years of age with incomes of less than one hundred percent of the federal poverty  
39 level as converted to the MAGI equivalent net income standard who are enrolled in managed care  
40 plans under this section. The high deductible health plan shall include:

41 (1) A minimum deductible of one thousand dollars and upon meeting the deductible,

1 coverage for benefits as specified by rule of the department;

2 (2) An account, funded by the department, of at least one thousand dollars per adult to pay  
3 medical costs for the initial deductible in the form of a prepaid card;

4 (3) Preventive care, as defined by the department by rule, that is not subject to the deductible  
5 and does not require a payment of moneys from the account described in subdivision (2) of this  
6 subsection;

7 (4) A basic benefits package if annual medical costs exceed one thousand dollars;

8 (5) Primary care provider visits, as defined by the department by rule, that are not subject to  
9 the deductible and do not require a payment of moneys from the account described in subdivision (2)  
10 of this subsection;

11 (6) As soon as practicable, the establishment and maintenance of a record-keeping system  
12 for each health care visit or service received by recipients under this subsection. The plan shall  
13 require that the recipient's prepaid card number be entered or electronic strip be swiped by the health  
14 care provider for purposes of maintaining a record of every health care visit or service received by  
15 the recipient from such provider, regardless of any balance on the recipient's card. Such information  
16 shall include only the date, provider name, and general description of the visit or service provided.  
17 The plan shall maintain a complete history of all health care visits and services for which the  
18 recipient's prepaid card is entered or swiped in accordance with this subdivision. If required under  
19 the federal Health Insurance Portability and Accountability Act (HIPAA) or other relevant state or  
20 federal law or regulation, a recipient shall, as a condition of participation in the prepaid card  
21 incentive, be required to provide a written waiver for disclosure of any information required under  
22 this subdivision;

23 (7) The determination of a proportion of the amount left in a participant's account described  
24 in subdivision (2) of this subsection at the end of the plan year, which shall be paid to the participant  
25 for saving taxpayer money. The amount and method of payment shall be determined by the  
26 department; and

27 (8) The determination of a proportion of a participant's account described in subdivision (2)  
28 of this subsection which shall be used to subsidize premiums to facilitate a participant's transition  
29 from health coverage under MO HealthNet to private health insurance based on cost-effective  
30 principles determined by the department.

31 11. The department shall require managed care plans under this section to offer an incentive  
32 program in which all MO HealthNet participants with chronic conditions, as specified by the  
33 department, who are enrolled in managed care plans under this section shall enroll. Participants who  
34 obtain specified primary care and preventive services and who participate or refrain from  
35 participation in specified activities to improve the overall health of the recipient shall be eligible to  
36 receive an annual cash payment if federal financial participation is obtained for such a payment, or a  
37 cash equivalent if not, for successful completion of the program. The department shall establish, by  
38 rule, the specific primary care and preventive services, activities to be included in the incentive  
39 program, and the amount of any annual payments to recipients.

40 12. A MO HealthNet recipient shall be eligible for participation in only one of either the  
41 high deductible health plan under subsection 11 of this section or the incentive program under

1 subsection 12 of this section.

2 13. No cash payments, incentives, or credits paid to or on behalf of a MO HealthNet  
 3 participant under a program established by the department under this section shall be deemed to be  
 4 income to the participant in any means-tested benefit program unless otherwise specifically required  
 5 by law or rule of the department.

6 14. Managed care entities shall inform participants who choose the high deductible health  
 7 plan under subsection 11 of this section that the participant may lose his or her incentive payment  
 8 under subdivision (7) of subsection 11 of this section if the participant utilizes visits to the  
 9 emergency department for non-emergent purposes. Such information shall be included on every  
 10 electronic and paper correspondence between the managed care plan and the participant.

11 15. The department shall seek all necessary waivers and state plan amendments from the  
 12 federal Department of Health and Human Services necessary to implement the provisions of this  
 13 section. The provisions of this section shall not be implemented unless such waivers and state plan  
 14 amendments are approved. If this section is approved in part by the federal government, the  
 15 department is authorized to proceed on those sections for which approval has been granted; except  
 16 that, any increase in eligibility shall be contingent upon the receipt of all necessary waivers and state  
 17 plan amendments. The provisions of this section shall not be implemented until eligibility of persons  
 18 set out in subsection 4 of section 208.991 has been approved by the federal Department of Health  
 19 and Human Services and has been implemented by the department. However, nothing shall prevent  
 20 the department from expanding managed care for populations under other granted authority.

21 16. The department may promulgate rules to implement the provisions of this section. Any  
 22 rule or portion of a rule, as the term is defined in section 536.010, that is created under the authority  
 23 delegated in this section shall become effective only if it complies with and is subject to all of the  
 24 provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are  
 25 nonseverable and if any of the powers vested with the general assembly under chapter 536 to review,  
 26 to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional,  
 27 then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall  
 28 be invalid and void."; and

29  
 30 Further amend said bill, Page 11, Section 208.999, Line 115, by inserting after all of said section and  
 31 line the following:

32  
 33 "208.1000. Subject to appropriations, the department of social services shall develop  
 34 incentive programs to encourage the construction and operation of urgent care clinics which operate  
 35 outside normal business hours and are in or adjoining emergency department facilities which receive  
 36 a high proportion of patients who are participating in MO HealthNet to the extent that the incentives  
 37 are eligible for federal matching funds.

38 208.1001. 1. Notwithstanding any other provision of law to the contrary, beginning July 1,  
 39 2015, any MO HealthNet recipient who elects to receive medical coverage through a private health  
 40 insurance plan instead of through the MO HealthNet program shall be eligible for a private insurance  
 41 premium subsidy to assist the recipient in paying the costs of such private insurance if it is

1 determined to be cost effective by the department of social services. The subsidy shall be provided  
2 on a sliding scale based on income with a graduated reduction in subsidy over a period of time not to  
3 exceed two years.

4 2. Nothing in this section shall be construed as being part of a MO HealthNet program, plan,  
5 or benefit, and this section shall specifically not apply to or impact premium subsidies or other cost  
6 supports enrolling MO HealthNet participants in employer-provided health plans, other private  
7 health plans, or plans purchased through a health care exchange under subsection 9 of section  
8 208.991.

9 3. The department may promulgate rules to implement the provisions of this section. Any  
10 rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority  
11 delegated in this section shall become effective only if it complies with and is subject to all of the  
12 provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are  
13 nonseverable and if any of the powers vested with the general assembly under chapter 536 to review,  
14 to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional,  
15 then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall  
16 be invalid and void.

17 208.1002. 1. The department of social services shall develop regional care coordination  
18 models among networks of health care providers to meet the needs of and reduce the costs incurred  
19 by MO HealthNet beneficiaries who frequently or inefficiently utilize emergency department  
20 services. The objectives of such models shall include, but not be limited to:

21 (1) Reducing emergency department utilization;

22 (2) Reducing unnecessary utilization of diagnostic services, pharmacy costs, inpatient  
23 encounters, and admissions;

24 (3) Increasing quality and coordination of care through leveraging community resources and  
25 care management;

26 (4) Improving the patient experience and quality of care; and

27 (5) Achieving net savings of ten to thirteen percent over a three-year period for MO  
28 HealthNet participants.

29 2. The regional care coordination models shall require the development of an algorithm that  
30 uses analytical approaches to identify prospective participants who have a history of presenting in an  
31 emergency department for care on at least ten occasions over a twelve-month period. Prospective  
32 participants also shall be screened based on claims and other available data to predict the likely value  
33 of intense care coordination to reduce costs and improve care. The regional care coordination  
34 models shall incorporate the following strategies:

35 (1) Utilization of a multi-disciplinary, team-based approach that adapts health care and  
36 community resources to the participant's individual needs;

37 (2) Utilization of resources and sharing of information among the care management team to  
38 develop a comprehensive care management program based on social, clinical, and behavioral  
39 assessments. The care management team shall include medical direction from a physician supported  
40 by additional health care professionals and community resources as necessary; and

41 (3) Creation of a sustainable program in coordination with the regional networks of health

1 care providers whereby the department measures and tracks baseline expenditures on a per-member,  
2 per-month basis for the target population. The department shall develop a shared savings funding  
3 model that may be adapted to a wider array of health payment models.

4 3. The department also shall develop additional innovative programs that seek to address the  
5 cost and quality of care for individuals who disproportionately utilize emergency departments for  
6 care. Health care providers participating in the regional care coordination models shall be  
7 encouraged to include uninsured individuals who frequently utilize the emergency department for  
8 care in this program to the greatest extent possible."; and

9  
10 Further amend said bill by amending the title, enacting clause, and intersectional references  
11 accordingly.  
12  
13  
14  
15  
16
