"386.715. 1. The public counsel shall, prior to the beginning of each fiscal year, make available to the commission an estimate of the expenses to be incurred by the public counsel during such fiscal year, reasonably attributable to his or her responsibilities under sections 386.700 and 386.710 and shall also separately estimate the amount of such expenses directly attributable to such responsibilities with respect to each of the following groups of public utilities: electrical corporations, gas corporations, water corporations, heating companies, telephone corporations, telegraph corporations, sewer corporations, and any other public utility as defined in section 386.020, as well as the amount of such expenses not directly attributable to any such group.

2. The public counsel shall allocate to each such group of public utilities the estimated expenses directly attributable to his or her responsibilities under sections 386.700 and 386.710 with respect to such group and an amount equal to such proportion of the estimated expenses not directly attributable to any group as the gross intrastate operating revenues of such group during the three preceding calendar years bears to the total gross intrastate operating revenues of all public utilities subject to the jurisdiction of the commission during such calendar years. The commission shall then assess, on behalf of the public counsel, the amount so allocated to each group of public utilities, subject to reduction as provided in this section, to the public utilities in such group in proportion to its respective gross intrastate operating revenues during the preceding calendar year. The amount assessed shall not exceed one-eighth of one percent. Nothing in this section shall authorize the commission to determine how the public counsel allocates the estimated expenses directly attributable to his or her responsibilities under sections 386.700 and 386.710 or how the assessment imposed under this section is spent by the public counsel.

3. On behalf of the public counsel, the commission shall render a statement of such assessment to each such public utility on or before July first and the amount so assessed to each such public utility shall be paid by it to the director of revenue in full on or before July fifteenth next following the rendition of such statement, except that any such public utility may at its election pay such assessment in four equal installments not later than the following dates next following the rendition of such statement, to wit: July fifteenth, October fifteenth, January fifteenth, and April fifteenth. The director of revenue shall remit such payments to the state treasurer.

4. The state treasurer shall credit such payments to a special fund, which is hereby created, to be known as "The Public Counsel Fund", which fund, or its successor fund created under section 33.571, shall be devoted solely to the payment of expenditures actually incurred by the public
