## FISCAL ANALYSIS

### ASSUMPTION

Officials at the **Missouri Ethics Commission**, the **Office of the Governor**, the **Office of the Lt. Governor**, the **Office of the State Auditor** and the **Office of State Treasurer** each assume there is no fiscal impact to their respective organizations from this proposal.

Officials at the **Office of Attorney General** assume that any potential costs arising from this proposal can be absorbed with existing resources.

Officials from the **Office of the Secretary of State (SOS)** state many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

**Oversight** assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.
