FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Public Safety - Office of the Director**, and **Missouri Highway Patrol** each assume the proposal would not fiscally impact their respective agencies.

Officials from the **Department of Social Services** state their State Technical Assistance Team (STAT) is a recipient of a grant under the Cyber Crime Investigative Fund Grant Program, for which in FY 2014, we received \$76,420.28, which is used to train employees in advanced high technology forensic investigative techniques, as well as purchase software, equipment and supplies for conducting high tech children's events investigations. Loss of this grant funding would have a negative impact in the above listed areas, which could also be reflected in the ability to protect Missouri children from high tech predators. As the grant funds are above and beyond STAT's budget, there is no fiscal impact.

Officials from the **Columbia Police Department** assume the proposal would not fiscally impact their agency.

In response to a similar bill from 2013 (HB 299), officials from the **Springfield Police Department** stated the proposal would result in savings of roughly \$39,000 to their agency for proceeds spent on overtime, training, license renewals, covert internet service and internet aircard.

In response to a similar proposal from 2012 (HB 1750), officials from the **Boone County Sheriff's Office** stated they currently receive funding for two detectives, equipment, training and overtime for their Cyber Crimes Unit. 2011's grant provided \$173,300. 2012's grant totals \$153,305 in funding. With these grants, the Sheriff's Office does not then have to come from the department's general budget. It is not known whether Boone County would be able to cover the loss of these funds to continue to employ two of the Cyber Crimes Unit detectives and/or keep the unit operational.

Oversight completed a sunset review of the program in 2011. Below is information Oversight compiled during that sunset review:

Beginning with fiscal year 2010 and each subsequent year, the General Assembly was to appropriate three million dollars to the Cyber Crime Investigation Fund to fund the program; however, this appropriation is removed in this bill. The Department of Public Safety administers the fund.

ASSUMPTION (continued)

State funding of the Internet Cyber Crime Grant (ICCG) program began in Fiscal Year 2007 and lasted for three years. The program was funded through the state's General Revenue Fund and expenditures in the program for those three years were:

1. \$ 184,558 in FY 2007 (2007 ICCG);
2. \$1,025,285 in FY 2008 (2008 ICCG); and
3. \$1,357,748 in FY 2009 (2009 ICCG).

In 2009, the American Recovery and Reinvestment Act (ARRA), commonly known as the federal stimulus program, was signed into law which provided additional funding to the Edward Byrne Memorial Justice Assistance Grant (JAG) for state and local law enforcement agencies. In 2010, DPS stopped funding the ICCG program and started a very similar program funded with federal stimulus funds and named the new program the Multi-Jurisdictional Cyber Crime Grant Program (MJCCG) to distinguish it from the ICCG. For the past five years, all Missouri cyber crime grants have been awarded under the MJCCG program. Federal funding of the MJCCG began in State Fiscal Year 2010 and lasted into FY 2014. Expenditures/awards in the program for those years are:

4. \$1,407,009 of expenditures in FY 2010 (2009 MJCCG);
5. \$1,419,768 of awards in FY 2011 (2010 MJCCG); and
6. \$1,516,699 of awards in FY 2012 (2011 MJCCG).

Program Year	Program	Contract Period	Grantees	Award	Funding Source
2007	ICCG	7/1/06 - 6/30/07	11	\$242,388	General Revenue
2008	ICCG	7/1/07 - 5/31/08	15	\$1,208,527	General Revenue
2009	ICCG	6/1/08 - 5/31/09	15	\$1,455,398	General Revenue
2009	MJCCG	6/1/09 - 6/30/10	13	\$1,499,597	ARRA
2010	MJCCG	7/1/10 - 6/30/11	14	\$1,419,768	ARRA
2011	MJCCG	7/1/11 - 6/30/12	14	\$1,516,699	ARRA

ASSUMPTION (continued)

This table shows the various task forces throughout the state that received funding in a recent fiscal year (FY 2011) through the federal program (MJCCG).

11	Springfield, Cyber Crime Task Force	2012 Internet Cyber Crime Initiative	\$237,582	\$73,748
12	St Charles County, Cyber Task Force	St. Charles County Internet Crimes Against Children	\$191,584	\$190,864
13	St. Louis County, Cyber Task Force	2011 MJCCG - Special Investigations Personnel Upgrade	\$181,622	\$63,746
14	Stone County, Tri-Lakes Cyber Task Force	Tri-Lakes Regional Internet Crimes Task Force	\$93,490	\$70,646
	Total Funding		\$2,160,318	\$1,516,698

ASSUMPTION (continued)

Oversight assumes the federal stimulus funding for this program is exhausted. Therefore, Oversight will assume an annual cost to the General Revenue Fund to continue this program in FY 2015 and beyond. The Department of Public Safety is allowed to retain up to three percent of the funding for administrative expenses.

This proposal removes the sunset provision and extends the expiration date to 2024. It also removes the \$3 million appropriation from the section. Therefore, Oversight will assume an annual appropriation of roughly \$1.4 million (average of Fiscal Years 2008 - 2011) will be used to fund this program.

Two state agencies (Missouri Highway Patrol and the Department of Social Services) have previously received funding through this program. Therefore, Oversight will show potentially not all of the appropriation being distributed to local political subdivisions (some of the money could be granted to state agencies that work in this field and Department of Public Safety - Director's Office could retain a percentage for administrative expenses).

Officials from the Buchanan County Sheriff's Department and the St. Louis County Department of Justice did not respond to our request for fiscal impact.

FISCAL DESCRIPTION

The provisions regarding Internet cyber crime law enforcement task forces and the Cyber Crime Investigation Fund expired on June 5, 2012. This bill extends these provisions to August 28, 2024 and removes appropriations for the fund.

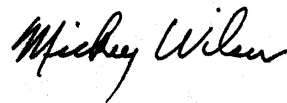

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
