## **FISCAL ANALYSIS**

### **ASSUMPTION**

Officials from the **Office of the State Courts Administrator (CTS)** state the proposal adds certain chemical compounds to the list of synthetic cannabinoids in Section 195.017. There may be some, unquantifiable at this time, impact, but there is no way to quantify that currently. Any significant changes will be reflected in future budget requests.

For the purpose of this proposed legislation, officials at the **Office of State Public Defender (SPD)** cannot assume that existing staff will provide effective representation for any new cases arising where indigent persons are charged with the proposed new crimes created by adding certain chemical compounds to the list of controlled substances.

While the number of new cases (or cases with increased penalties) may be too few or uncertain to request additional funding for this specific bill, the SPD will continue to request sufficient appropriations to provide effective representation in all cases.

**Oversight** assumes the SPD can absorb the additional caseload that may result from this proposal.

Officials from the **Department of Corrections (DOC)** state penalty provisions for violations, the component of the bill to have potential fiscal impact for DOC, is for a class A misdemeanor. Currently, the DOC cannot predict the number of new commitments which may result from the creation of the offense(s) outlined in this proposal. An increase in commitments depends on the utilization by prosecutors and the actual sentences imposed by the court.

If additional persons are sentenced to the custody of the DOC due to the provisions of this legislation, the DOC will incur a corresponding increase in operational cost through supervision provided by the Board of Probation and Parole (FY13 average of \$5.07 per offender, per day, or an annual cost of \$1,851 per offender).

In summary, supervision by the DOC through probation would result in some additional costs, but it is assumed the impact would be \$0 or a minimal amount that could be absorbed within existing resources.

Officials from the **Department of Public Safety - Missouri Highway Patrol, Department of Health and Senior Services** each assume the proposal would not fiscally impact their respective agencies.

ASSUMPTION (continued)

Officials from the Office of Prosecution Services did not respond to our request for fiscal impact.
