## **FISCAL ANALYSIS**

### **ASSUMPTION**

Officials from the **Office of the Secretary of State (SOS)** assume many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the Secretary of State's Office for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, we also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what our office can sustain with our core budget. Therefore, we reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

**Oversight** assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.

Officials from the **Department of Revenue (DOR)** state this legislation provides the Department with the option to collect the applicant's unique identification number for applications received under Chapters 301, 306, and 700. The unique identification number shall be treated as personal, non-public information.

The following procedures will need to be implemented for the changes in this proposal:

- Procedures will need to be revised by a Management Analyst Specialist I requiring 40 hours at a cost of \$840 in FY '15.
- The Department's website will need to be updated. This will require 10 hours for an Administrative Analyst III, at a cost of \$230 in FY '15.

There is already a place on the Department's application and Titling and Registration Intranet Processing System (TRIPS) for the unique identification number.

In summary, DOR assumes a cost of \$1,070 (\$840 + \$230) in FY 2015 to provide for the implementation of the changes in this proposal.

ASSUMPTION (continued)

**Oversight** assumes DOR is provided with core funding to handle a certain amount of activity each year. Oversight assumes DOR could absorb the costs related to this proposal. If multiple bills pass which require additional staffing and duties at substantial costs, DOR could request funding through the appropriation process.
