## FISCAL ANALYSIS

### ASSUMPTION

Officials from the **Department of Public Safety - Missouri Highway Patrol, Office of the State Courts Administrator, Office of the Governor, and Office of the State Public Defender** each assume the proposal would not fiscally impact their respective agencies.

Officials from the **Office of Prosecution Services** assume the proposal would not result in measurable fiscal impact on their office. The creation of a new crime creates additional responsibilities for county prosecutors which may, in turn, result in additional costs which are difficult to determine.

Officials from **Department of Corrections (DOC)** state penalty provisions for violations, the component of the bill to have potential fiscal impact for DOC, is for a class A misdemeanor. Currently, the DOC cannot predict the number of new commitments which may result from the creation of the offense(s) outlined in this proposal. An increase in commitments depends on the utilization by prosecutors and the actual sentences imposed by the court.

If additional persons are sentenced to the custody of the DOC due to the provisions of this legislation, the DOC will incur a corresponding increase in operational cost through supervision provided by the Board of Probation and Parole (FY13 average of \$5.07 per offender, per day, or an annual cost of \$1,851 per offender).

In summary, supervision by the DOC through probation would result in some additional costs, but it is assumed the impact would be \$0 or a minimal amount that could be absorbed within existing resources.

Officials from the Attorney General's Office did not respond to our request for fiscal impact.
