## FISCAL ANALYSIS

### ASSUMPTION

Officials at the **Office of Administration's Division of Budget and Planning (BAP)** assume this proposal would not fiscally impact BAP. This proposal prohibits the Department of Economic Development from issuing tax credits for the BUILD Program, New and Expanding Business Facility Program and the MO Works Program to businesses relocating from a Kansas border county to a Missouri border county, if the state of Kansas enacts similar prohibitions. If Kansas does not enact similar prohibitions, then DED will continue to issue tax credits to qualifying businesses in bordering counties. To the extent MO does or does not issue tax credits for these programs, General and Total State Revenues could be impacted.

In response to similar legislation filed this year, SB635, officials at the **Department of Economic Development** assumed no fiscal impact from this proposal.

Officials at the **City of Kansas City** assume they are unable to determine a fiscal impact from this proposal. It is hard to determine if growth is presumed to exist through the retention of existing jobs that might otherwise relocate to Kansas. The amount is dependent on the number of projects and therefore is unknown.

Officials at Cass County, Clay County, Jackson County and Platte County did not respond to **Oversight's** request for fiscal impact.

**Oversight** assumes this proposal requires action by the Kansas Legislature before it would go into effect. If the Kansas Legislature chooses not to act, this proposal would have no fiscal impact. If the Kansas Legislature chooses to adopt a similar proposal then a business would need to relocate in order for there to be a potential fiscal impact. Relocation of a business would be an indirect impact of the proposal and therefore, Oversight assumes this proposal would not have a fiscal impact.
