## **FISCAL ANALYSIS**

### **ASSUMPTION**

Officials from the **Department of Public Safety (Missouri Highway Patrol, Alcohol and Tobacco Control, Division of Fire Safety, and Capitol Police), Office of Prosecution Services, and the Office of the State Courts Administrator** each assume the proposal would not fiscally impact their respective agencies.

For the purpose of this proposed legislation, officials at the **Office of State Public Defender (SPD)** cannot assume that existing staff will provide effective representation for any new cases arising where indigent persons faced with the enhanced crime of removing a firearm, deadly weapon or any other equipment that an officer is required to carry as part of his or her official uniform or use in his or her official duties. These offenses are a defined Class C felony.

While the number of new cases (or cases with increased penalties) may be too few or uncertain to request additional funding for this specific bill, the SPD will continue to request sufficient appropriations to provide effective representation in all cases where the right to counsel attaches.

**Oversight** assumes the SPD can absorb the additional caseload that may result from this proposal.

Officials from the **Department of Corrections (DOC)** state the penalty provision component of this bill resulting in potential fiscal impact for DOC, is for a class C felony. Currently, the DOC cannot predict the number of new commitments which may result from the expansion of the crime criteria of the offense(s) outlined in this proposal. An increase in commitments depends on the utilization by prosecutors and the actual sentences imposed by the court.

If additional persons are sentenced to the custody of the DOC due to the provisions of this legislation, the DOC will incur a corresponding increase in direct offender cost either through incarceration (FY13 average of \$18.014 per offender, per day, or an annual cost of \$6,575 per inmate) or through supervision provided by the Board of Probation and Parole (FY13 average of \$5.07 per offender, per day or an annual cost of \$1,851 per offender).

In summary, supervision by the DOC through probation or incarceration would result in additional unknown costs to the department. Sixteen (16) persons would have to be incarcerated per each fiscal year to exceed \$100,000 annually. Due to the narrow scope of this enhanced crime, it is assumed the impact would be less than \$100,000 per year for the DOC.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

Currently, a person commits the crime of disarming a peace officer or correctional officer if he or she removes a firearm or other deadly weapon from an officer acting within the scope of his or her official duties.

This bill includes a less lethal weapon, to include blunt impact, chemical or conducted energy device used in the performance of his or her official duties.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
