

SECOND REGULAR SESSION

HOUSE BILL NO. 1663

97TH GENERAL ASSEMBLY

INTRODUCED BY REPRESENTATIVE HAAHR.

5625H.011

D. ADAM CRUMBLISS, Chief Clerk

AN ACT

To repeal section 287.120, RSMo, and to enact in lieu thereof one new section relating to workers' compensation.

Be it enacted by the General Assembly of the state of Missouri, as follows:

Section A. Section 287.120, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 287.120, to read as follows:

287.120. 1. Every employer subject to the provisions of this chapter shall be liable, irrespective of negligence, to furnish compensation under the provisions of this chapter for personal injury or death of the employee by accident or occupational disease arising out of and in the course of the employee's employment. Any employee of such employer shall not be liable for any injury or death for which compensation is recoverable under this chapter and every employer and employees of such employer shall be released from all other liability whatsoever, whether to the employee or any other person, except that an employee shall not be released from liability for injury or death if the employee engaged in an affirmative negligent act that purposefully and dangerously caused or increased the risk of injury. The term "accident" as used in this section shall include, but not be limited to, injury or death of the employee caused by the unprovoked violence or assault against the employee by any person.

2. The rights and remedies herein granted to an employee shall exclude all other rights and remedies of the employee, his wife, her husband, parents, personal representatives, dependents, heirs or next kin, at common law or otherwise, on account of such injury or death by accident or occupational disease, except such rights and remedies as are not provided for by this chapter.

EXPLANATION — Matter enclosed in bold-faced brackets [thus] in the above bill is not enacted and is intended to be omitted from the law. Matter in **bold-face** type in the above bill is proposed language.

17 3. No compensation shall be allowed under this chapter for the injury or death due to the
18 employee's intentional self-inflicted injury, but the burden of proof of intentional self-inflicted
19 injury shall be on the employer or the person contesting the claim for allowance.

20 4. Where the injury is caused by the failure of the employer to comply with any statute
21 in this state or any lawful order of the division or the commission, the compensation and death
22 benefit provided for under this chapter shall be increased [~~fifteen~~] **twenty-five** percent.

23 5. Where the injury is caused by the failure of the employee to use safety devices where
24 provided by the employer, or from the employee's failure to obey any reasonable rule adopted
25 by the employer for the safety of employees, the compensation and death benefit provided for
26 herein shall be reduced [at least twenty-five but not more than fifty] **twenty-five** percent;
27 provided, that it is shown that the employee had actual knowledge of the rule so adopted by the
28 employer; and provided, further, that the employer had, prior to the injury, made a reasonable
29 effort to cause his or her employees to use the safety device or devices and to obey or follow the
30 rule so adopted for the safety of the employees.

31 6. (1) Where the employee fails to obey any rule or policy adopted by the employer
32 relating to a drug-free workplace or the use of alcohol or nonprescribed controlled drugs in the
33 workplace, the compensation and death benefit provided for herein shall be reduced fifty percent
34 if the injury was sustained in conjunction with the use of alcohol or nonprescribed controlled
35 drugs.

36 (2) If, however, the use of alcohol or nonprescribed controlled drugs in violation of the
37 employer's rule or policy is the proximate cause of the injury, then the benefits or compensation
38 otherwise payable under this chapter for death or disability shall be forfeited.

39 (3) The voluntary use of alcohol to the percentage of blood alcohol sufficient under
40 Missouri law to constitute legal intoxication shall give rise to a rebuttable presumption that the
41 voluntary use of alcohol under such circumstances was the proximate cause of the injury. A
42 preponderance of the evidence standard shall apply to rebut such presumption. An employee's
43 refusal to take a test for alcohol or a nonprescribed controlled substance, as defined by section
44 195.010, at the request of the employer shall result in the forfeiture of benefits under this chapter
45 if the employer had sufficient cause to suspect use of alcohol or a nonprescribed controlled
46 substance by the claimant or if the employer's policy clearly authorizes post-injury testing.

47 7. Where the employee's participation in a recreational activity or program is the
48 prevailing cause of the injury, benefits or compensation otherwise payable under this chapter for
49 death or disability shall be forfeited regardless that the employer may have promoted, sponsored
50 or supported the recreational activity or program, expressly or impliedly, in whole or in part. The
51 forfeiture of benefits or compensation shall not apply when:

52 (1) The employee was directly ordered by the employer to participate in such recreational
53 activity or program;

54 (2) The employee was paid wages or travel expenses while participating in such
55 recreational activity or program; or

56 (3) The injury from such recreational activity or program occurs on the employer's
57 premises due to an unsafe condition and the employer had actual knowledge of the employee's
58 participation in the recreational activity or program and of the unsafe condition of the premises
59 and failed to either curtail the recreational activity or program or cure the unsafe condition.

60 8. Mental injury resulting from work-related stress does not arise out of and in the course
61 of the employment, unless it is demonstrated that the stress is work related and was extraordinary
62 and unusual. The amount of work stress shall be measured by objective standards and actual
63 events.

64 9. A mental injury is not considered to arise out of and in the course of the employment
65 if it resulted from any disciplinary action, work evaluation, job transfer, layoff, demotion,
66 termination or any similar action taken in good faith by the employer.

67 10. The ability of a firefighter to receive benefits for psychological stress under section
68 287.067 shall not be diminished by the provisions of subsections 8 and 9 of this section.
