

HB 1085 -- DISCLOSURE OF LIBRARY RECORDS

SPONSOR: McCaherty

This bill defines "E-book" and "digital resource or material" and adds them to the definition of "library material."

Currently, an employee or agent of a library cannot be required to release all or a portion of a library record to anyone except the person identified in the record or by court order. The bill adds any third party contracted by a library that receives, transmits, maintains, or stores a library record to the list of those who cannot release a record.

A person whose privacy is compromised due to the release of a record may file a written complaint within 180 days of the alleged violation with the Office of the Attorney General describing the facts surrounding the alleged violation. Upon receipt of the complaint, the Attorney General must review each complaint and may initiate legal action if appropriate.

A person whose privacy is compromised may also bring a private civil action in the circuit court of the county in which the library is located to recover damages, which may include punitive damages.
