

HB 1276 -- FIRE PROTECTION DISTRICT BOARD CANDIDATES

SPONSOR: English

This bill sets the candidate filing fee for a fire protection district board seat at the amount equal to the filing fee for a candidate for county office, which currently is \$50. Currently, the required fee is \$10 in one section of the fire protections district law and an amount equal to the filing fee for a candidate for state representative, which currently is \$50, in another section. The bill resolves this inconsistency.
