

HB 2294 -- OZARK NATIONAL SCENIC RIVERWAYS

SPONSOR: Pogue

This bill specifies that in the event that the United States Secretary of the Interior conveys all right, title, and interest of the United States in and to all federal land, facilities, and any other assets associated with the Ozark National Scenic Riverways to the State of Missouri, the state must offer the right, title, and interest in the land for purchase by any party that had any right, title, or interest before it was acquired by the secretary. If no party purchases the land, the state must maintain the land, facilities, and assets in the same fashion as the land, facilities, and assets were being maintained by the United States Department of the Interior on the day before the conveyance.
