10 (7) The annual tax on gross receipts of express companies in chapter 153.

11 2. For proposals approved pursuant to section 32.110:

12 (1) The amount of the tax credit shall not exceed fifty percent of the total amount contributed
13 during the taxable year by the business firm or, in the case of a financial institution, where
14 applicable, during the relevant income period in programs approved pursuant to section 32.110;

15 (2) Except as provided in subsection 2 or 5 of this section, a tax credit of up to seventy
16 percent may be allowed for contributions to programs where activities fall within the scope of
17 special program priorities as defined with the approval of the governor in regulations promulgated
18 by the director of the department of economic development;

19 (3) Except as provided in subsection 2 or 5 of this section, the tax credit allowed for
20 contributions to programs located in any community shall be equal to seventy percent of the total
21 amount contributed where such community is a city, town or village which has fifteen thousand or
22 less inhabitants as of the last decennial census and is located in a county which is either located in:

23 (a) An area that is not part of a standard metropolitan statistical area;

24 (b) A standard metropolitan statistical area but such county has only one city, town or village
25 which has more than fifteen thousand inhabitants; or

2 proposals approved pursuant to section 32.111, 32.112 or 32.117, in no event shall the total amount
3 of all other tax credits allowed pursuant to sections 32.100 to 32.125 exceed thirty-two million
4 dollars in any one fiscal year, of which six million shall be credits allowed pursuant to section
5 135.460. If six million dollars in credits are not approved, then the remaining credits may be used
6 for programs approved pursuant to sections 32.100 to 32.125. No new tax credits shall be authorized
7 under the provisions of sections 32.110 and 135.460 after December 31, 2015;

12 experiencing problems endangering its existence as a viable and stable neighborhood, or if the
13 community services, crime prevention, education, job training, physical revitalization or economic
14 development is limited to impoverished persons.

15 3. For proposals approved pursuant to section 32.111:

16 (1) The amount of the tax credit shall not exceed fifty-five percent of the total amount
17 invested in affordable housing assistance activities or market rate housing in distressed communities
18 as defined in section 135.530 by a business firm. Whenever such investment is made in the form of
19 an equity investment or a loan, as opposed to a donation alone, tax credits may be claimed only
20 where the loan or equity investment is accompanied by a donation which is eligible for federal
21 income tax charitable deduction, and where the total value of the tax credits herein plus the value of
22 the federal income tax charitable deduction is less than or equal to the value of the donation. Any tax
23 credit not used in the period for which the credit was approved may be carried over the next ten
24 succeeding calendar or fiscal years until the full credit has been allowed. If the affordable housing
25 units or market rate housing units in distressed communities for which a tax is claimed are within a
26 larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable
27 to the entire structure shall be reduced on a prorated basis in proportion to the ratio of the number of
28 square feet devoted to the affordable housing units or market rate housing units in distressed
29 communities, for purposes of determining the amount of the tax credit. The total amount of tax
30 credit granted for programs approved pursuant to section 32.111 for the fiscal year beginning July 1,
31 1991, shall not exceed two million dollars, to be increased by no more than two million dollars each
32 succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in
33 any fiscal year;

34 (2) For any year during the compliance period indicated in the land use restriction
35 agreement, the owner of the affordable housing rental units for which a credit is being claimed shall
36 certify to the commission that all tenants renting claimed units are income eligible for affordable
37 housing units and that the rentals for each claimed unit are in compliance with the provisions of
38 sections 32.100 to 32.125. The commission is authorized, in its discretion, to audit the records and
39 accounts of the owner to verify such certification;

40 (3) In the case of owner-occupied affordable housing units, the qualifying owner occupant
41 shall, before the end of the first year in which credits are claimed, certify to the commission that the

1 occupant is income eligible during the preceding two years, and at the time of the initial purchase
 2 contract, but not thereafter. The qualifying owner occupant shall further certify to the commission,
 3 before the end of the first year in which credits are claimed, that during the compliance period
 4 indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant
 5 for the claimed unit can reasonably be projected to be in compliance with the provisions of sections
 6 32.100 to 32.125. Any succeeding owner occupant acquiring the affordable housing unit during the
 7 compliance period indicated in the land use restriction agreement shall make the same certification;

8 (4) If at any time during the compliance period the commission determines a project for
 9 which a proposal has been approved is not in compliance with the applicable provisions of sections
 10 32.100 to 32.125 or rules promulgated therefor, the commission may within one hundred fifty days
 11 of notice to the owner either seek injunctive enforcement action against the owner, or seek legal
 12 damages against the owner representing the value of the tax credits, or foreclose on the lien in the
 13 land use restriction agreement, selling the project at a public sale, and paying to the owner the
 14 proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The
 15 commission shall remit to the director of revenue the portion of the legal damages collected or the
 16 sale proceeds representing the value of the tax credits. However, except in the event of intentional
 17 fraud by the taxpayer, the proposal's certificate of eligibility for tax credits shall not be revoked.

18 4. For proposals approved pursuant to section 32.112, the amount of the tax credit shall not
 19 exceed fifty-five percent of the total amount contributed to a neighborhood organization by business
 20 firms. Any tax credit not used in the period for which the credit was approved may be carried over
 21 the next ten succeeding calendar or fiscal years until the full credit has been allowed. The total
 22 amount of tax credit granted for programs approved pursuant to section 32.112 shall not exceed one
 23 million dollars for each fiscal year.

24 5. The total amount of tax credits used for market rate housing in distressed communities
 25 pursuant to sections 32.100 to 32.125 shall not exceed thirty percent of the total amount of all tax
 26 credits authorized pursuant to sections 32.111 and 32.112.

27 100.850. 1. The approved company shall remit to the board a job development assessment
 28 fee, not to exceed five percent of the gross wages of each eligible employee whose job was created as
 29 a result of the economic development project, or not to exceed ten percent if the economic
 30 development project is located within a distressed community as defined in section 135.530, for the
 31 purpose of retiring bonds which fund the economic development project.

32 2. Any approved company remitting an assessment as provided in subsection 1 of this
 33 section shall make its payroll books and records available to the board at such reasonable times as the
 34 board shall request and shall file with the board documentation respecting the assessment as the
 35 board may require.

36 3. Any assessment remitted pursuant to subsection 1 of this section shall cease on the date
 37 the bonds are retired.

38 4. Any approved company which has paid an assessment for debt reduction shall be allowed
 39 a tax credit equal to the amount of the assessment. The tax credit may be claimed against taxes
 40 otherwise imposed by chapters 143 and 148, except withholding taxes imposed under the provisions
 41 of sections 143.191 to 143.265, which were incurred during the tax period in which the assessment

1 was made.

2 5. In no event shall the aggregate amount of tax credits authorized by subsection 4 of this
3 section exceed twenty-five million dollars annually. Of such amount, nine hundred fifty thousand
4 dollars shall be reserved for an approved project for a world headquarters of a business whose
5 primary function is tax return preparation that is located in any home rule city with more than four

22 2. For qualified Missouri projects placed in service after January 1, 1997, the Missouri
23 low-income housing tax credit available to a project shall be such amount as the commission shall
24 determine is necessary to ensure the feasibility of the project, up to an amount equal to the federal
25 low-income housing tax credit for a qualified Missouri project, for a federal tax period, and such
26 amount shall be subtracted from the amount of state tax otherwise due for the same tax period.

28 projects financed through tax-exempt bond issuance. The total amount of tax credits eligible to be
29 awarded for projects that are financed through tax exempt bond issuance shall be reduced for each

11 name of the exempt entity and the project identification number. Nothing in this section shall be
12 deemed to exempt the purchase of any construction machinery, equipment or tools used in
13 constructing, repairing or remodeling facilities for the exempt entity. All invoices for all personal
14 property and materials purchased under a project exemption certificate shall be retained by the
15 purchasing contractor for a period of five years and shall be subject to audit by the director of
16 revenue.

17 4. Any excess resalable tangible personal property or materials which were purchased for the
18 project by a contractor under a project exemption certificate but which were not incorporated into or
19 consumed in the construction of the project shall either be returned to the supplier for credit or the
20 appropriate sales or use tax on such excess property or materials shall be reported on a return and
21 paid by such contractor not later than the due date of the contractor's Missouri sales or use tax return
22 following the month in which it was determined that the materials were not to be used in the project.

23 5. No contractor or material supplier shall, upon audit, be required to pay tax on tangible
24 personal property and materials incorporated into or consumed in the construction of the project due
25 to the failure of the exempt entity to revise the certificate expiration date as necessary to complete
26 any work required by the contract. If it is determined that tax is owed on such property and materials
27 due to the failure of the exempt entity to revise such certificate expiration date, the exempt entity
28 shall be liable for the tax owed.

29 6. If an entity issues exemption certificates for the purchase of tangible personal property
30 and materials which are incorporated into or consumed in the construction of its project and such
31 entity is found not to have had the authority granted by this section to issue such exemption
32 certificates, then such entity shall be liable for the tax owed on such personal property and materials.
33 In addition, if an entity which does have the authority granted by this section to issue exemption
34 certificates issues such certificates for the purchase of tangible personal property and materials which
35 are incorporated into or consumed in the construction of a project, or part of a project, which is
36 found not to be related to such entity's exempt functions and activities, then such entity shall be
37 liable for the tax owed on such personal property and materials.

38 144.518. 1. In addition to the exemptions granted pursuant to section 144.030, there is
39 hereby specifically exempted from the provisions of sections 144.010 to 144.525, sections 144.600

The provisions of this subsection shall expire on December 31, 2015.

2. Beginning September 1, 2007, in addition to any other exemption provided by law, there is hereby specifically exempted from the provisions of sections 144.010 to 144.525, sections 144.600 to 144.761, sections 190.335 to 190.337, section 238.235, section 238.236, section 238.410, section 321.242, section 573.505, section 644.032, and any local sales tax law as defined in section 32.085, and from the computation of the tax levied, assessed, or payable pursuant to sections 144.010 to 144.525, sections 144.600 to 144.761, sections 190.335 to 190.337, section 238.235, section 238.236, section 238.410, section 321.242, section 573.505, section 644.032, and any local sales tax law as defined in section 32.085, amounts paid for the temporary use of a coin-operated amusement device. The provisions of this subsection shall expire on December 31, 2015.

3. As used in this section, "coin-operated amusement device" means a device accepting payment or items representing payments to allow one or more users temporary use of the device for entertainment or amusement purposes. Examples of coin-operated amusement devices include, but are not limited to, video games, pinball games, table games such as billiards and air hockey, and redemption games such as the claw and skee ball that may award prizes of tangible personal property.

1 nineteenth and ending at midnight on April twenty-fifth.

2 4. A political subdivision may allow the sales tax holiday under this section to apply to its
3 local sales taxes by enacting an ordinance to that effect. Any such political subdivision shall notify
4 the department of revenue not less than forty-five calendar days prior to the beginning date of the
5 sales tax holiday occurring in that year of any such ordinance or order.

6 5. This section may not apply to any retailer when less than two percent of the retailer's
7 merchandise offered for sale qualifies for the sales tax holiday. The retailer shall offer a sales tax
8 refund in lieu of the sales tax holiday.

9 6. The provisions of this section shall expire on December 31, 2015.

10 253.550. 1. Any taxpayer incurring costs and expenses for the rehabilitation of eligible
11 property, which is a certified historic structure or structure in a certified historic district, may, subject
12 to the provisions of this section and section 253.559, receive a credit against the taxes imposed
13 pursuant to chapters 143 and 148, except for sections 143.191 to 143.265, on such taxpayer in an
14 amount equal to twenty-five percent of the total costs and expenses of rehabilitation incurred after
15 January 1, 1998, which shall include, but not be limited to, qualified rehabilitation expenditures as
16 defined under section 47(c)(2)(A) of the Internal Revenue Code of 1986, as amended, and the related
17 regulations thereunder, provided the rehabilitation costs associated with rehabilitation and the
18 expenses exceed fifty percent of the total basis in the property and the rehabilitation meets standards
19 consistent with the standards of the Secretary of the United States Department of the Interior for
20 rehabilitation as determined by the state historic preservation officer of the Missouri department of
21 natural resources.

22 2. During the period beginning on January 1, 2010, but ending on or after June 30, 2010, the
23 department of economic development shall not approve applications for tax credits under the
24 provisions of subsections 3 and 8 of section 253.559 which, in the aggregate, exceed seventy million
25 dollars, increased by any amount of tax credits for which approval shall be rescinded under the
26 provisions of section 253.559. For each fiscal year beginning on or after July 1, 2010, but ending on
27 or before June 30, 2016, the department of economic development shall not approve applications for
28 tax credits under the provisions of subsections 3 and 8 of section 253.559 which, in the aggregate,
29 exceed one hundred forty million dollars, increased by any amount of tax credits for which approval
30 shall be rescinded under the provisions of section 253.559. The total amount of tax credits eligible
31 to be awarded under the provisions of subsections 3 and 8 of section 253.559 shall be reduced each
32 year for ten years in equal amounts beginning with the 2017 fiscal year until the total amount of tax
33 credits eligible to be awarded is one hundred twenty million dollars, increased by any amount of tax
34 credits for which approval shall be rescinded under the provisions of section 253.559. The
35 limitations provided under this subsection shall not apply to applications approved under the
36 provisions of subsection 3 of section 253.559 for projects to receive less than two hundred
37 seventy-five thousand dollars in tax credits. The total amount of tax credits eligible to be awarded
38 under the provisions of section 253.559 for projects to receive less than two hundred seventy-five
39 thousand dollars in tax credits shall be reduced each year for ten years in equal amounts beginning
40 with the 2017 fiscal year until the total amount of tax credits eligible to be awarded is twenty million
41 dollars.

3. For all applications for tax credits approved on or after January 1, 2010, no more than two hundred fifty thousand dollars in tax credits may be issued for eligible costs and expenses incurred in the rehabilitation of an eligible property which is a nonincome producing single-family, owner-occupied residential property and is either a certified historic structure or a structure in a certified historic district.

4. The limitations on tax credit authorization provided under the provisions of subsections 2 and 3 of this section shall not apply to:

(1) Any application submitted by a taxpayer, which has received approval from the department prior to January 1, 2010; or

(2) Any taxpayer applying for tax credits, provided under this section, which, on or before January 1, 2010, has filed an application with the department evidencing that such taxpayer:

(a) Has incurred costs and expenses for an eligible property which exceed the lesser of five percent of the total project costs or one million dollars and received an approved Part I from the Secretary of the United States Department of Interior; or

(b) Has received certification, by the state historic preservation officer, that the rehabilitation plan meets the standards consistent with the standards of the Secretary of the United States Department of the Interior, and the rehabilitation costs and expenses associated with such rehabilitation shall exceed fifty percent of the total basis in the property.

5. No new tax credits shall be authorized under the provisions of sections 253.545 to 253.559 after December 31, 2030.

262.250. 1. The commission may charge a fee on any entry to be paid at the time of entry. All animals and articles must be entered in their proper classes and no other. The director shall determine all questions of classification.

2. In addition to any exemption in chapter 144, no sales taxes shall be levied and collected on any entry fee or charge authorized in this section. The provisions of this subsection shall expire on December 31, 2015.

313.821. 1. In addition to the exemptions granted under the provisions of section 144.030, there shall also be specifically exempted from the provisions of sections 66.600 to 66.635, sections 67.500 to 67.545, 67.547, 67.581, 67.582, 67.671 to 67.685, 67.700 to 67.729, 67.730 to 67.739, and 67.782, sections 92.400 to 92.420, sections 94.500 to 94.570, 94.600 to 94.655, and 94.700 to 94.755, and sections 144.010 to 144.510 and 144.600 to 144.745, and from the computation of the tax levied, assessed or payable under sections 66.600 to 66.635, sections 67.500 to 67.545, 67.547, 67.581, 67.582, 67.671 to 67.685, 67.700 to 67.729, 67.730 to 67.739, and 67.782, sections 92.400 to 92.420, sections 94.500 to 94.570, 94.600 to 94.655, and 94.700 to 94.755, and sections 144.010 to 144.510 and 144.600 to 144.745, any state or local admission fees imposed upon excursion gambling boat operators to be collected from each passenger boarding such excursion gambling boats. The provisions of this subsection shall expire on December 31, 2015.

2. Nothing in this section shall exempt from the taxes referenced in subsection 1 of this section any fees of admission voluntarily charged by excursion boat gambling operators to passengers boarding such excursion gambling boats.

1 447.708. 1. For eligible projects, the director of the department of economic development,
2 with notice to the directors of the departments of natural resources and revenue, and subject to the
3 other provisions of sections 447.700 to 447.718, may not create a new enterprise zone but may
4 decide that a prospective operator of a facility being remedied and renovated pursuant to sections
5 447.700 to 447.718 may receive the tax credits and exemptions pursuant to sections 135.100 to
6 135.150 and sections 135.200 to 135.257. The tax credits allowed pursuant to this subsection shall
7 be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections
8 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by
9 chapter 148. For purposes of this subsection:

10 (1) For receipt of the ad valorem tax abatement pursuant to section 135.215, the eligible
11 project must create at least ten new jobs or retain businesses which supply at least twenty-five
12 existing jobs. The city, or county if the eligible project is not located in a city, must provide ad
13 valorem tax abatement of at least fifty percent for a period not less than ten years and not more than
14 twenty-five years;

15 (2) For receipt of the income tax exemption pursuant to section 135.220 and tax credit for
16 new or expanded business facilities pursuant to sections 135.100 to 135.150, and 135.225, the
17 eligible project must create at least ten new jobs or retain businesses which supply at least
18 twenty-five existing jobs, or combination thereof. For purposes of sections 447.700 to 447.718, the
19 tax credits described in section 135.225 are modified as follows: the tax credit shall be four hundred
20 dollars per employee per year, an additional four hundred dollars per year for each employee
21 exceeding the minimum employment thresholds of ten and twenty-five jobs for new and existing
22 businesses, respectively, an additional four hundred dollars per year for each person who is a person
23 difficult to employ as defined by section 135.240, and investment tax credits at the same amounts
24 and levels as provided in subdivision (4) of subsection 1 of section 135.225;

25 (3) For eligibility to receive the income tax refund pursuant to section 135.245, the eligible
26 project must create at least ten new jobs or retain businesses which supply at least twenty-five
27 existing jobs, or combination thereof, and otherwise comply with the provisions of section 135.245
28 for application and use of the refund and the eligibility requirements of this section;

29 (4) The eligible project operates in compliance with applicable environmental laws and
30 regulations, including permitting and registration requirements, of this state as well as the federal
31 and local requirements;

32 (5) The eligible project operator shall file such reports as may be required by the director of
33 economic development or the director's designee;

34 (6) The taxpayer may claim the state tax credits authorized by this subsection and the state
35 income exemption for a period not in excess of ten consecutive tax years. For the purpose of this
36 section, "taxpayer" means an individual proprietorship, partnership or corporation described in
37 section 143.441 or 143.471 who operates an eligible project. The director shall determine the
38 number of years the taxpayer may claim the state tax credits and the state income exemption based
39 on the projected net state economic benefits attributed to the eligible project;

40 (7) For the purpose of meeting the new job requirement prescribed in subdivisions (1), (2)
41 and (3) of this subsection, it shall be required that at least ten new jobs be created and maintained

1 during the taxpayer's tax period for which the credits are earned, in the case of an eligible project that
2 does not replace a similar facility in Missouri. "New job" means a person who was not previously
3 employed by the taxpayer or related taxpayer within the twelve-month period immediately preceding
4 the time the person was employed by that taxpayer to work at, or in connection with, the eligible
5 project on a full-time basis. "Full-time basis" means the employee works an average of at least
6 thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned. For
7 the purposes of this section, related taxpayer has the same meaning as defined in subdivision (9) of
8 section 135.100;

9 (8) For the purpose of meeting the existing job retention requirement, if the eligible project
10 replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax
11 period in which the tax credits are earned, it shall be required that at least twenty-five existing jobs
12 be retained at, and in connection with the eligible project, on a full-time basis during the taxpayer's
13 tax period for which the credits are earned. "Retained job" means a person who was previously
14 employed by the taxpayer or related taxpayer, at a facility similar to the eligible project that closed
15 elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned,
16 within the tax period immediately preceding the time the person was employed by the taxpayer to
17 work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the
18 employee works an average of at least thirty-five hours per week during the taxpayer's tax period for
19 which the tax credits are earned;

20 (9) In the case where an eligible project replaces a similar facility that closed elsewhere in
21 Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, the owner
22 and operator of the eligible project shall provide the director with a written statement explaining the
23 reason for discontinuing operations at the closed facility. The statement shall include a comparison
24 of the activities performed at the closed facility prior to the date the facility ceased operating, to the
25 activities performed at the eligible project, and a detailed account describing the need and rationale
26 for relocating to the eligible project. If the director finds the relocation to the eligible project
27 significantly impaired the economic stability of the area in which the closed facility was located, and
28 that such move was detrimental to the overall economic development efforts of the state, the director
29 may deny the taxpayer's request to claim tax benefits;

30 (10) Notwithstanding any provision of law to the contrary, for the purpose of this section, the
31 number of new jobs created and maintained, the number of existing jobs retained, and the value of
32 new qualified investment used at the eligible project during any tax year shall be determined by
33 dividing by twelve, in the case of jobs, the sum of the number of individuals employed at the eligible
34 project, or in the case of new qualified investment, the value of new qualified investment used at the
35 eligible project, on the last business day of each full calendar month of the tax year. If the eligible
36 project is in operation for less than the entire tax year, the number of new jobs created and
37 maintained, the number of existing jobs retained, and the value of new qualified investment created
38 at the eligible project during any tax year shall be determined by dividing the sum of the number of
39 individuals employed at the eligible project, or in the case of new qualified investment, the value of
40 new qualified investment used at the eligible project, on the last business day of each full calendar
41 month during the portion of the tax year during which the eligible project was in operation, by the

1 number of full calendar months during such period;

2 (11) For the purpose of this section, "new qualified investment" means new business facility
3 investment as defined and as determined in subdivision (7) of section 135.100 which is used at and in
4 connection with the eligible project. "New qualified investment" shall not include small tools,
5 supplies and inventory. "Small tools" means tools that are portable and can be hand held.

6 2. The determination of the director of economic development pursuant to subsection 1 of
7 this section shall not affect requirements for the prospective purchaser to obtain the approval of the
8 granting of real property tax abatement by the municipal or county government where the eligible
9 project is located.

10 3. (1) The director of the department of economic development, with the approval of the
11 director of the department of natural resources, may, in addition to the tax credits allowed in
12 subsection 1 of this section, grant a remediation tax credit to the applicant for up to one hundred
13 percent of the costs of materials, supplies, equipment, labor, professional engineering, consulting and
14 architectural fees, permitting fees and expenses, demolition, asbestos abatement, and direct utility
15 charges for performing the voluntary remediation activities for the preexisting hazardous substance
16 contamination and releases, including, but not limited to, the costs of performing operation and
17 maintenance of the remediation equipment at the property beyond the year in which the systems and
18 equipment are built and installed at the eligible project and the costs of performing the voluntary
19 remediation activities over a period not in excess of four tax years following the taxpayer's tax year
20 in which the system and equipment were first put into use at the eligible project, provided the
21 remediation activities are the subject of a plan submitted to, and approved by, the director of natural
22 resources pursuant to sections 260.565 to 260.575. The tax credit may also include up to one
23 hundred percent of the costs of demolition that are not directly part of the remediation activities,
24 provided that the demolition is on the property where the voluntary remediation activities are
25 occurring, the demolition is necessary to accomplish the planned use of the facility where the
26 remediation activities are occurring, and the demolition is part of a redevelopment plan approved by
27 the municipal or county government and the department of economic development. The demolition
28 may occur on an adjacent property if the project is located in a municipality which has a population
29 less than twenty thousand and the above conditions are otherwise met. The adjacent property shall
30 independently qualify as abandoned or underutilized. The amount of the credit available for
31 demolition not associated with remediation cannot exceed the total amount of credits approved for
32 remediation including demolition required for remediation.

33 (2) The amount of remediation tax credits issued shall be limited to the least amount
34 necessary to cause the project to occur, as determined by the director of the department of economic
35 development.

36 (3) The director may, with the approval of the director of natural resources, extend the tax
37 credits allowed for performing voluntary remediation maintenance activities, in increments of
38 three-year periods, not to exceed five consecutive three-year periods. The tax credits allowed in this
39 subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed
40 by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise
41 imposed by chapter 148. The remediation tax credit may be taken in the same tax year in which the

1 tax credits are received or may be taken over a period not to exceed twenty years.

2 (4) The project facility shall be projected to create at least ten new jobs or at least
3 twenty-five retained jobs, or a combination thereof, as determined by the department of economic
4 development, to be eligible for tax credits pursuant to this section.

5 (5) No more than seventy-five percent of earned remediation tax credits may be issued when
6 the remediation costs were paid, and the remaining percentage may be issued when the department
7 of natural resources issues a letter of completion letter or covenant not to sue following completion
8 of the voluntary remediation activities. It shall not include any costs associated with ongoing
9 operational environmental compliance of the facility or remediation costs arising out of spills, leaks,
10 or other releases arising out of the ongoing business operations of the facility. In the event the
11 department of natural resources issues a letter of completion for a portion of a property, an impacted
12 media such as soil or groundwater, or for a site or a portion of a site improvement, a prorated amount
13 of the remaining percentage may be released based on the percentage of the total site receiving a
14 letter of completion.

15 4. In the exercise of the sound discretion of the director of the department of economic
16 development or the director's designee, the tax credits and exemptions described in this section may
17 be terminated, suspended or revoked, if the eligible project fails to continue to meet the conditions
18 set forth in this section. In making such a determination, the director shall consider the severity of
19 the condition violation, actions taken to correct the violation, the frequency of any condition
20 violations and whether the actions exhibit a pattern of conduct by the eligible facility owner and
21 operator. The director shall also consider changes in general economic conditions and the
22 recommendation of the director of the department of natural resources, or his or her designee,
23 concerning the severity, scope, nature, frequency and extent of any violations of the environmental
24 compliance conditions. The taxpayer or person claiming the tax credits or exemptions may appeal
25 the decision regarding termination, suspension or revocation of any tax credit or exemption in
26 accordance with the procedures outlined in subsections 4 [to 6] and 5 of section 135.250. The
27 director of the department of economic development shall notify the directors of the departments of
28 natural resources and revenue of the termination, suspension or revocation of any tax credits as
29 determined in this section or pursuant to the provisions of section 447.716.

30 5. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax
31 credits, exemptions or refund otherwise allowed in subdivisions (2), (3) and (4) of subsection 1 of
32 this section and the tax credits otherwise allowed in section 135.110, or the tax credits, exemptions
33 and refund otherwise allowed in sections 135.215, 135.220, 135.225 and 135.245, respectively, for
34 the same facility for the same tax period.

35 6. The total amount of the tax credits allowed in subsection 1 of this section may not exceed
36 the greater of:

37 (1) That portion of the taxpayer's income attributed to the eligible project; or

38 (2) One hundred percent of the total business' income tax if the eligible facility does not
39 replace a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax
40 period in which the tax credits are earned, and further provided the taxpayer does not operate any
41 other facilities besides the eligible project in Missouri; fifty percent of the total business' income tax

1 if the eligible facility replaces a similar facility that closed elsewhere in Missouri prior to the end of
 2 the taxpayer's tax period in which the credits are earned, and further provided the taxpayer does not
 3 operate any other facilities besides the eligible project in Missouri; or twenty-five percent of the total
 4 business income if the taxpayer operates, in addition to the eligible facility, any other facilities in
 5 Missouri. In no case shall a taxpayer operating more than one eligible project in Missouri be allowed
 6 to offset more than twenty-five percent of the taxpayer's business income in any tax period. That
 7 portion of the taxpayer's income attributed to the eligible project as referenced in subdivision (1) of
 8 this subsection, for which the credits allowed in sections 135.110 and 135.225 and subsection 3 of
 9 this section, may apply, shall be determined in the same manner as prescribed in subdivision [(6)] (7)
 10 of section 135.100. That portion of the taxpayer's franchise tax attributed to the eligible project for
 11 which the remediation tax credit may offset, shall be determined in the same manner as prescribed in
 12 paragraph (a) of subdivision [(6)] (7) of section 135.100.

13 7. Taxpayers claiming the state tax benefits allowed in subdivisions (2) and (3) of subsection
 14 1 of this section shall be required to file all applicable tax credit applications, forms and schedules
 15 prescribed by the director during the taxpayer's tax period immediately after the tax period in which
 16 the eligible project was first put into use. Otherwise, the taxpayer's right to claim such state tax
 17 benefits shall be forfeited. Unused business facility and enterprise zone tax credits shall not be
 18 carried forward but shall be initially claimed for the tax period during which the eligible project was
 19 first capable of being used, and during any applicable subsequent tax periods.

20 8. Taxpayers claiming the remediation tax credit allowed in subsection 3 of this section shall
 21 be required to file all applicable tax credit applications, forms and schedules prescribed by the
 22 director during the taxpayer's tax period immediately after the tax period in which the eligible
 23 project was first put into use, or during the taxpayer's tax period immediately after the tax period in
 24 which the voluntary remediation activities were performed.

25 9. The recipient of remediation tax credits, for the purpose of this subsection referred to as
 26 assignor, may assign, sell or transfer, in whole or in part, the remediation tax credit allowed in
 27 subsection 3 of this section to any other person, for the purpose of this subsection referred to as
 28 assignee. To perfect the transfer, the assignor shall provide written notice to the director of the
 29 assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the
 30 assignee's name, address and the assignee's tax period and the amount of tax credits to be transferred.
 31 The number of tax periods during which the assignee may subsequently claim the tax credits shall
 32 not exceed twenty tax periods, less the number of tax periods the assignor previously claimed the
 33 credits before the transfer occurred.

34 10. In the case where an operator and assignor of an eligible project has been certified to
 35 claim state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section, and sells
 36 or otherwise transfers title of the eligible project to another taxpayer or assignee who continues the
 37 same or substantially similar operations at the eligible project, the director shall allow the assignee to
 38 claim the credits for a period of time to be determined by the director; except that, the total number
 39 of tax periods the tax credits may be earned by the assignor and the assignee shall not exceed ten. To
 40 perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to
 41 transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address,

1 and the assignee's tax period, and the amount of tax credits to be transferred.

2 11. For the purpose of the state tax benefits described in this section, in the case of a
3 corporation described in section 143.471 or partnership, in computing Missouri's tax liability, such
4 state benefits shall be allowed to the following:

5 (1) The shareholders of the corporation described in section 143.471;

6 (2) The partners of the partnership. The credit provided in this subsection shall be
7 apportioned to the entities described in subdivisions (1) and (2) of this subsection in proportion to
8 their share of ownership on the last day of the taxpayer's tax period.

9 12. No new tax credits shall be authorized under the provisions of this section after
10 December 31, 2015.

11 620.1881. 1. The department of economic development shall respond within thirty days to a
12 company who provides a notice of intent with either an approval or a rejection of the notice of intent.
13 The department shall give preference to qualified companies and projects targeted at an area of the
14 state which has recently been classified as a disaster area by the federal government. Failure to
15 respond on behalf of the department of economic development shall result in the notice of intent
16 being deemed an approval for the purposes of this section. A qualified company who is provided an
17 approval for a project shall be allowed a benefit as provided in this program in the amount and
18 duration provided in this section. A qualified company may receive additional periods for
19 subsequent new jobs at the same facility after the full initial period if the minimum thresholds are
20 met as set forth in sections 620.1875 to 620.1890. There is no limit on the number of periods a
21 qualified company may participate in the program, as long as the minimum thresholds are achieved
22 and the qualified company provides the department with the required reporting and is in proper
23 compliance for this program or other state programs. A qualified company may elect to file a notice
24 of intent to start a new project period concurrent with an existing project period if the minimum
25 thresholds are achieved and the qualified company provides the department with the required
26 reporting and is in proper compliance for this program and other state programs; however, the
27 qualified company may not receive any further benefit under the original approval for jobs created
28 after the date of the new notice of intent, and any jobs created before the new notice of intent may
29 not be included as new jobs for the purpose of benefit calculation in relation to the new approval.
30 When a qualified company has filed and received approval of a notice of intent and subsequently
31 files another notice of intent, the department shall apply the definition of project facility under
32 subdivision (19) of section 620.1878 to the new notice of intent as well as all previously approved
33 notices of intent and shall determine the application of the definitions of new job, new payroll,
34 project facility base employment, and project facility base payroll accordingly.

35 2. Notwithstanding any provision of law to the contrary, any qualified company that is
36 awarded benefits under this program may not simultaneously receive tax credits or exemptions under
37 sections 135.100 to 135.150, sections 135.200 to 135.286, section 135.535, or sections 135.900 to
38 135.906 at the same project facility. The benefits available to the company under any other state
39 programs for which the company is eligible and which utilize withholding tax from the new jobs of
40 the company must first be credited to the other state program before the withholding retention level
41 applicable under the Missouri quality jobs act will begin to accrue. These other state programs

include, but are not limited to, the Missouri works jobs training program under sections 620.800 to 620.809, the real property tax increment allocation redevelopment act, sections 99.800 to 99.865, or the Missouri downtown and rural economic stimulus act under sections 99.915 to 99.980. If any qualified company also participates in the Missouri works jobs training program in sections 620.800 to 620.809, the company shall retain no withholding tax, but the department shall issue a refundable tax credit for the full amount of benefit allowed under this subdivision. The calendar year annual maximum amount of tax credits which may be issued to a qualifying company that also participates in the new job training program shall be increased by an amount equivalent to the withholding tax retained by that company under the new jobs training program. However, if the combined benefits of the quality jobs program and the new jobs training program exceed the projected state benefit of the project, as determined by the department of economic development through a cost-benefit analysis, the increase in the maximum tax credits shall be limited to the amount that would not cause the combined benefits to exceed the projected state benefit. Any taxpayer who is awarded benefits under this program who knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained.

3. The types of projects and the amount of benefits to be provided are:

(1) Small and expanding business projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount equal to the withholding tax as calculated under subdivision (33) of section 620.1878 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 for a period of three years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds the county average wage or for a period of five years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds one hundred twenty percent of the county average wage;

(2) Technology business projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount equal to a maximum of five percent of new payroll for a period of five years from the date the required number of jobs were created from the withholding tax of the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 if the average wage of the new payroll equals or exceeds the county average wage. An additional one-half percent of new payroll may be added to the five percent maximum if the average wage of the new payroll in any year exceeds one hundred twenty percent of the county average wage in the county in which the project facility is located, plus an additional one-half percent of new payroll may be added if the average wage of the new payroll in any year exceeds one hundred forty percent of the average wage in the county in which the project facility is located. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subdivision and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subdivision;

(3) High impact projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount from the withholding tax of the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265, equal to three percent of new payroll for a period of five years from the date the required number of jobs were created if the average wage of the new payroll equals or exceeds the county average wage of the county in which the project facility is located. For high-impact projects in a facility located within two adjacent counties, the new payroll shall equal or exceed the higher county average wage of the adjacent counties. The percentage of payroll allowed under this subdivision shall be three and one-half percent of new payroll if the average wage of the new payroll in any year exceeds one hundred twenty percent of the county average wage in the county in which the project facility is located. The percentage of payroll allowed under this subdivision shall be four percent of new payroll if the average wage of the new payroll in any year exceeds one hundred forty percent of the county average wage in the county in which the project facility is located. An additional one percent of new payroll may be added to these percentages if local incentives equal between ten percent and twenty-four percent of the new direct local revenue; an additional two percent of new payroll is added to these percentages if the local incentives equal between twenty-five percent and forty-nine percent of the new direct local revenue; or an additional three percent of payroll is added to these percentages if the local incentives equal fifty percent or more of the new direct local revenue. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subdivision and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subdivision;

(4) Job retention projects: a qualified company may receive a tax credit for the retention of jobs in this state, provided the qualified company and the project meets all of the following conditions:

(a) For each of the twenty-four months preceding the year in which application for the program is made the qualified company must have maintained at least one thousand full-time employees at the employer's site in the state at which the jobs are based, and the average wage of such employees must meet or exceed the county average wage;

(b) The qualified company retained at the project facility the level of full-time employees that existed in the taxable year immediately preceding the year in which application for the program is made;

(c) The qualified company is considered to have a significant statewide effect on the economy, and has been determined to represent a substantial risk of relocation from the state by the quality jobs advisory task force established in section 620.1887; provided, however, until such time as the initial at-large members of the quality jobs advisory task force are appointed, this determination shall be made by the director of the department of economic development;

(d) The qualified company in the project facility will cause to be invested a minimum of seventy million dollars in new investment prior to the end of two years or will cause to be invested a minimum of thirty million dollars in new investment prior to the end of two years and maintain an

1 annual payroll of at least seventy million dollars during each of the years for which a credit is
2 claimed; and

3 (e) The local taxing entities shall provide local incentives of at least fifty percent of the new
4 direct local revenues created by the project over a ten-year period.

5 The quality jobs advisory task force may recommend to the department of economic development
6 that appropriate penalties be applied to the company for violating the agreement. The amount of the
7 job retention credit granted may be equal to up to fifty percent of the amount of withholding tax
8 generated by the full-time jobs at the project facility for a period of five years. The calendar year
9 annual maximum amount of tax credit that may be issued to any qualified company for a job
10 retention project or combination of job retention projects shall be seven hundred fifty thousand
11 dollars per year, but the maximum amount may be increased up to one million dollars if such action
12 is proposed by the department and approved by the quality jobs advisory task force established in
13 section 620.1887; provided, however, until such time as the initial at-large members of the quality
14 jobs advisory task force are appointed, this determination shall be made by the director of the
15 department of economic development. In considering such a request, the task force shall rely on
16 economic modeling and other information supplied by the department when requesting the increased
17 limit on behalf of the job retention project. In no event shall the total amount of all tax credits issued
18 for the entire job retention program under this subdivision exceed three million dollars annually.
19 Notwithstanding the above, no tax credits shall be issued for job retention projects approved by the
20 department after August 30, 2013;

21 (5) Small business job retention and flood survivor relief: a qualified company may receive
22 a tax credit under sections 620.1875 to 620.1890 for the retention of jobs and flood survivor relief in
23 this state for each job retained over a three-year period, provided that:

24 (a) The qualified company did not receive any state or federal benefits, incentives, or tax
25 relief or abatement in locating its facility in a flood plain;

26 (b) The qualified company and related companies have fewer than one hundred employees at
27 the time application for the program is made;

28 (c) The average wage of the qualified company's and related companies' employees must
29 meet or exceed the county average wage;

30 (d) All of the qualified company's and related companies' facilities are located in this state;

31 (e) The facilities at the primary business site in this state have been directly damaged by
32 floodwater rising above the level of a five hundred year flood at least two years, but fewer than eight
33 years, prior to the time application is made;

34 (f) The qualified company made significant efforts to protect the facilities prior to any
35 impending danger from rising floodwaters;

36 (g) For each year it receives tax credits under sections 620.1875 to 620.1890, the qualified
37 company and related companies retained, at the company's facilities in this state, at least the level of
38 full-time, year-round employees that existed in the taxable year immediately preceding the year in
39 which application for the program is made; and

40 (h) In the years it receives tax credits under sections 620.1875 to 620.1890, the company
41 cumulatively invests at least two million dollars in capital improvements in facilities and equipment

1 located at such facilities that are not located within a five hundred year flood plain as designated by
2 the Federal Emergency Management Agency, and amended from time to time. The amount of the
3 small business job retention and flood survivor relief credit granted may be equal to up to one
4 hundred percent of the amount of withholding tax generated by the full-time jobs at the project
5 facility for a period of three years. The calendar year annual maximum amount of tax credit that
6 may be issued to any qualified company for a small business job retention and survivor relief project
7 shall be two hundred fifty thousand dollars per year, but the maximum amount may be increased up
8 to five hundred thousand dollars if such action is proposed by the department and approved by the
9 quality jobs advisory task force established in section 620.1887. In considering such a request, the
10 task force shall rely on economic modeling and other information supplied by the department when
11 requesting an increase in the limit on behalf of the small business job retention and flood survivor
12 relief project. In no event shall the total amount of all tax credits issued for the entire small business
13 job retention and flood survivor relief program under this subdivision exceed five hundred thousand
14 dollars annually. Notwithstanding the provisions of this subdivision to the contrary, no tax credits
15 shall be issued for small business job retention and flood survivor relief projects approved by the
16 department after August 30, 2010.

17 4. The qualified company shall provide an annual report of the number of jobs and such
18 other information as may be required by the department to document the basis for the benefits of this
19 program. The department may withhold the approval of any benefits until it is satisfied that proper
20 documentation has been provided, and shall reduce the benefits to reflect any reduction in full-time
21 employees or new payroll. Upon approval by the department, the qualified company may begin the
22 retention of the withholding taxes when it reaches the minimum number of new jobs and the average
23 wage exceeds the county average wage. Tax credits, if any, may be issued upon satisfaction by the
24 department that the qualified company has exceeded the county average wage and the minimum
25 number of new jobs. In such annual report, if the average wage is below the county average wage,
26 the qualified company has not maintained the employee insurance as required, or if the number of
27 new jobs is below the minimum, the qualified company shall not receive tax credits or retain the
28 withholding tax for the balance of the benefit period. In the case of a qualified company that initially
29 filed a notice of intent and received an approval from the department for high-impact benefits and
30 the minimum number of new jobs in an annual report is below the minimum for high-impact
31 projects, the company shall not receive tax credits for the balance of the benefit period but may
32 continue to retain the withholding taxes if it otherwise meets the requirements of a small and
33 expanding business under this program.

34 5. The maximum calendar year annual tax credits issued for the entire program shall not
35 exceed eighty million dollars. Notwithstanding any provision of law to the contrary, the maximum
36 annual tax credits authorized under section 135.535 are hereby reduced from ten million dollars to
37 eight million dollars, with the balance of two million dollars transferred to this program. There shall
38 be no limit on the amount of withholding taxes that may be retained by approved companies under
39 this program.

40 6. The department shall allocate the annual tax credits based on the date of the approval,
41 reserving such tax credits based on the department's best estimate of new jobs and new payroll of the

1 project, and the other factors in the determination of benefits of this program. However, the annual
2 issuance of tax credits is subject to the annual verification of the actual new payroll. The allocation
3 of tax credits for the period assigned to a project shall expire if, within two years from the date of
4 commencement of operations, or approval if applicable, the minimum thresholds have not been
5 achieved. The qualified company may retain authorized amounts from the withholding tax under
6 this section once the minimum new jobs thresholds are met for the duration of the project period. No
7 benefits shall be provided under this program until the qualified company meets the minimum new
8 jobs thresholds. In the event the qualified company does not meet the minimum new job threshold,
9 the qualified company may submit a new notice of intent or the department may provide a new
10 approval for a new project of the qualified company at the project facility or other facilities.

11 7. For a qualified company with flow-through tax treatment to its members, partners, or
12 shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion to
13 their share of ownership on the last day of the qualified company's tax period.

14 8. Tax credits may be claimed against taxes otherwise imposed by chapters 143 and 148, and
15 may not be carried forward but shall be claimed within one year of the close of the taxable year for
16 which they were issued, except as provided under subdivision (4) of subsection 3 of this section.

17 9. Tax credits authorized by this section may be transferred, sold, or assigned by filing a
18 notarized endorsement thereof with the department that names the transferee, the amount of tax
19 credit transferred, and the value received for the credit, as well as any other information reasonably
20 requested by the department.

21 10. Prior to the issuance of tax credits, the department shall verify through the department of
22 revenue, or any other state department, that the tax credit applicant does not owe any delinquent
23 income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments
24 levied by any state department and through the department of insurance, financial institutions and
25 professional registration that the applicant does not owe any delinquent insurance taxes. Such
26 delinquency shall not affect the authorization of the application for such tax credits, except that at
27 issuance credits shall be first applied to the delinquency and any amount issued shall be reduced by
28 the applicant's tax delinquency. If the department of revenue or the department of insurance,
29 financial institutions and professional registration, or any other state department, concludes that a
30 taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax
31 credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the
32 taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and
33 additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the
34 administering agency shall notify the appropriate department and that department shall update the
35 amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all
36 insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the
37 applicant, subject to the restrictions of other provisions of law.

38 11. Except as provided under subdivision (4) of subsection 3 of this section, the director of
39 revenue shall issue a refund to the qualified company to the extent that the amount of credits allowed
40 in this section exceeds the amount of the qualified company's income tax.

41 12. An employee of a qualified company will receive full credit for the amount of tax

1 withheld as provided in section 143.211.

2 13. If any provision of sections 620.1875 to 620.1890 or application thereof to any person or
3 circumstance is held invalid, the invalidity shall not affect other provisions or application of these
4 sections which can be given effect without the invalid provisions or application, and to this end, the
5 provisions of sections 620.1875 to 620.1890 are hereby declared severable.

6 14. The provisions of this section shall expire on December 31, 2027. The total amount of
7 tax credits eligible to be awarded under subsection 5 of this section shall be reduced each year for ten
8 years in equal amounts beginning with the 2017 fiscal year until no tax credits are eligible to be
9 awarded under this section."; and

10
11 Further amend said bill by amending the title, enacting clause, and intersectional references
12 accordingly.
