FISCAL ANALYSIS

ASSUMPTION

Oversight was unable to receive some of the agency responses in a timely manner due to the short fiscal note request time. Oversight has presented this fiscal note on the best current information that we have or on prior year information regarding a similar bill. Upon the receipt of agency responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval of the chairperson of the Joint Committee on Legislative Research to publish a new fiscal note.

Oversight notes this proposal would require as a condition for graduation that all high school students pass a basic civics test. Oversight assumes that Department of Elementary and Secondary Education would need to establish rules and guidelines for the administration of the test, as well as create the basic civics test. Oversight assumes that General Revenue would be negatively impacted.

Officials at the **Malta Bend Schools** and the **Carondelet Leadership Academy** each assume there is no fiscal impact to their respective school district from this proposal.

Officials at the **Kirbyville R-VI School District** responded to Oversight's request but did not indicate a fiscal impact.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

This bill repeals the provisions requiring every high school student in any public or private school except private trade schools to satisfactorily pass an examination on the provisions and principles of the United States Constitution and the Missouri Constitution and in American history and American institutions in order to receive a certificate of graduation. The bill establishes the Missouri Civics Education Initiative that requires, beginning January 1, 2016, every high school student attending any public, charter, or private school except private trade schools or a student seeking to complete a high school equivalency certificate to, as a condition of high school graduation or its equivalent, take and receive a passing grade on a basic civics test similar to the civics portion of the United States Naturalization test, produced by the United States Citizenship and Immigration Services (USCIS).

The test must use the same 100 questions used by the USCIS that are administered to applicants for United States citizenship. In order to receive a passing score on the test, the student must answer at least 60 of the questions correctly. Any student may take the test as many times as necessary for passage, but must receive a passing score prior to receiving a high school diploma, a certificate of high school graduation, or a high school equivalency certificate. Every public, charter, or private school except private trade schools and the Department of Elementary and Secondary Education must certify that a student has taken and received a passing grade on the test.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
