The written consent shall be in compliance with federal and state laws concerning the release of personal health information. Prior to discharge, a patient may elect to change his or her caregiver in the event that the original designated caregiver becomes unavailable, unwilling, or unable to care for the patient. Designation of a caregiver by a patient or a patient's legal guardian does not obligate any person to arrange or perform any after-care tasks for the patient.

8. A hospital or ambulatory surgical center is not required nor obligated to determine the ability of a caregiver to understand or perform any of the after-care tasks outlined in this section.

9. Nothing in this section shall authorize or require compensation of a caregiver by a state agency or a health carrier, as defined in section 376.1350.

10. Nothing in this section shall require a hospital or ambulatory surgical center to take actions that are inconsistent with the standards of the federal Medicare program under Title XVIII of the Social Security Act and its conditions of participation in the Code of Federal Regulations or the standards of a national accrediting organization with deeming authority under Section 1865(a)(1) of the Social Security Act.

12. A hospital, ambulatory surgical center, hospital or ambulatory surgical center employee, or an individual with whom a hospital or ambulatory surgical center has a contractual relationship shall not be liable in any way for an act or omission of the caregiver.

13.
