38 board of nursing pursuant to section 335.036 may jointly promulgate rules regulating the use of
39 collaborative practice arrangements. Such rules shall be limited to [specifying geographic areas to
40 be covered,] the methods of treatment that may be covered by collaborative practice arrangements
41 and the requirements for review of services provided pursuant to collaborative practice
42 arrangements including delegating authority to prescribe controlled substances. Any rules relating

1 board of nursing may separately promulgate rules relating to collaborative practice arrangements.
2 Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The
3 rulemaking authority granted in this subsection shall not extend to collaborative practice

6 30, 2008.

7 5. The state board of registration for the healing arts shall not deny, revoke, suspend or
8 otherwise take disciplinary action against a physician for health care services delegated to a
9 registered professional nurse provided the provisions of this section and the rules promulgated
10 thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action
11 imposed as a result of an agreement between a physician and a registered professional nurse or
12 registered physician assistant, whether written or not, prior to August 28, 1993, all records of such
13 disciplinary licensure action and all records pertaining to the filing, investigation or review of an
14 alleged violation of this chapter incurred as a result of such an agreement shall be removed from the
15 records of the state board of registration for the healing arts and the division of professional
16 registration and shall not be disclosed to any public or private entity seeking such information from
17 the board or the division. The state board of registration for the healing arts shall take action to
18 correct reports of alleged violations and disciplinary actions as described in this section which have
19 been submitted to the National Practitioner Data Bank. In subsequent applications or
20 representations relating to his medical practice, a physician completing forms or documents shall
21 not be required to report any actions of the state board of registration for the healing arts for which

25 collaborative practice agreement, including collaborative practice agreements delegating the
26 authority to prescribe controlled substances, or physician assistant agreement and also report to the
27 board the name of each licensed professional with whom the physician has entered into such
28 agreement. The board may make this information available to the public. The board shall track the
29 reported information and may routinely conduct random reviews of such agreements to ensure that
30 agreements are carried out for compliance under this chapter.

31 7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined
32 in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a
33 collaborative practice arrangement provided that he or she is under the supervision of an
34 anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed.
35 Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse
36 anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative
37 practice arrangement under this section, except that the collaborative practice arrangement may not
38 delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of
39 section 195.017, or Schedule II - hydrocodone.

40 8. A collaborating physician shall not enter into a collaborative practice arrangement with
41 more than [three] five full-time equivalent advanced practice registered nurses. This limitation shall
42 not apply to collaborative arrangements of hospital employees providing inpatient care service in
43 hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR
44 2150-5.100 as of April 30, 2008.

45 9. It is the responsibility of the collaborating physician to determine and document the
46 completion of at least a one-month period of time during which the advanced practice registered
47 nurse shall practice with the collaborating physician continuously present before practicing in a
48 setting where the collaborating physician is not continuously present. This limitation shall not apply

1 to collaborative arrangements of providers of population-based public health services as defined by
2 20 CSR 2150-5.100 as of April 30, 2008.

3 10. No agreement made under this section shall supersede current hospital licensing
4 regulations governing hospital medication orders under protocols or standing orders for the purpose
5 of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such
6 protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical
7 therapeutics committee.

8 11. No contract or other agreement shall require a physician to act as a collaborating
9 physician for an advanced practice registered nurse against the physician's will. A physician shall
10 have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced
11 practice registered nurse. No contract or other agreement shall limit the collaborating physician's
12 ultimate authority over any protocols or standing orders or in the delegation of the physician's
13 authority to any advanced practice registered nurse, but this requirement shall not authorize a
14 physician in implementing such protocols, standing orders, or delegation to violate applicable
15 standards for safe medical practice established by hospital's medical staff.

16 12. No contract or other agreement shall require any advanced practice registered nurse to
17 serve as a collaborating advanced practice registered nurse for any collaborating physician against
18 the advanced practice registered nurse's will. An advanced practice registered nurse shall have the
19 right to refuse to collaborate, without penalty, with a particular physician."; and
