46 the educational environment, or if the electronic communication was made on the school's campus
47 or at a district activity using the student's own personal technological resources. The district shall

 7 extent allowed by law including, but not limited to, situations in which the cyberbullying negatively
 8 impacts the educational environment or constitutes a true threat. Even in situations where the
 9 district does not have legal authority to discipline a student, the district may contact law
 10 enforcement and take other appropriate actions to protect students and clarify district expectations.

11 6. Each district shall annually review its antibullying policy and revise it as needed. The
