20 section 404.825. A health care provider or health care facility may rely in the exercise of good faith  
21 and in accordance with reasonable medical judgment upon the health care decisions made for a  
22 patient by a designated health care decision-maker selected in accordance with section 404.1104,  
23 provided two licensed physicians determine, after reasonable inquiry and in accordance with  
24 reasonable medical judgment, that such patient is incapacitated and has neither a guardian with  
25 medical decision-making authority appointed in accordance with chapter 475, an attorney in fact  
26 appointed in a durable power of attorney for health care in accordance with sections 404.800 to  
27 404.865, is not a child under the jurisdiction of the juvenile court under section 211.031, nor any  
28 other known person who has the legal authority to make health care decisions.

29       404.1103. Upon a determination that a patient is incapacitated, the physician or another  
30 health care provider acting at the direction of the physician shall make reasonable efforts to inform  
31 potential designated health care decision-makers set forth in section 404.1104 of whom the  
32 physician or physician's designee is aware, of the need to appoint a designated health care decision-  
33 maker. Reasonable efforts include, without limitation, identifying potential designated health care  
34 decision makers as set forth in subsection 1 of section 404.1104, a guardian with medical decision-  
35 making authority appointed in accordance with chapter 475, an attorney in fact appointed in a  
36 durable power of attorney for health care in accordance with sections 404.800 to 404.865, the  
37 juvenile court under section 211.031, or any other known person who has the legal authority to  
38 make health care decisions, by examining the patient's personal effects and medical records. If a  
39 family member, attorney in fact for health care or guardian with health care decision-making  
40 authority is identified, a documented attempt to contact that person by telephone, with all known  
41 telephone numbers and other contact information used, shall be made within twenty-four hours after  
42 a determination of incapacity is made as provided in section 404.1102.

43       404.1104. 1. If a patient is incapacitated under the circumstances described in section  
44 404.1102 and is unable to provide consent regarding his or her own health care, and does not have a  
45 legally appointed guardian, an agent under a health care durable power of attorney, is not under the  
46 jurisdiction of the juvenile court, or does not have any other person who has legal authority to  
47 consent for the patient, decisions concerning the patient's health care may be made by the following  
48 competent persons in the following order of priority, with the exception of persons excluded under

1 subsection 4 of section 404.1104:

2 (1) The spouse of the patient, unless the spouse and patient are separated under one of the  
 3 following:

4 (a) A current dissolution of marriage or separation action;

5 (b) A signed written property or marital settlement agreement;

6 (c) A permanent order of separate maintenance or support or a permanent order approving a  
 7 property or marital settlement agreement between the parties;

8 (2) An adult child of the patient;

9 (3) A parent of the patient;

10 (4) An adult sibling of the patient;

11 (5) A person who is a member of the same community of persons as the patient who is  
 12 bound by vows to a religious life and who conducts or assists in the conducting of religious services  
 13 and actually and regularly engages in religious, benevolent, charitable, or educational ministry, or  
 14 performance of health care services;

15 (6) An adult who can demonstrate that he or she has a close personal relationship with the  
 16 patient and is familiar with the patient's personal values; or

17 (7) Any other person designated by the unanimous mutual agreement of the persons listed  
 18 above who is involved in the patient's care.

19 2. If a person who is a member of the classes listed in subsection 1 of this section,  
 20 regardless of priority, or a health care provider or a health care facility involved in the care of the  
 21 patient, disagrees on whether certain health care should be provided to or withheld or withdrawn  
 22 from a patient, any such person, provider, or facility, or any other person interested in the welfare of  
 23 the patient may petition the probate court for an order for the appointment of a temporary or  
 24 permanent guardian in accordance with subsection 8 of this section to act in the best interest of the  
 25 patient.

26 3. A person who is a member of the classes listed in subsection 1 of this section shall not be  
 27 denied priority under this section based solely upon that person's support for, or direction to provide,  
 28 withhold or withdraw health care to the patient, subject to the rights of other classes of potential  
 29 designated decision-makers, a healthcare provider, or healthcare facility to petition the probate court  
 30 for an order for the appointment of a temporary or permanent guardian under subsection 8 of this  
 31 section to act in the best interests of the patient.

32 4. Priority under this section shall not be given to persons in any of the following  
 33 circumstances:

34 (1) If a report of abuse or neglect of the patient has been made under section 192.2475,  
 35 198.070, 208.912, 210.115, 565.188, 630.163 or any other mandatory reporting statutes, and if the  
 36 health care provider knows of such a report of abuse or neglect, then unless the report has been  
 37 determined to be unsubstantiated or unfounded, or a determination of abuse was finally reversed  
 38 after administrative or judicial review, the person reported as the alleged perpetrator of the abuse or  
 39 neglect shall not be given priority or authority to make health care decisions under subsection 1 of  
 40 this section, provided that such a report shall not be based on the person's support for, or direction to  
 41 provide, health care to the patient;

42 (2) If the patient's physician or the physician's designee reasonably determines, after making  
 43 a diligent effort to contact the designated health care decision-maker using known telephone  
 44 numbers and other contact information and receiving no response, that such person is not reasonably  
 45 available to make medical decisions as needed or is not willing to make health care decisions for the  
 46 patient; or

47 (3) If a probate court in a proceeding under subsection 8 of this section finds that the  
 48 involvement of the person in decisions concerning the patient's health care is contrary to instructions

1 that the patient had unambiguously, and without subsequent contradiction or change, expressed  
 2 before he or she became incapacitated. Such a statement to the patient's physician or other health  
 3 care provider contemporaneously recorded in the patient's medical record and signed by the patient's  
 4 physician or other health care provider shall be deemed such an instruction, subject to the ability of  
 5 a party to a proceeding under subsection 8 of this section to dispute its accuracy, weight, or  
 6 interpretation.

7 5. (1) The designated health care decision-maker shall make reasonable efforts to obtain  
 8 information regarding the patient's health care preferences from health care providers, family,  
 9 friends, or others who may have credible information.

10 (2) The designated health care decision-maker, and the probate court in any proceeding  
 11 under subsection 8 of this section, shall always make health care decisions in the patient's best  
 12 interests, and if the patient's religious and moral beliefs and health care preferences are known, in  
 13 accordance with those beliefs and preferences.

14 6. This section does not authorize the provision or withholding of health care services that  
 15 the patient has unambiguously, without subsequent contradiction or change of instruction, expressed  
 16 that he or she would or would not want at a time when such patient had capacity. Such a statement  
 17 to the patient's physician or other health care provider, contemporaneously recorded in the patient's  
 18 medical record and signed by the patient's physician or other health care provider, shall be deemed  
 19 such evidence, subject to the ability of a party to a proceeding under subsection 8 of this section to  
 20 dispute its accuracy, weight, or interpretation.

21 7. A designated health care decision-maker shall be deemed a personal representative for the  
 22 purposes of access to and disclosure of private medical information under the Health Insurance  
 23 Portability and Accountability Act of 1996 (HIPAA), 42 U.S.C. Section 1320d and 45 CFR 160-  
 24 164.

25 8. Nothing in sections 404.1100 to 404.1110 shall preclude any person interested in the  
 26 welfare of a patient including, but not limited to, a designated health care decision-maker, a member  
 27 of the classes listed in subsection 1 of this section regardless of priority, or a health care provider or  
 28 health care facility involved in the care of the patient, from petitioning the probate court for the  
 29 appointment of a temporary or permanent guardian for the patient including expedited adjudication  
 30 under chapter 475.

31 9. Pending the final outcome of proceedings initiated under subsection 8 of this section, the  
 32 designated health care decision-maker, health care provider, or health care facility shall not withhold  
 33 or withdraw, or direct the withholding or withdrawal, of health care, nutrition, or hydration whose  
 34 withholding or withdrawal, in reasonable medical judgment, would result in or hasten the death of  
 35 the patient, would jeopardize the health or limb of the patient, or would result in disfigurement or  
 36 impairment of the patient's faculties. If a health care provider or a health care facility objects to the  
 37 provision of such health care, nutrition, or hydration on the basis of religious beliefs or sincerely  
 38 held moral convictions, the provider or facility shall not impede the transfer of the patient to another  
 39 health care provider or health care facility willing to provide it, and shall provide such health care,  
 40 nutrition, or hydration to the patient pending the completion of the transfer. For purposes of this  
 41 section, artificially supplied nutrition and hydration may be withheld or withdrawn during the  
 42 pendency of the guardianship proceeding only if, based on reasonable medical judgment, the  
 43 patient's physician and a second licensed physician certify that the patient meets the standard set  
 44 forth in subdivision (2) of subsection 1 of section 404.1105. If tolerated by the patient and adequate  
 45 to supply the patient's needs for nutrition or hydration, natural feeding should be the preferred  
 46 method.

47 404.1105. 1. No designated health care decision-maker may, with the intent of hastening or  
 48 causing the death of the patient, authorize the withdrawal or withholding of nutrition or hydration

1 supplied through either natural or artificial means. A designated health care decision-maker may  
 2 authorize the withdrawal or withholding of artificially supplied nutrition and hydration only when  
 3 the physician and a second licensed physician certify in the patient's medical record based on  
 4 reasonable medical judgment that:

5 (1) Artificially supplied nutrition or hydration are not necessary for comfort care or the  
 6 relief of pain and would serve only to prolong artificially the dying process and where death will  
 7 occur within a short period of time whether or not such artificially supplied nutrition or hydration is  
 8 withheld or withdrawn; or

9 (2) Artificially supplied nutrition or hydration cannot be physiologically assimilated or  
 10 tolerated by the patient.

11 2. When tolerated by the patient and adequate to supply the patient's need for nutrition or  
 12 hydration, natural feeding should be the preferred method.

13 3. The provisions of this section shall not apply to subsection 3 of section 459.010.

14 404.1106. If any of the individuals specified in section 404.1104 or the designated health  
 15 care decision-maker or physician believes the patient is no longer incapacitated, the patient's  
 16 physician shall reexamine the patient and determine in accordance with reasonable medical  
 17 judgment whether the patient is no longer incapacitated, shall certify the decision and the basis  
 18 therefor in the patient's medical record, and shall notify the patient, the designated health care  
 19 decision-maker, and the person who initiated the redetermination of capacity. Rights of the  
 20 designated health care decision-maker shall end upon the physician's certification that the patient is  
 21 no longer incapacitated.

22 404.1107. No health care provider or health care facility that makes good faith and  
 23 reasonable attempts to identify, locate, and communicate with potential designated health care  
 24 decision-makers in accordance with sections 404.1100 to 404.1110 shall be subject to civil or  
 25 criminal liability or regulatory sanction for any act or omission related to his or her or its effort to  
 26 identify, locate, and communicate with or act upon any decision by or for such actual or potential  
 27 designated health care decision-makers.

28 404.1108. 1. A health care provider or a health care facility may decline to comply with the  
 29 health care decision of a patient or a designated health care decision-maker if such decision is  
 30 contrary to the religious beliefs or sincerely held moral convictions of a health care provider or  
 31 health care facility.

32 2. If at any time, a health care facility or health care provider determines that any known or  
 33 anticipated health care preferences expressed by the patient to the health care provider or health care  
 34 facility, or as expressed through the patient's designated health care decision-maker, are contrary to  
 35 the religious beliefs or sincerely held moral convictions of the health care provider or health care  
 36 facility, such provider or facility shall promptly inform the patient or the patient's designated health  
 37 care decision-maker.

38 3. If a health care provider declines to comply with such health care decision, no health care  
 39 provider or health care facility shall impede the transfer of the patient to another health care  
 40 provider or health care facility willing to comply with the health care decision.

41 4. Nothing in this section shall relieve or exonerate a health care provider or a health care  
 42 facility from the duty to provide for the health care, care, and comfort of a patient pending transfer  
 43 under this section. If withholding or withdrawing certain health care would, in reasonable medical  
 44 judgment, result in or hasten the death of the patient, such health care shall be provided pending  
 45 completion of the transfer. Notwithstanding any other provision of this section, no such health care  
 46 shall be denied on the basis of a view that treats extending the life of an elderly, disabled, or  
 47 terminally ill individual as of lower value than extending the life of an individual who is younger,  
 48 nondisabled, or not terminally ill, or on the basis of the health care provider's or facility's

1 disagreement with how the patient or individual authorized to act on the patient's behalf values the  
2 tradeoff between extending the length of the patient's life and the risk of disability.

3 404.1109. No health care decision-maker shall withhold or withdraw health care from a  
4 pregnant patient, consistent with existing law, as set forth in section 459.025.

5 404.1110. Nothing in sections 404.1100 to 404.1110 is intended to:

6 (1) Be construed as condoning, authorizing, or approving euthanasia or mercy killing; or

7 (2) Be construed as permitting any affirmative or deliberate act to end a person's life, except  
8 to permit natural death as provided by sections 404.1100 to 404.1110."; and  
9

10 Further amend said bill by amending the title, enacting clause, and intersectional references  
11 accordingly.
