1 concerning the release of personal health information. Prior to discharge, a patient may elect to change his or  
2 her caregiver in the event that the original designated caregiver becomes unavailable, unwilling, or unable to  
3 care for the patient. Designation of a caregiver by a patient or a patient's legal guardian does not obligate any

5 4. The hospital or ambulatory surgical center shall document the patient's or the patient's legal  
6 guardian's designation of caregiver, the relationship of the caregiver to the patient, and the caregiver's  
7 available contact information.

8 5. If the patient or the patient's legal guardian declines to designate a caregiver, the hospital or  
9 ambulatory surgical center shall document such information.

10 6. The hospital or ambulatory surgical center shall notify a patient's caregiver of the patient's  
11 discharge or transfer to another facility as soon as practicable, which may be after the patient's physician  
12 issues a discharge order. In the event that the hospital or ambulatory surgical center is unable to contact the  
13 designated caregiver, the lack of contact shall not interfere with, delay, or otherwise affect the medical care  
14 provided to the patient or an appropriate discharge of the patient. The hospital or ambulatory surgical center  
15 shall document the attempt to contact the caregiver.

16 7. Prior to being discharged, if the hospital or ambulatory surgical center is able to contact the  
17 caregiver and caregiver is willing to assist, the hospital or ambulatory surgical center shall provide the  
18 caregiver with the patient's discharge plan, if such plan exists, or instructions for the after-care needs of the  
19 patient and give the caregiver the opportunity to ask questions about the after-care needs of the patient.

20 8. A hospital or ambulatory surgical center is not required nor obligated to determine the ability of a  
21 caregiver to understand or perform any of the after-care tasks outlined in this section.

22 9. Nothing in this section shall authorize or require compensation of a caregiver by a state agency or  
23 a health carrier, as defined in section 376.1350.

25 are inconsistent with the standards of the federal Medicare program under Title XVIII of the Social Security  
26 Act and its conditions of participation in the Code of Federal Regulations or the standards of a national  
27 accrediting organization with deeming authority under Section 1865(a)(1) of the Social Security Act.

28 11. Nothing in this section shall create a private right of action against a hospital, ambulatory  
29 surgical center, a hospital or ambulatory surgical center employee, or an individual with whom a hospital or  
30 ambulatory surgical center has a contractual relationship.

31 12. A hospital, ambulatory surgical center, hospital or ambulatory surgical center employee, or an  
32 individual with whom a hospital or ambulatory surgical center has a contractual relationship shall not be  
33 liable in any way for an act or omission of the caregiver.
