FISCAL ANALYSIS

ASSUMPTION

Oversight was unable to receive some of the agency responses in a timely manner due to the short fiscal note request time. Oversight has presented this fiscal note on the best current information that we have or on prior year information regarding a similar bill. Upon the receipt of agency responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval of the chairperson of the Joint Committee on Legislative Research to publish a new fiscal note.

In response to a similar proposal from last session, HB 459, officials from the **Department of Insurance, Financial Institutions and Professional Registration** stated that the proposal requires the board to issue permits, which will require additional work for the board, but makes no mention of the board's authority to collect a fee. If the process to issue a permit and review the qualifications before issuing an extended care permit ends up being more than expected, additional expenses and/or FTE will be requested through the budget process.
