FISCAL ANALYSIS

ASSUMPTION

Oversight was unable to receive some of the agency responses in a timely manner due to the short fiscal note request time. Oversight has presented this fiscal note on the best current information that we have or on prior year information regarding a similar bill. Upon the receipt of agency responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval of the chairperson of the Joint Committee on Legislative Research to publish a new fiscal note.

Officials from the **Attorney General's Office** assume that any potential costs arising from this proposal could be absorbed with existing resources.

Officials from the **Department of Public Safety - Missouri Highway Patrol** and the **Office of the State Courts Administrator** each assume the proposal would not fiscally impact their respective agencies.

Officials from the **Joint Committee on Administrative Rules** state this legislation is not anticipated to cause a fiscal impact beyond its current appropriation.

In response to other bills this session allowing for the promulgation of rules, officials from the **Office of the Secretary of State (SOS)** have stated that many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, we also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what our office can sustain with our core budget. Therefore, we reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.

ASSUMPTION (continued)

In response to a similar proposal from this year (SB 1079), officials from the **Cole County Sheriff's Department** stated the bill may have minor impact as it relates to training.

In response to a similar proposal from this year (SB 1079), officials from the **Springfield Police Department** stated the bill would not fiscally impact their agency.
