

HB 2630 -- JOB TRAINING PROGRAMS FOR PERSONS OF LOW AND MODERATE INCOME

SPONSOR: Curtis

This bill requires the Department of Economic Development to establish and market a job training program for individuals of low and moderate income. The program must provide necessary training that allows the participant to find gainful employment on a state-funded project in Missouri.

The bill requires the department to prepare and submit an annual report to the General Assembly which includes the recruitment process, the success of the program, and the number of participants that have completed the program. The provisions of this section will become effective on January 1, 2018.

This bill is similar to HB 2171 (2016) and HB 901 (2015).
