

HB 2736 -- RELATING TO THE USE OF STATE REVENUES

SPONSOR: Pogue

This bill limits the use of state revenues so that no state revenues can be spent on any entity that adopts or implements any project, program, or policy that creates or attempts to create a gender-neutral environment in a previously gender-divided environment, except where required by a federal or state court order.

This bill is similar to HB 1339 (2015).
