

House _____ Amendment NO. _____

Offered By _____

1 AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 112,
2 Page 31, Section 139.100, Line 34, by inserting the following after all of said line:

3
4 "142.800. As used in this chapter, the following words, terms and phrases have the
5 meanings given:

6 (1) "Agricultural purposes", clearing, terracing or otherwise preparing the ground on a farm;
7 preparing soil for planting and fertilizing, cultivating, raising and harvesting crops; raising and
8 feeding livestock and poultry; building fences; pumping water for any and all uses on the farm,
9 including irrigation; building roads upon any farm by the owner or person farming the same;
10 operating milking machines; sawing wood for use on a farm; producing electricity for use on a
11 farm; movement of tractors, farm implements and nonlicensed equipment from one field to another;

12 (2) "Alternative fuel", electricity, liquefied petroleum gas (LPG or LP gas), compressed
13 natural gas product, or a combination of liquefied petroleum gas and a compressed natural gas or
14 electricity product used in an internal combustion engine or motor to propel any form of vehicle,
15 machine, or mechanical contrivance. It includes all forms of fuel commonly or commercially
16 known or sold as butane, propane, or compressed natural gas;

17 (3) "Aviation fuel", any motor fuel specifically compounded for use in reciprocating aircraft
18 engines;

19 (4) "Blend stock", any petroleum product component of motor fuel, such as naphtha,
20 reformat, toluene or kerosene, that can be blended for use in a motor fuel without further
21 processing. The term includes those petroleum products presently defined by the Internal Revenue
22 Service in regulations pursuant to 26 U.S.C., Sections 4081 and 4082, as amended. However, the
23 term does not include any substance that:

24 (a) Will be ultimately used for consumer nonmotor fuel use; and

25 (b) Is sold or removed in drum quantities (fifty-five gallons) or less at the time of the
26 removal or sale;

27 (5) "Blended fuel", a mixture composed of motor fuel and another liquid including blend
28 stock, other than a de minimis amount of a product such as carburetor detergent or oxidation
29 inhibitor, that can be used as a fuel in a highway vehicle. This term includes but is not limited to
30 gasohol, ethanol, methanol, fuel grade alcohol, diesel fuel enhancers and resulting blends;

Action Taken _____ Date _____

1 (6) "Blender", any person that produces blended motor fuel outside the bulk
2 transfer/terminal system;

3 (7) "Blending", the mixing of one or more petroleum products, with or without another
4 product, regardless of the original character of the product blended, if the product obtained by the
5 blending is capable of use or otherwise sold for use in the generation of power for the propulsion of
6 a motor vehicle, an airplane, or a motorboat. The term does not include the blending that occurs in
7 the process of refining by the original refiner of crude petroleum or the blending of products known
8 as lubricating oil and greases;

9 (8) "Bulk plant", a bulk motor fuel storage and distribution facility that is not a terminal
10 within the bulk transfer system and from which motor fuel may be removed by truck;

11 (9) "Bulk transfer", any transfer of motor fuel from one location to another by pipeline
12 tender or marine delivery within the bulk transfer/terminal system;

13 (10) "Bulk transfer/terminal system", the motor fuel distribution system consisting of
14 refineries, pipelines, vessels, and terminals. Motor fuel in a refinery, pipeline, boat, barge or
15 terminal is in the bulk transfer/terminal system. Motor fuel in the fuel supply tank of any engine, or
16 in any tank car, rail car, trailer, truck, or other equipment suitable for ground transportation is not in
17 the bulk transfer/terminal system;

18 (11) "Consumer", the user of the motor fuel;

19 (12) "Delivery", the placing of motor fuel or any liquid or propulsion energy into the
20 battery, fuel tank, or storage device of a motor vehicle or bulk storage facility;

21 (13) "Department", the department of revenue;

22 (14) "Destination state", the state, territory, or foreign country to which motor fuel is
23 directed for delivery into a storage facility, a receptacle, a container, or a type of transportation
24 equipment for the purpose of resale or use;

25 (15) "Diesel fuel", any liquid that is commonly or commercially known or sold as a fuel that
26 is suitable for use in a diesel-powered highway vehicle. A liquid meets this requirement if, without
27 further processing or blending, the liquid has practical and commercial fitness for use in the
28 propulsion engine of a diesel-powered highway vehicle. "Diesel fuel" does not include jet fuel sold
29 to a buyer who is registered with the Internal Revenue Service to purchase jet fuel and remit taxes
30 on its sale or use to the Internal Revenue Service. "Diesel fuel" does not include biodiesel
31 commonly referred to as B100 and defined in ASTM D6751, B99, or B99.9 until such biodiesel is
32 blended with other diesel fuel or sold for highway use;

33 (16) "Diesel-powered highway vehicle", a motor vehicle operated on a highway that is
34 propelled by a diesel-powered engine;

35 (17) "Director", the director of revenue;

36 (18) "Distributor", a person who either produces, refines, blends, compounds or
37 manufactures motor fuel, imports motor fuel into a state or exports motor fuel out of a state, or who
38 is engaged in distribution of motor fuel;

39 (19) "Dyed fuel", diesel fuel or kerosene that is required to be dyed pursuant to United
40 States Environmental Protection Agency rules or is dyed pursuant to Internal Revenue Service rules
41 or pursuant to any other requirements subsequently set by the United States Environmental

1 Protection Agency or Internal Revenue Service including any invisible marker requirements;

2 (20) "Eligible purchaser", a distributor who has been authorized by the director to purchase
3 motor fuel on a tax-deferred basis;

4 (21) "Export", to obtain motor fuel in this state for sale or other distribution outside of this
5 state. In applying this definition, motor fuel delivered out of state by or for the seller constitutes an
6 export by the seller, and motor fuel delivered out of state by or for the purchaser constitutes an
7 export by the purchaser;

8 (22) "Exporter", any person, other than a supplier, who purchases motor fuel in this state for
9 the purpose of transporting or delivering the fuel outside of this state;

10 (23) "Farm tractor", all tractor-type, motorized farm implements and equipment but shall
11 not include motor vehicles of the truck-type, pickup truck-type, automobiles, and other motor
12 vehicles required to be registered and licensed each year pursuant to the provisions of the motor
13 vehicle license and registration laws of this state;

14 (24) "Fuel grade alcohol", a methanol or ethanol with a proof of not less than one hundred
15 ninety degrees (determined without regard to denaturants) and products derived from such alcohol
16 for blending with motor fuel;

17 (25) "Fuel transportation vehicle", any vehicle designed for highway use which is also
18 designed or used to transport motor fuels and includes transport trucks and tank wagons;

19 (26) "Gasoline", all products commonly or commercially known or sold as gasoline that are
20 suitable for use as a motor fuel. Gasoline does not include products that have an American Society
21 for Testing and Materials (ASTM) octane number of less than seventy-five as determined by the
22 motor method;

23 (27) "Gross gallons", the total measured motor fuel, exclusive of any temperature or
24 pressure adjustments, in U.S. gallons;

25 (28) "Heating oil", a motor fuel that is burned in a boiler, furnace, or stove for heating or
26 industrial processing purposes;

27 (29) "Import", to bring motor fuel into this state by any means of conveyance other than in
28 the fuel supply tank of a motor vehicle. In applying this definition, motor fuel delivered into this
29 state from out-of-state by or for the seller constitutes an import by the seller, and motor fuel
30 delivered into this state from out-of-state by or for the purchaser constitutes an import by the
31 purchaser;

32 (30) "Import verification number", the number assigned by the director with respect to a
33 single transport truck delivery into this state from another state upon request for an assigned number
34 by an importer or the transporter carrying motor fuel into this state for the account of an importer;

35 (31) "Importer" includes any person who is the importer of record, pursuant to federal
36 customs law, with respect to motor fuel. If the importer of record is acting as an agent, the person
37 for whom the agent is acting is the importer. If there is no importer of record of motor fuel entered
38 into this state, the owner of the motor fuel at the time it is brought into this state is the importer;

39 (32) "Interstate motor fuel user", any person who operates a motor fuel-powered motor
40 vehicle with a licensed gross weight exceeding twenty-six thousand pounds that travels from this
41 state into another state or from another state into this state;

1 (33) "Invoiced gallons", the gallons actually billed on an invoice for payment to a supplier
2 which shall be either gross or net gallons on the original manifest or bill of lading;

3 (34) "K-1 kerosene", a petroleum product having an A.P.I. gravity of not less than forty
4 degrees, at a temperature of sixty degrees Fahrenheit and a minimum flash point of one hundred
5 degrees Fahrenheit with a sulfur content not exceeding four one-hundredths percent by weight;

6 (35) "Kerosene", the petroleum fraction containing hydrocarbons that are slightly heavier
7 than those found in gasoline and naphtha, with a boiling range of one hundred forty-nine to three
8 hundred degrees Celsius;

9 (36) "Liquid", any substance that is liquid in excess of sixty degrees Fahrenheit and at a
10 pressure of fourteen and seven-tenths pounds per square inch absolute;

11 (37) "Motor fuel", gasoline, diesel fuel, kerosene and blended fuel;

12 (38) "Motor vehicle", any automobile, truck, truck-tractor or any motor bus or self-
13 propelled vehicle not exclusively operated or driven upon fixed rails or tracks. The term does not
14 include:

15 (a) Farm tractors or machinery including tractors and machinery designed for off-road use
16 but capable of movement on roads at low speeds, or

17 (b) A vehicle solely operated on rails;

18 (39) "Net gallons", the motor fuel, measured in U.S. gallons, when corrected to a
19 temperature of sixty degrees Fahrenheit and a pressure of fourteen and seven-tenths pounds per
20 square inch absolute (psi);

21 (40) "Permissive supplier", an out-of-state supplier that elects, but is not required, to have a
22 supplier's license pursuant to this chapter;

23 (41) "Person", natural persons, individuals, partnerships, firms, associations, corporations,
24 estates, trustees, business trusts, syndicates, this state, any county, city, municipality, school district
25 or other political subdivision of the state, federally recognized Indian tribe, or any corporation or
26 combination acting as a unit or any receiver appointed by any state or federal court;

27 (42) "Position holder", the person who holds the inventory position in motor fuel in a
28 terminal, as reflected on the records of the terminal operator. A person holds the inventory position
29 in motor fuel when that person has a contract with the terminal operator for the use of storage
30 facilities and terminating services for motor fuel at the terminal. The term includes a terminal
31 operator who owns motor fuel in the terminal;

32 (43) "Propel", the operation of a motor vehicle, whether it is in motion or at rest;

33 (44) "Public highway", every road, toll road, highway, street, way or place generally open to
34 the use of the public as a matter of right for the purposes of vehicular travel, including streets and
35 alleys of any town or city notwithstanding that the same may be temporarily closed for construction,
36 reconstruction, maintenance or repair;

37 (45) "Qualified terminal", a terminal which has been assigned a terminal control number
38 ("tcn") by the Internal Revenue Service;

39 (46) "Rack", a mechanism for delivering motor fuel from a refinery or terminal into a
40 railroad tank car, a transport truck or other means of bulk transfer outside of the bulk
41 transfer/terminal system;

1 (47) "Refiner", any person that owns, operates, or otherwise controls a refinery;

2 (48) "Refinery", a facility used to produce motor fuel from crude oil, unfinished oils,
3 natural gas liquids, or other hydrocarbons and from which motor fuel may be removed by pipeline,
4 by boat or barge, or at a rack;

5 (49) "Removal", any physical transfer of motor fuel from a terminal, manufacturing plant,
6 customs custody, pipeline, boat or barge, refinery or any facility that stores motor fuel;

7 (50) "Retailer", a person that engages in the business of selling or dispensing to the
8 consumer within this state;

9 (51) "Supplier", a person that is:

10 (a) Registered or required to be registered pursuant to 26 U.S.C., Section 4101, for
11 transactions in motor fuels in the bulk transfer/terminal distribution system; and

12 (b) One or more of the following:

13 a. The position holder in a terminal or refinery in this state;

14 b. Imports motor fuel into this state from a foreign country;

15 c. Acquires motor fuel from a terminal or refinery in this state from a position holder
16 pursuant to either a two-party exchange or a qualified buy-sell arrangement which is treated as an
17 exchange and appears on the records of the terminal operator; or

18 d. The position holder in a terminal or refinery outside this state with respect to motor fuel
19 which that person imports into this state. A terminal operator shall not be considered a supplier
20 based solely on the fact that the terminal operator handles motor fuel consigned to it within a
21 terminal. "Supplier" also means a person that produces fuel grade alcohol or alcohol-derivative
22 substances in this state, produces fuel grade alcohol or alcohol-derivative substances for import to
23 this state into a terminal, or acquires upon import by truck, rail car or barge into a terminal, fuel
24 grade alcohol or alcohol-derivative substances. "Supplier" includes a permissive supplier unless
25 specifically provided otherwise;

26 (52) "Tank wagon", a straight truck having multiple compartments designed or used to carry
27 motor fuel;

28 (53) "Terminal", a bulk storage and distribution facility which includes:

29 (a) For the purposes of motor fuel, is a qualified terminal;

30 (b) For the purposes of fuel grade alcohol, is supplied by truck, rail car, boat, barge or
31 pipeline and the products are removed at a rack;

32 (54) "Terminal bulk transfers" include but are not limited to the following:

33 (a) Boat or barge movement of motor fuel from a refinery or terminal to a terminal;

34 (b) Pipeline movements of motor fuel from a refinery or terminal to a terminal;

35 (c) Book transfers of product within a terminal between suppliers prior to completion of
36 removal across the rack; and

37 (d) Two-party exchanges or buy-sell supply arrangements within a terminal between
38 licensed suppliers;

39 (55) "Terminal operator", any person that owns, operates, or otherwise controls a terminal.
40 A terminal operator may own the motor fuel that is transferred through or stored in the terminal;

41 (56) "Transmix", the buffer or interface between two different products in a pipeline

shipment, or a mix of two different products within a refinery or terminal that results in an off-grade mixture;

(57) "Transport truck", a semitrailer combination rig designed or used to transport motor fuel over the highways;

(58) "Transporter", any operator of a pipeline, barge, railroad or transport truck engaged in the business of transporting motor fuels;

(59) "Two-party exchange", a transaction in which the motor fuel is transferred from one licensed supplier or licensed permissive supplier to another licensed supplier or licensed permissive supplier and:

(a) Which transaction includes a transfer from the person that holds the original inventory position for motor fuel in the terminal as reflected on the records of the terminal operator; and

(b) The exchange transaction is simultaneous with removal from the terminal by the receiving exchange partner. However, in any event, the terminal operator in its books and records treats the receiving exchange party as the supplier which removes the product across a terminal rack for purposes of reporting such events to this state;

(60) "Ultimate vendor", a person that sells motor fuel to the consumer;

(61) "Undyed diesel fuel", diesel fuel that is not subject to the United States Environmental Protection Agency dyeing requirements, or has not been dyed in accordance with Internal Revenue Service fuel dyeing provisions; and

(62) "Vehicle fuel tank", any receptacle on a motor vehicle from which fuel is supplied for the propulsion of the motor vehicle.

142.803. 1. A tax is levied and imposed on all motor fuel used or consumed in this state as follows:

(1) Motor fuel, seventeen cents per gallon;

(2) Alternative fuels, not subject to the decal fees as provided in section 142.869, with a power potential equivalent of motor fuel. In the event alternative fuel, which is not commonly sold or measured by the gallon, is used in motor vehicles on the highways of this state, the director is authorized to assess and collect a tax upon such alternative fuel measured by the nearest power potential equivalent to that of one gallon of regular grade gasoline. The determination by the director of the power potential equivalent of such alternative fuel shall be prima facie correct;

(3) Aviation fuel used in propelling aircraft with reciprocating engines, nine cents per gallon as levied and imposed by section 155.080 to be collected as required under this chapter;

(4) Compressed natural gas fuel, five cents per gasoline gallon equivalent until December 31, 2019, eleven cents per gasoline gallon equivalent from January 1, 2020, until December 31, 2024, and then seventeen cents per gasoline gallon equivalent thereafter. The gasoline gallon equivalent and method of sale for compressed natural gas shall be as published by the National Institute of Standards and Technology in Handbooks 44 and 130, and supplements thereto or revisions thereof. In the absence of such standard or agreement, the gasoline gallon equivalent and method of sale for compressed natural gas shall be equal to five and sixty-six-hundredths pounds of compressed natural gas. All applicable provisions contained in this chapter governing administration, collections, and enforcement of the state motor fuel tax shall apply to the tax

imposed on compressed natural gas, including but not limited to licensing, reporting, penalties, and interest;

(5) Liquefied natural gas fuel, five cents per diesel gallon equivalent until December 31, 2019, eleven cents per diesel gallon equivalent from January 1, 2020, until December 31, 2024, and then seventeen cents per diesel gallon equivalent thereafter. The diesel gallon equivalent and method of sale for liquefied natural gas shall be as published by the National Institute of Standards and Technology in Handbooks 44 and 130, and supplements thereto or revisions thereof.

In the absence of such standard or agreement, the diesel gallon equivalent and method of sale for liquefied natural gas shall be equal to six and six-hundredths pounds of liquefied natural gas. All applicable provisions contained in this chapter governing administration, collections, and enforcement of the state motor fuel tax shall apply to the tax imposed on liquefied natural gas, including but not limited to licensing, reporting, penalties, and interest;

(6) Propane gas fuel, five cents per gallon until December 31, 2019, eleven cents per gallon from January 1, 2020, until December 31, 2024, and then seventeen cents per gallon thereafter. All applicable provisions contained in this chapter governing administration, collection, and enforcement of the state motor fuel tax shall apply to the tax imposed on propane gas including, but not limited to, licensing, reporting, penalties, and interest;

(7) If a natural gas, compressed natural gas, [or] liquefied natural gas, electric, or propane connection is used for fueling motor vehicles and for another use, such as heating, the tax imposed by this section shall apply to the entire amount of natural gas, compressed natural gas, [or] liquefied natural gas, electricity, or propane used unless an approved separate metering and accounting system is in place.

2. All taxes, surcharges and fees are imposed upon the ultimate consumer, but are to be precollected as described in this chapter, for the facility and convenience of the consumer. The levy and assessment on other persons as specified in this chapter shall be as agents of this state for the precollection of the tax.

142.869. 1. The tax imposed by this chapter shall not apply to passenger motor vehicles, buses as defined in section 301.010, or commercial motor vehicles registered in this state which are powered by alternative fuel, and for which a valid decal has been acquired as provided in this section, provided that sales made to alternative fueled vehicles powered by propane, compressed natural gas, or liquefied natural gas that do not meet the requirements of subsection 3 of this section shall be taxed exclusively pursuant to subdivisions (4) [and (5)] to (7) of subsection 1 of section 142.803, respectively. The owners or operators of such motor vehicles, except plug-in electric hybrids, shall, in lieu of the tax imposed by section 142.803, pay an annual alternative fuel decal fee as follows: seventy-five dollars on each passenger motor vehicle, school bus as defined in section 301.010, and commercial motor vehicle with a licensed gross vehicle weight of eighteen thousand pounds or less; one hundred dollars on each motor vehicle with a licensed gross weight in excess of eighteen thousand pounds but not more than thirty-six thousand pounds used for farm or farming transportation operations and registered with a license plate designated with the letter "F"; one hundred fifty dollars on each motor vehicle with a licensed gross vehicle weight in excess of

1 eight thousand pounds but less than or equal to thirty-six thousand pounds, and each passenger-
2 carrying motor vehicle subject to the registration fee provided in sections 301.059, 301.061 and
3 301.063; two hundred fifty dollars on each motor vehicle with a licensed gross weight in excess of
4 thirty-six thousand pounds used for farm or farming transportation operations and registered with a
5 license plate designated with the letter "F"; and one thousand dollars on each motor vehicle with a
6 licensed gross vehicle weight in excess of thirty-six thousand pounds. Owners or operators of plug-
7 in electric hybrids shall pay one-half of the stated annual alternative fuel decal fee. Notwithstanding
8 provisions of this section to the contrary, motor vehicles licensed as historic under section 301.131
9 which are powered by alternative fuel shall be exempt from both the tax imposed by this chapter
10 and the alternative fuel decal requirements of this section. For the purposes of this section, a plug-in
11 electric hybrid shall be any hybrid vehicle made by a manufacturer with a model year of 2018 or
12 newer, that has not been modified from the original manufacturer specifications, with an internal
13 combustion engine and batteries that can be recharged by connecting a plug to an electric power
14 source.

15 2. Except interstate fuel users and vehicles licensed under a reciprocity agreement as
16 defined in section 142.617, the tax imposed by section 142.803 shall not apply to motor vehicles
17 registered outside this state which are powered by alternative fuel other than propane, compressed
18 natural gas, and liquefied natural gas, and for which a valid temporary alternative fuel decal has
19 been acquired as provided in this section. The owners or operators of such motor vehicles shall, in
20 lieu of the tax imposed by section 142.803, pay a temporary alternative fuel decal fee of eight
21 dollars on each such vehicle. Such decals shall be valid for a period of fifteen days from the date of
22 issuance and shall be attached to the lower right-hand corner of the front windshield on the motor
23 vehicle for which it was issued. Such decal and fee shall not be transferable. All proceeds from
24 such decal fees shall be deposited as specified in section 142.345. Alternative fuel dealers selling
25 such decals in accordance with rules and regulations prescribed by the director shall be allowed to
26 retain fifty cents for each decal fee timely remitted to the director.

27 3. Owners or operators of passenger motor vehicles, buses as defined in section 301.010, or
28 commercial motor vehicles registered in this state which are powered by compressed natural gas or
29 liquefied natural gas who have installed a compressed natural gas fueling station or liquefied natural
30 gas fueling station used solely to fuel the motor vehicles they own or operate as of December 31,
31 2015, may continue to apply for and use the alternative fuel decal in lieu of paying the tax imposed
32 under subdivisions (4) and (5) of subsection 1 of section 142.803. Owners or operators of
33 compressed natural gas fueling stations or liquefied natural gas fueling stations whose vehicles bear
34 an alternative fuel decal shall be prohibited from selling or providing compressed natural gas or
35 liquefied natural gas to any motor vehicle they do not own or operate. Owners or operators of
36 motor vehicles powered by compressed natural gas or liquefied natural gas bearing an alternative
37 fuel decal after January 1, 2016, that decline to renew the alternative fuel decals for such motor
38 vehicles shall no longer be eligible to apply for and use alternative fuel decals under this subsection.
39 Any compressed natural gas or liquefied natural gas obtained at any fueling station not owned by
40 the owner or operator of the motor vehicle bearing an alternative fuel decal shall be subject to the
41 tax under subdivisions (4) and (5) of subsection 1 of section 142.803.

1 4. An owner or operator of a motor vehicle powered by propane may continue to apply for
 2 and use the alternative fuel decal in lieu of paying the tax imposed under subdivision (6) of
 3 subsection 1 of section 142.803. If the appropriate motor fuel tax under subdivision (6) of
 4 subsection 1 of section 142.803 is collected at the time of fueling, an operator of a propane fueling
 5 station that uses quick-connect fueling nozzles may sell propane as a motor fuel without verifying
 6 the application of a valid Missouri alternative fuel decal. If an owner or operator of a motor vehicle
 7 powered by propane that bears an alternative fuel decal refuels at an unattended propane refueling
 8 station, such owner or operator shall not be eligible for a refund of the motor fuel tax paid at such
 9 refueling.

10 5. The director shall annually, on or before January thirty-first of each year, collect or cause
 11 to be collected from owners or operators of the motor vehicles specified in subsection 1 of this
 12 section the annual decal fee. Applications for such decals shall be supplied by the department of
 13 revenue. In the case of a motor vehicle which is not in operation by January thirty-first of any year,
 14 a decal may be purchased for a fractional period of such year, and the amount of the decal fee shall
 15 be reduced by one-twelfth for each complete month which shall have elapsed since the beginning of
 16 such year. This subsection shall not apply to an owner or operator of a motor vehicle powered by
 17 propane who fuels such vehicle exclusively at unattended fueling stations that collect the motor fuel
 18 tax.

19 [5.] 6. Upon the payment of the fee required by subsection 1 of this section, the director
 20 shall issue a decal, which shall be valid for the current calendar year and shall be attached to the
 21 lower right-hand corner of the front windshield on the motor vehicle for which it was issued.

22 [6.] 7. The decal fee paid pursuant to subsection 1 of this section for each motor vehicle
 23 shall be transferable upon a change of ownership of the motor vehicle and, if the LP gas or natural
 24 gas equipment is removed from a motor vehicle upon a change of ownership and is reinstalled in
 25 another motor vehicle, upon such reinstallation. Such transfers shall be accomplished in accordance
 26 with rules and regulations promulgated by the director.

27 [7.] 8. It shall be unlawful for any person to operate a motor vehicle required to have an
 28 alternative fuel decal upon the highways of this state without a valid decal unless the motor vehicle
 29 is exclusively fueled at propane, compressed natural gas, or liquefied natural gas fueling stations
 30 that collect the motor fuel tax.

31 [8.] 9. No person shall cause to be put, or put, [LP gas] any alternative fuel into the fuel
 32 supply receptacle or battery of a motor vehicle required to have an alternative fuel decal unless the
 33 motor vehicle either has a valid decal attached to it or the appropriate motor fuel tax is collected at
 34 the time of such fueling. [Sales of fuel placed in the supply receptacle of a motor vehicle displaying
 35 such decal shall be recorded upon an invoice, which invoice shall include the decal number, the
 36 motor vehicle license number and the number of gallons placed in such supply receptacle.]

37 [9.] 10. Any person violating any provision of this section is guilty of an infraction and
 38 shall, upon conviction thereof, be fined five hundred dollars.

39 [10.] 11. Motor vehicles displaying a valid alternative fuel decal are exempt from the
 40 licensing and reporting requirements of this chapter."; and
 41

1 Further amend said bill, Page 52, Section 1, Line 62, by inserting the following after all of said line:

2
3 "Section 2. Notwithstanding any other provision of law, any political subdivision that
4 imposes a local excise or sales tax enacted after January 1, 2017, under article IV, section 30(a) of
5 the Constitution of Missouri shall use no less than ninety percent of such funds collected for the
6 construction, reconstruction, maintenance, and repair of roads and streets and for the payment and
7 interest on indebtedness incurred on account of road and street purposes, and no more than ten
8 percent of such funds collected for policing, signing, lighting, and cleaning roads and streets."; and

9
10 Further amend said bill by amending the title, enacting clause, and intersectional references
11 accordingly.
