7 inadequate street layout, insanitary or unsafe conditions, deterioration of site improvements,  
8 improper subdivision or obsolete platting, or the existence of conditions which endanger life or  
9 property by fire and other causes, or any combination of such factors, retards the provision of

16 located within the territorial limits of a municipality in which fifty percent or more of the structures  
17 in the area have an age of thirty-five years or more. Such an area is not yet a blighted area but is  
18 detrimental to the public health, safety, morals, or welfare and may become a blighted area because  
19 of any one or more of the following factors: dilapidation; obsolescence; deterioration; illegal use of  
20 individual structures; presence of structures below minimum code standards; abandonment;  
21 excessive vacancies; overcrowding of structures and community facilities; lack of ventilation, light

30 redevelopment area, while tax increment financing remains in effect, but excluding personal

34 one year from one facility to another facility within the same county and the governing body of the  
35 municipality finds that the relocation is a direct beneficiary of tax increment financing, then for  
36 purposes of this definition, the economic activity taxes generated by the retail establishment shall

 5 territorial limits of a municipality, which does not meet the requirements of subdivisions (1) and (3)  
 6 of this section, and in which the governing body of the municipality finds that redevelopment will  
 7 not be solely used for development of commercial businesses which unfairly compete in the local  
 8 economy and is in the public interest because it will:

9 (a) Discourage commerce, industry or manufacturing from moving their operations to  
 10 another state; or

12 (c) Result in preservation or enhancement of the tax base of the municipality;

13 (6) "Gambling establishment", an excursion gambling boat as defined in section 313.800

25 99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the  
 26 event a municipality has undertaken acts establishing a redevelopment plan and redevelopment  
 27 project and has designated a redevelopment area after the passage and approval of sections 99.800  
 28 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of  
 29 sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance  
 30 providing that after the total equalized assessed valuation of the taxable real property in a  
 31 redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable  
 32 real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if  
 33 any, arising from the levies upon taxable real property in such redevelopment project by taxing  
 34 districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year  
 35 after the effective date of the ordinance until redevelopment costs have been paid shall be divided as  
 36 follows:

37 (1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or  
 38 parcel of real property which is attributable to the initial equalized assessed value of each such  
 39 taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project  
 40 shall be allocated to and, when collected, shall be paid by the county collector to the respective  
 41 affected taxing districts in the manner required by law in the absence of the adoption of tax  
 42 increment allocation financing;

43 (2) (a) Payments in lieu of taxes attributable to the increase in the current equalized  
 44 assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for  
 45 the redevelopment project and any applicable penalty and interest over and above the initial  
 46 equalized assessed value of each such unit of property in the area selected for the redevelopment  
 47 project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall  
 48 deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the

1 municipality for the purpose of paying redevelopment costs and obligations incurred in the payment  
 2 thereof. Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in  
 3 such taxing district's levy rate for ad valorem tax on real property, any additional revenues generated  
 4 within an existing redevelopment project area that are directly attributable to the newly voter-  
 5 approved incremental increase in such taxing district's levy rate shall not be considered payments in  
 6 lieu of taxes subject to deposit into a special allocation fund without the consent of such taxing  
 7 district. Revenues will be considered directly attributable to the newly voter-approved incremental  
 8 increase to the extent that they are generated from the difference between the taxing district's actual  
 9 levy rate currently imposed and the maximum voter-approved levy rate at the time that the  
 10 redevelopment project was adopted. Payments in lieu of taxes which are due and owing shall  
 11 constitute a lien against the real estate of the redevelopment project from which they are derived and  
 12 shall be collected in the same manner as the real property tax, including the assessment of penalties  
 13 and interest where applicable. The municipality may, in the ordinance, pledge the funds in the  
 14 special allocation fund for the payment of such costs and obligations and provide for the collection  
 15 of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special  
 16 assessment lien as provided in section 88.861. No part of the current equalized assessed valuation  
 17 of each lot, block, tract, or parcel of property in the area selected for the redevelopment project  
 18 attributable to any increase above the total initial equalized assessed value of such properties shall  
 19 be used in calculating the general state school aid formula provided for in section 163.031 until such  
 20 time as all redevelopment costs have been paid as provided for in this section and section 99.850[-] ;

21 (b) Notwithstanding any provisions of this section to the contrary, for purposes of  
 22 determining the limitation on indebtedness of local government pursuant to Article VI, Section  
 23 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area  
 24 selected for redevelopment attributable to the increase above the total initial equalized assessed  
 25 valuation shall be included in the value of taxable tangible property as shown on the last completed  
 26 assessment for state or county purposes[-] ;

27 (c) The county assessor shall include the current assessed value of all property within the  
 28 taxing district in the aggregate valuation of assessed property entered upon the assessor's book and  
 29 verified pursuant to section 137.245, and such value shall be utilized for the purpose of the debt  
 30 limitation on local government pursuant to Article VI, Section 26(b) of the Missouri Constitution;

31 (3) For purposes of this section, "levies upon taxable real property in such redevelopment  
 32 project by taxing districts" shall not include the blind pension fund tax levied under the authority of  
 33 Article III, Section 38(b) of the Missouri Constitution, or the merchants' and manufacturers'  
 34 inventory replacement tax levied under the authority of subsection 2 of Section 6 of Article X of the  
 35 Missouri Constitution, except in redevelopment project areas in which tax increment financing has  
 36 been adopted by ordinance pursuant to a plan approved by vote of the governing body of the  
 37 municipality taken after August 13, 1982, and before January 1, 1998;

38 (4) The board or body that oversees a special taxing district, as that term is defined under  
 39 section 99.805, may elect to have the property or sales taxes levied by such district excluded from a  
 40 tax increment allocation financing project or plan by passing a resolution by two-thirds majority  
 41 prior to the time the project or plan is adopted or approved by ordinance. At least ten days prior to  
 42 the vote on the resolution, the board shall post notice of and hold a public hearing. If the resolution  
 43 passes, the board shall notify the director of revenue and county collector. If the resolution passes,  
 44 subdivisions (1) and (2) of this subsection shall not apply to any tax levied by the special taxing  
 45 district, and all revenue from such tax shall be allocated to the district and shall not be allocated to  
 46 redevelopment costs and obligations; and

47 (5) A school board of a school district may elect to have the portion of property tax revenue  
 48 allocated to the school district by a county or municipality excluded from a tax increment allocation

financing project or plan by passing a resolution by two-thirds majority prior to the time the project or plan is adopted or approved by ordinance. At least ten days prior to the vote on the resolution, the board shall post notice of and hold a public hearing. If the resolution passes, the board shall notify the director of revenue and county collector. If the resolution passes, subdivision (2) of this subsection shall not apply to the percentage of property tax revenue equal to the average percentage of property tax revenue allocated to the school district over the preceding five years, and such percentage of revenue attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property within the redevelopment project area shall be allocated to the school district and shall not be allocated to redevelopment costs and obligations.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, taxes levied for the purpose of public transportation pursuant to section 94.660, taxes imposed on sales pursuant to subsection 2 of section 67.1712 for the purpose of operating and maintaining a metropolitan park and recreation district, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement or levied by such county under section 238.410 for the purpose of the county transit authority operating transportation facilities, or for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 28, 2013, taxes imposed on sales under and pursuant to section 67.700 or 650.399 for the purpose of emergency communication systems, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Beginning August 28, 2014, if the voters in a taxing district vote to approve an

1 increase in such taxing district's sales tax or use tax, other than the renewal of an expiring sales or  
 2 use tax, any additional revenues generated within an existing redevelopment project area that are  
 3 directly attributable to the newly voter-approved incremental increase in such taxing district's levy  
 4 rate shall not be considered economic activity taxes subject to deposit into a special allocation fund  
 5 without the consent of such taxing district.

6 4. Beginning January 1, 1998, for redevelopment plans and projects adopted or  
 7 redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of  
 8 this section, in addition to the payments in lieu of taxes and economic activity taxes described in  
 9 subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in  
 10 subsection 8 of this section, estimated for the businesses within the project area and identified by the  
 11 municipality in the application required by subsection 10 of this section, over and above the amount  
 12 of such taxes reported by businesses within the project area as identified by the municipality in their  
 13 application prior to the approval of the redevelopment project by ordinance, while tax increment  
 14 financing remains in effect, may be available for appropriation by the general assembly as provided  
 15 in subsection 10 of this section to the department of economic development supplemental tax  
 16 increment financing fund, from the general revenue fund, for distribution to the treasurer or other  
 17 designated financial officer of the municipality with approved plans or projects.

18 5. The treasurer or other designated financial officer of the municipality with approved  
 19 plans or projects shall deposit such funds in a separate segregated account within the special  
 20 allocation fund established ~~[pursuant to section]~~ under sections 99.805 to 99.865.

21 6. No transfer from the general revenue fund to the Missouri supplemental tax increment  
 22 financing fund shall be made unless an appropriation is made from the general revenue fund for that  
 23 purpose. No municipality shall commit any state revenues prior to an appropriation being made for  
 24 that project. For all redevelopment plans or projects adopted or approved after December 23, 1997,  
 25 appropriations from the new state revenues shall not be distributed from the Missouri supplemental  
 26 tax increment financing fund into the special allocation fund unless the municipality's  
 27 redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent  
 28 of economic activity taxes generated by the project shall be used for eligible redevelopment project  
 29 costs while tax increment financing remains in effect. This account shall be separate from the  
 30 account into which payments in lieu of taxes are deposited, and separate from the account into  
 31 which economic activity taxes are deposited.

32 7. In order for the redevelopment plan or project to be eligible to receive the revenue  
 33 described in subsection 4 of this section, the municipality shall comply with the requirements of  
 34 subsection 10 of this section prior to the time the project or plan is adopted or approved by  
 35 ordinance. The director of the department of economic development and the commissioner of the  
 36 office of administration may waive the requirement that the municipality's application be submitted  
 37 prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's  
 38 approval by ordinance.

39 8. For purposes of this section, "new state revenues" means:

40 (1) The incremental increase in the general revenue portion of state sales tax revenues  
 41 received pursuant to section 144.020, excluding sales taxes that are constitutionally dedicated, taxes  
 42 deposited to the school district trust fund in accordance with section 144.701, sales and use taxes on  
 43 motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. In no  
 44 event shall the incremental increase include any amounts attributable to retail sales unless the  
 45 municipality or authority has proven to the Missouri development finance board and the department  
 46 of economic development and such entities have made a finding that the sales tax increment  
 47 attributable to retail sales is from new sources which did not exist in the state during the baseline  
 48 year. The incremental increase in the general revenue portion of state sales tax revenues for an

existing or relocated facility shall be the amount that current state sales tax revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan as provided in subsection 10 of this section; or

(2) The state income tax withheld on behalf of new employees by the employer pursuant to section 143.221 at the business located within the project as identified by the municipality. 9. Subsection 4 of this section shall apply only to the following:

19 new jobs created in the redevelopment area shall be approved by the director of the department of  
20 economic development or his or her designee and the commissioner of the office of administration  
21 or his or her designee. Upon approval of the application, the director of the department of economic  
22 development or his or her designee and the commissioner of the office of administration or his or  
23 her designee shall issue a certificate of approval. The department of economic development may  
24 request the appropriation following application approval;

25 (3) The appropriation shall be either a portion of the estimate of the incremental increase in  
26 the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the  
27 estimate of the state income tax withheld by the employer on behalf of new employees who fill new  
28 jobs created in the redevelopment area as indicated in the municipality's application, approved by  
29 the director of the department of economic development or his or her designee and the  
30 commissioner of the office of administration or his or her designee. At no time shall the annual  
31 amount of the new state revenues approved for disbursements from the Missouri supplemental tax  
32 increment financing fund exceed thirty-two million dollars; provided, however, that such thirty-two  
33 million dollar cap shall not apply to redevelopment plans or projects initially listed by name in the  
34 applicable appropriations bill after August 28, 2015, which involve either:

35 (a) A former automobile manufacturing plant; or

36 (b) The retention of a federal employer employing over two thousand geospatial intelligence  
37 jobs.

38  
39 At no time shall the annual amount of the new state revenues for disbursements from the Missouri  
40 supplemental tax increment financing fund for redevelopment plans and projects eligible under the  
41 provisions of paragraph (a) of this subdivision exceed four million dollars in the aggregate. At no  
42 time shall the annual amount of the new state revenues for disbursements from the Missouri  
43 supplemental tax increment financing fund for redevelopment plans and projects eligible under the  
44 provisions of paragraph (b) of this subdivision exceed twelve million dollars in the aggregate. To  
45 the extent a redevelopment plan or project independently meets the eligibility criteria set forth in  
46 both paragraphs (a) and (b) of this subdivision, then at no such time shall the annual amount of new  
47 state revenues for disbursements from the Missouri supplemental tax increment financing fund for  
48 such eligible redevelopment plan or project exceed twelve million dollars in the aggregate;

1           (4) Redevelopment plans and projects receiving new state revenues shall have a duration of  
2 up to fifteen years, unless prior approval for a longer term is given by the director of the department  
3 of economic development or his or her designee and the commissioner of the office of  
4 administration or his or her designee; except that, in no case shall the duration exceed twenty-three  
5 years.

6           11. In addition to the areas authorized in subsection 9 of this section, the funding authorized  
7 pursuant to subsection 4 of this section shall also be available in a federally approved levee district,  
8 where construction of a levee begins after December 23, 1997, and which is contained within a  
9 county of the first classification without a charter form of government with a population between  
10 fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a  
11 population in excess of four hundred thousand or more inhabitants.

12           12. There is hereby established within the state treasury a special fund to be known as the  
13 "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of  
14 economic development. The department shall annually distribute from the Missouri supplemental  
15 tax increment financing fund the amount of the new state revenues as appropriated as provided in  
16 the provisions of subsection 4 of this section if and only if the conditions of subsection 10 of this  
17 section are met. The fund shall also consist of any gifts, contributions, grants or bequests received  
18 from federal, private or other sources. Moneys in the Missouri supplemental tax increment  
19 financing fund shall be disbursed per project pursuant to state appropriations.

20           13. Redevelopment project costs may include, at the prerogative of the state, the portion of  
21 salaries and expenses of the department of economic development and the department of revenue  
22 reasonably allocable to each redevelopment project approved for disbursements from the Missouri  
23 supplemental tax increment financing fund for the ongoing administrative functions associated with  
24 such redevelopment project. Such amounts shall be recovered from new state revenues deposited  
25 into the Missouri supplemental tax increment financing fund created under this section.

26           14. For redevelopment plans or projects approved by ordinance that result in net new jobs  
27 from the relocation of a national headquarters from another state to the area of the redevelopment  
28 project, the economic activity taxes and new state tax revenues shall not be based on a calculation of  
29 the incremental increase in taxes as compared to the base year or prior calendar year for such  
30 redevelopment project, rather the incremental increase shall be the amount of total taxes generated  
31 from the net new jobs brought in by the national headquarters from another state. In no event shall  
32 this subsection be construed to allow a redevelopment project to receive an appropriation in excess  
33 of up to fifty percent of the new state revenues.

34           15. Notwithstanding any other provision of the law to the contrary, the adoption of any tax  
35 increment financing authorized under sections 99.800 to 99.865 shall not supersede, alter, or reduce  
36 in any way a property tax levied under section 205.971."; and  
37

38 Further amend said bill by amending the title, enacting clause, and intersectional references  
39 accordingly.
