authority.

- (4) A health care licensee providing free health care shall not engage in activities at a clinic, or at the health care licensee's office, if the activities are performed on behalf of the sponsoring organization, unless such activities are authorized by the appropriate authorities to be performed at the clinic or office and the clinic or office is in compliance with all applicable regulations.
- 2. For purposes of this section, any commissioned or contract medical officer or dentist serving on active duty in the United States Armed Forces and assigned to duty as a practicing, commissioned, or contract medical officer or dentist at any military hospital or medical facility owned and operated by the United States government shall be deemed to be licensed.
- 191.1114. 1. To qualify for liability protection under subdivision (1) of subsection 1 of section 191.1110, a health care provider who provides volunteer health care services without working on behalf of a sponsoring organization shall register with the appropriate licensing body before providing such services by submitting a registration fee of fifty dollars and filing a registration form. The registration and fee shall be submitted annually to the appropriate licensing body with the fee to be used for the administration of sections 191.1100 to 191.1116. Such registration form shall contain:
 - (1) The name of the health care provider;
- (2) The address, including street, city, zip code, and county, of the health care provider's principal office address;
- (3) Telephone numbers for the principal office listed under subdivision (2) of this subsection; and
 - (4) Such additional information as the appropriate licensing body shall require.

Upon any change in the information required under this subsection, the health care provider shall notify the appropriate licensing body in writing of such change within thirty days of its occurrence.

- 2. The health care provider shall maintain on file for five years following the date of service the date, place, and type of services provided and shall furnish such records upon request to any regulatory board of any healing arts profession established under state law.
- 3. Adverse incidents and information on treatment outcomes shall be reported by any provider to the appropriate licensing body if the incidents and information pertain to a patient treated under the volunteer health services act. The appropriate licensing body shall review the incident to determine whether it involves conduct by the licensee that is subject to disciplinary action. All patient medical records and any identifying information contained in adverse incident reports and treatment outcomes which are obtained by governmental entities or licensing bodies under this subsection are confidential.
- 4. The appropriate licensing body may revoke the registration of any health care provider that fails to comply with the requirements of this section.
- 5. Nothing in the volunteer health services act shall prohibit a health care provider from providing health care services without charge or shall require a health care provider to register with an appropriate licensing body. However, a health care provider who does not register or who does not work on behalf of a sponsoring organization shall not be entitled to liability protection under subdivision (1) subsection 1 of section 191.1110 or to continuing education credits under section 191.1116.
- 191.1116. For every hour of volunteer service performed by a health care provider, the appropriate licensing body shall credit such health care professional one hour of continuing education credit, up to a maximum of eight credit hours per licensure period. The health care provider shall submit to the appropriate licensing body a voluntary services report that lists the dates of voluntary service provided, the type of service provided, and the amount of time spent with each
