FISCAL ANALYSIS

ASSUMPTION

Officials at the **Department of Elementary and Secondary Education** assume no cost to the department.

Officials at the **Parkway School District** assume an additional impact of \$3,360 per year. The WorkKeys assessment is longer than the ACT so it would require it to be broken up over multiple days. It would also mean two administrative processes. As a result, the district would need 2 additional proctor/assistants at each high school for four days. Total 2 people x 4 days x 4 schools = 32 person days x 7 hour/day X \$15 per hour = \$3,360 a year.

Officials at the **Kansas City Public Schools** assume no additional fiscal impact as they currently allow certain students to take the ACT WorkKeys assessment.

Officials at the **Special School District of St. Louis** assume no fiscal impact as they already use the ACT WorkKeys assessment and the expenses are currently included in their budget.

Officials at the **West Plains School District** assume no fiscal impact based on the assumption that DESE would pay any fee for the assessment.

Officials at the **Wentzville R-IV School District** assume a cost of \$2,000 for the time required to develop a field in our student information system and set up a separate testing schedule.

Officials at the **Campbell R-II School District** assume a positive unknown impact on the district.

Officials at the following school districts: **Bakersfield R-IV, Bowling Green, Eldon, Everton, Forsyth R-III, Malta Bend, Middle Grove, Warren County R-III and Wright City R-II School District** all assume there is no fiscal impact from this proposal to their respective districts.

Officials at the **Pettis County R-XII School District** assume no fiscal impact as they are a K-8 district only.

Officials at the **Kirksville R-III School District** responded to Oversight but did not indicate a fiscal impact.

ASSUMPTION (continued)

Oversight notes that on January 14, 2014, the state board of education approved the administration of the ACT Plus Writing assessment to all grade 11 students. This proposal would allow students to take the ACT WorkKeys assessment instead of the ACT Plus Writing assessment.

Oversight notes this proposal in §160.572.2 requires DESE to allow students to participate in the state-funded administration of the ACT WorkKeys assessment. Oversight assumes that since DESE would be required to pay for the ACT WorkKeys assessment that there would be no cost to school districts for the purchase of the assessment.

Oversight notes that DESE currently pays for the ACT Plus Writing Assessment and would be required to pay for the ACT WorkKeys Assessment. Oversight assumes this substitute of assessments would not incur additional expenses for the state.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
