FISCAL ANALYSIS

ASSUMPTION

Officials at the **Department of Revenue (DOR)** assume this proposal allows for the issuance of 180 day sales tax credit from the sale of multiple motor vehicles, trailers, boats, or outboard motors which can be used as a credit toward the purchase of one motor vehicle, trailer, boat, or outboard motor.

DOR assumes procedures will need to be revised. This will require 40 hours for a Management Analyst Specialist I at a cost of \$890 in FY 2018. DOR assumes this could result in a decrease or increase in revenue received from sales tax collections on motor vehicles.

Oversight assumes DOR is provided with core funding to handle a certain amount of procedure changes each year. Oversight assumes DOR could absorb the changes related to this proposal. If multiple bills pass which require additional staffing and duties at substantial costs, DOR could request funding through the appropriation process.

Officials at the **Joint Committee on Administrative Rules** assume there is no fiscal impact from this proposal.

Officials from the **Office of the Secretary of State (SOS)** state many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.

<u>FISCAL IMPACT - State Government</u>	FY 2018 (10 Mo.)	FY 2019	FY 2020

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
