FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Public Safety - Missouri Highway Patrol**, the **Office of Prosecution Services**, and the **Department of Corrections** each assume the proposal would not fiscally impact their respective agencies.

In response to a previous version, officials from the **Office of the State Courts Administrator** assumed the proposal would not fiscally impact their agency.

In response to a previous version, officials from the **Attorney General's Office** assumed that any potential costs arising from this proposal could be absorbed with existing resources.

In response to a previous version, officials from the **Office of State Public Defender (SPD)** could not assume that existing staff will provide effective representation for any new cases arising where indigent persons face charges of child abuse and sexual offenses committed against a child after the current statute of limitations has expired (10 years and 30 years respectively).

While the number of new cases (or cases with increased penalties) may be too few or uncertain to request additional funding for this specific bill, the SPD will continue to request sufficient appropriations to provide effective representation in all cases where the right to counsel attaches.

Oversight assumes the SPD can absorb the additional caseload that may result from this proposal.
