FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of Prosecution Services**, the **Department of Corrections**, the **Office of the State Courts Administrator** each assume the proposal would not fiscally impact their respective agencies.

In response to a previous version, officials from the **Department of Public Safety - Missouri Highway Patrol**, the **St. Louis County Police Department**, the **St. Louis County Justice Services**, and the **Springfield Police Department** each assumed the proposal would not fiscally impact their respective agencies.

For the purpose of this proposed legislation, officials from the **Office of State Public Defender (SPD)** cannot assume that existing staff will provide effective representation for any new cases arising where indigent persons are charged with the proposed new crime of installing or using a cell site simulator to unlawfully obtain information, a new class E felony.

While the number of new cases (or cases with increased penalties) may be too few or uncertain to request additional funding for this specific bill, the SPD will continue to request sufficient appropriations to provide effective representation in all cases where the right to counsel attaches.

Oversight assumes the SPD can absorb the additional caseload that may result from this proposal.

FISCAL DESCRIPTION
