79 upon the department's approval of a notice of intent and the execution of an agreement
80 that meets the requirements of subsection 9 of this section, but no earlier than January 1,

90 eligible for participation in the Missouri quality jobs program under sections 620.1875 to
91 620.1890 for any new jobs for which it does not retain withholding tax under this section,
92 provided all qualifications for such program are met.

93 5. A qualified supplier may, upon approval of a notice of intent by the department,
94 retain all withholding tax from new jobs for a period of three years from the date of
95 approval of the notice of intent or for a period of five years if the supplier pays wages for
96 the new jobs equal to or greater than one hundred twenty percent of county average wage.
97 Notwithstanding any other provision of law to the contrary, a qualified supplier that is
98 awarded benefits under this section shall not receive any tax credit or exemption or be
99 entitled to retain withholding under sections 100.700 to 100.850, sections 135.100 to
100 135.150, sections 135.200 to 135.286, sections 135.900 to 135.906, sections 135.950 to
101 135.970, or section 620.2010 for the same jobs.

102 6. Notwithstanding any other provision of law to the contrary, the maximum
103 amount of withholding tax that may be retained by any one qualified manufacturing
104 company under this section shall not exceed ten million dollars per calendar year. The
105 aggregate amount of withholding tax that may be retained by all qualified manufacturing
106 companies under this section shall not exceed fifteen million dollars per calendar year.

107 7. Notwithstanding any other provision of law to the contrary, any qualified
108 manufacturing company that is awarded benefits under this section shall not

110 135.100 to 135.150, sections 135.200 to 135.286, section 135.535, or sections 135.900 to
111 135.906 for the jobs created or retained or capital improvement which qualified for
112 benefits under this section. If the qualified manufacturing company is eligible to retain
113 withholding tax in any other state program in addition to this section, the commencement
114 of the withholding period may not be delayed during the time that the qualified
115 manufacturing company is participating in the other state program. The qualified
116 manufacturing company shall first receive the benefits from the other state program. After
117 such time that the qualified manufacturing company is no longer eligible to participate in
118 the other state program, the qualified manufacturing company may receive any remaining
119 benefits under this section for the remainder of the initial withholding period. These other
120 state programs include, but are not limited to, the Missouri works program under sections

123 99.800 to 99.865, and the Missouri downtown and rural economic stimulus act under
124 sections 99.915 to 99.980. If any qualified manufacturing company also participates in the
125 Missouri works jobs training program under sections 620.800 to 620.809, such qualified

manufacturing company shall not retain any withholding tax that has already been allocated for use in the new jobs training program. Any qualified manufacturing company or qualified supplier that is awarded benefits under this program and knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any withholding taxes already retained. Subsection 5 of section 285.530 shall not apply to qualified manufacturing companies or qualified suppliers that are awarded benefits under this program.

8. The department may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2017, shall be invalid and void.

9. Within six months of completion of a notice of intent required under this section, the qualified manufacturing company shall enter into an agreement with the department that memorializes the content of the notice of intent, the requirements of this section, and the consequences for failing to meet such requirements, which shall include the following:

(1) If the amount of capital investment made by the qualified manufacturing company is not made within the two-year period provided for such investment, the qualified manufacturing company shall immediately cease retaining any withholding tax with respect to jobs at the facility and shall forfeit all rights to retain withholding tax for the remainder of the withholding period. In addition, the qualified manufacturing company shall repay any amounts of withholding tax retained plus interest of five percent per annum. However, in the event that such capital investment shortfall is due to economic conditions beyond the control of the qualified manufacturing company, the director may, at the qualified manufacturing company's request, suspend rather than terminate its privilege to retain withholding tax under this section for up to three years. Any such suspension shall extend the withholding period by the same amount of time. No more than one such suspension shall be granted to a qualified manufacturing company; and

(2) If the qualified manufacturing company discontinues the manufacturing of the new product and does not replace it with a subsequent or additional new product manufactured at the facility at any time during the withholding period, the qualified

162 manufacturing company shall immediately cease retaining any withholding tax with
163 respect to jobs at that facility and it shall forfeit all rights to retain withholding tax for the
164 remainder of the withholding period.

165 **10.** Prior to March first each year, the department shall provide a report to the
166 general assembly including the names of participating qualified manufacturing companies
167 or qualified suppliers, location of such companies or suppliers, the annual amount of
168 benefits provided, the estimated net state fiscal impact including direct and indirect new
169 state taxes derived, and the number of new jobs created or jobs retained.

170 **11.** Under section 23.253 of the Missouri sunset act:

171 **(1)** The provisions of the new program authorized under this section shall
172 automatically sunset on December thirty-first six years after the effective date of this
173 section unless reauthorized by an act of the general assembly;

174 **(2)** If such program is reauthorized, the program authorized under this section shall
175 automatically sunset twelve years after the effective date of the reauthorization of this
176 section; and

177 **(3)** This section shall terminate on September first of the calendar year immediately
178 following the calendar year in which the program authorized under this section is sunset.
