The term "wages" shall not include:
- (1) The amount of any payment made (including any amount paid by an employing unit for insurance or annuities, or into a fund, to provide for any such payment) to, or on behalf of, an individual under a plan or system established by an employing unit which makes provision generally for individuals performing services for it or for a class or classes of such individuals, on account of:

For any calendar year, the state taxable wage base shall not be reduced to less than that part of the remuneration which is subject to a tax under a federal law imposing a tax against which credit may be taken for contributions required to be paid into a state unemployment compensation trust fund. 2. Using the same mathematical principles used in constructing the table provided in subsection 1 of this section, the following table has been constructed. The contribution rate for the following calendar year of any employer participating in a shared work plan under section 288.500 during the current calendar year or any calendar year during a prior three-year period shall be determined from the balance in such employer's experience rating account as of the previous June thirtieth, or within a reasonable time thereafter as may be fixed by regulation, from the following table:

Percentage the Employer's Experience Rating-

Account is to that Employer's Average Annual Payroll-

- 3. Notwithstanding the provisions of subsection 2 of section 288.090, any employer participating in a shared work plan under section 288.500 who has not had at least twelve calendar months immediately preceding the calculation date throughout which his account could have been charged with benefits shall have a contribution rate equal to the highest contribution rate in the table in subsection 2 of this section, until such time as his account has been chargeable with benefits for the period of time sufficient to enable him to qualify for a computed rate on the same basis as other employers participating in shared work plans.
- 4. Employers who have been taxed at the maximum rate pursuant to this section for two consecutive years shall have a surcharge of one-quarter percent added to their contribution rate calculated pursuant to this section. In the event that an employer remains at the maximum rate pursuant to this section for a third or subsequent year, an additional surcharge of one-quarter percent shall be annually assessed, but in no case shall the surcharge authorized in this subsection eumulatively exceed one percent. Additionally, if an employer continues to remain at the maximum rate pursuant to this section an additional surcharge of one-half percent shall be assessed. In no case shall the total surcharge assessed to any employer exceed one and one-half percent in any given year.
- 5. For a period of sixty days beginning October 16, 2015, an employer who reasonably believes that he or she has been assigned an erroneous experience rating as a result of the purchase of a company shall have the right to file a timely appeal for recovery of overpayments for the last five years due to such erroneous assignment.]

- 3. Notwithstanding the provisions of subsection 2 of section 288.090, any employer participating in a shared work plan under section 288.500 who has not had at least twelve calendar months immediately preceding the calculation date throughout which his account could have been charged with benefits shall have a contribution rate equal to the highest contribution rate in the table in subsection 2 of this section, until such time as his account has been chargeable with benefits for the period of time sufficient to enable him to qualify for a computed rate on the same basis as other employers participating in shared work plans.

In no case shall the total surcharge assessed to any employer exceed one and one-half percent in any given year.

5. For a period of sixty days beginning with the effective date of this section, an employer who reasonably believes that he or she has been assigned an erroneous experience rating as a result of the purchase of a company shall have the right to file a timely appeal for recovery of overpayments for the last five years due to such erroneous assignment.

state is pledged to the payment of the principal, premium, if any, or interest on the credit instruments.

- (8) The board pledges and agrees with the owners of any credit instruments issued under this section that the state will not limit or alter the rights vested in the board to fulfill the terms of any agreements made with the owners or in any way impair the rights and remedies of the owners until the credit instruments are fully discharged.
- (9) The board may prescribe the form, details, and incidents of the credit instruments and make such covenants that in its judgment are advisable or necessary to properly secure the payment thereof. If such credit instruments shall be authenticated by the bank or trust company acting as registrar for such by the manual signature of a duly authorized officer or employee thereof, the duly authorized officers of the board executing and attesting such credit instruments may all do so by facsimile signature provided such signatures have been duly filed as provided in the uniform facsimile signature of public officials law, sections 105.273 to 105.278, when duly authorized by resolution of the board, and the provisions of section 108.175 shall not apply to such credit instruments. The board may provide for the flow of funds and the establishment and maintenance of separate accounts within the special employment security fund, including the interest and sinking account, the reserve account, and other necessary accounts, and may make additional covenants with respect to the credit instruments in the documents authorizing the issuance of credit instruments including refunding credit instruments. The resolutions authorizing the issuance of credit instruments may also prohibit the further issuance of credit instruments or other obligations payable from appropriated moneys or may reserve the right to issue additional credit instruments to be payable from appropriated moneys on a parity with or subordinate to the lien and pledge in support of the credit instruments being issued and may contain other provisions and covenants as determined by the board, provided that any terms, provisions or covenants provided in any resolution of the board shall not be inconsistent with the provisions of this section.
- (10) The board may issue credit instruments to refund all or any part of the outstanding credit instruments issued under this section including matured but unpaid interest. As with other credit instruments issued under this section, such refunding credit instruments may bear interest at a fixed or variable rate as determined by the board.
- (11) The credit instruments issued by the board, any transaction relating to the credit instruments, and profits made from the sale of the credit instruments are free from taxation by the state or by any municipality, court, special district, or other political subdivision of the state.
- (12) As determined necessary by the board the proceeds of the credit instruments less the cost of issuance shall be placed in the state's unemployment compensation fund and may be used for the purposes for which that fund may

otherwise be used. If those net proceeds are not placed immediately in the unemployment compensation fund they shall be held in the special employment security fund in an account designated for that purpose until they are transferred to the unemployment compensation fund provided that the proceeds of refunding credit instruments may be placed in an escrow account or such other account or instrument as determined necessary by the board.

- (13) The board may enter into any contract or agreement deemed necessary or desirable to effectuate cost-effective financing hereunder. Such agreements may include credit enhancement, credit support, or interest rate agreements including, but not limited to, arrangements such as municipal bond insurance; surety bonds; tax anticipation notes; liquidity facilities; forward agreements; tender agreements; remarketing agreements; option agreements; interest rate swap, exchange, cap, lock or floor agreements; letters of credit; and purchase agreements. Any fees or costs associated with such agreements shall be deemed administrative expenses for the purposes of calculating the credit instrument and financing agreement repayment surcharge under subsection 3 of section 288.128. The board, with consideration of all other costs being equal, shall give preference to Missouri-headquartered financial institutions, or those out-of-state-based financial institutions with at least one hundred Missouri employees.
- (14) To the extent this section conflicts with other laws the provisions of this section prevail. This section shall not be subject to the provisions of sections 23.250 to 23.298.
- (15) If the United States Secretary of Labor holds that a provision of this subsection or of any provision related to the levy or use of the credit instrument and financial agreement repayment surcharge does not conform with a federal statute or would result in the loss to the state of any federal funds otherwise available to it the board, in cooperation with the department of labor and industrial relations, may administer this subsection, and other provisions related to the credit instrument and financial agreement repayment surcharge, to conform with the federal statute until the general assembly meets in its next regular session and has an opportunity to amend this subsection or other sections, as applicable.
- (16) Nothing in this chapter shall be construed to prohibit the officials of the state from borrowing from the government of the United States in order to pay unemployment benefits under subsection 1 of this section or otherwise.
- (17) (a) As used in this subdivision the term "lender" means any state or national bank.
- (b) The board is authorized to enter financial agreements with any lender for the purposes set forth in subdivision (1) of this subsection, or to refinance other financial agreements in whole or in part, upon the approval of the simple majority of the members of the board of a resolution authorizing such financial agreements, with no other proceedings required. In no instance shall the

outstanding obligation under any financial agreement continue for more than ten years. Repayment of obligations to lenders shall be made from the special employment security fund, section 288.310, subject to appropriation by the general assembly.

- (c) Financial agreements entered into under this subdivision shall not constitute debts of this state or of the board or any agency, political corporation, or political subdivision of this state and are not a pledge of the faith and credit of this state, the board or of any of those governmental entities and shall not constitute an indebtedness within the meaning of any constitutional or statutory limitation upon the incurring of indebtedness. The financial agreements are payable only from revenue provided for under this chapter. The financial agreements shall contain a statement to the effect that:
- a. Neither the state nor the board nor any agency, political corporation, or political subdivision of the state shall be obligated to pay the principal or interest on the financial agreements except as provided by this section; and
- b. Neither the full faith and credit nor the taxing power of the state nor the board nor any agency, political corporation, or political subdivision of the state is pledged to the payment of the principal, premium, if any, or interest on the financial agreements.
- (d) Neither the board members executing the financial agreements nor any other board members shall be subject to any personal liability or accountability by reason of the execution of such financial agreements.
- (e) The board may prescribe the form, details and incidents of the financing agreements and make such covenants that in its judgment are advisable or necessary to properly secure the payment thereof provided that any terms, provisions or covenants provided in any such financing agreement shall not be inconsistent with the provisions of this section. If such financing agreements shall be authenticated by the bank or trust company acting as registrar for such by the manual signature of a duly authorized officer or employee thereof, the duly authorized officers of the board executing and attesting such financing agreements may all do so by facsimile signature provided such signatures have been duly filed as provided in the uniform facsimile signature of public officials law, sections 105.273 to 105.278, when duly authorized by resolution of the board and the provisions of section 108.175 shall not apply to such financing agreements.
- (18) The commission may issue credit instruments to refund all or any part of the outstanding borrowing issued under this section including matured but unpaid interest.
- (19) The credit instruments issued by the commission, any transaction relating to the credit instruments, and profits made from the issuance of credit are free from taxation by the state or by any municipality, court, special district, or other political subdivision of the state.

3. In event of the suspension of this law, any unobligated funds in the unemployment compensation fund, and returned by the United States Treasurer because such Federal Social Security Act is inoperative, shall be held in custody by the treasurer and under supervision of the division until the legislature shall provide for the disposition thereof. In event no disposition is made by the legislature at the next regular meeting subsequent to suspension of said law, then all unobligated funds shall be returned ratably to those who contributed thereto.

- 4. Notwithstanding any other law to the contrary, in the event that the amount of moneys owed by the fund for total advancements by the federal government exceeds three hundred million dollars, the board shall be required to meet to consider authorizing the issuance, sale, and delivery of credit instruments pursuant to this section for the entire amount of the debt owed.
- 5. If credit instruments are issued under subsection 4 of this section, the interest assessment required under section 288.128 shall continue to be paid and used to fully finance such instruments and shall be paid at the same rate applicable at the time of issuance for all subsequent years until the credit instruments are fully financed.]
