6 2. Any data derived from a person's application shall not be sold for commercial

22 4. **The department of revenue shall issue driver's licenses or identification cards**
23 **that are compliant with the federal REAL ID Act of 2005, as amended, to all applicants for**
24 **driver's licenses or identification cards unless an applicant requests a driver's license or**
25 **identification card that is not REAL ID compliant. Upon initial application for a driver's**
26 **license or identification card, the department of revenue shall inform applicants of the**
27 **option of being issued a REAL ID compliant driver's license or identification card or a**
28 **driver's license or identification card that is not compliant with REAL ID. The department**
29 **shall inform all applicants:**

30 (1) **With regard to the REAL ID compliant driver's license or identification card:**

31 (a) **It is valid for official state purposes and for official federal purposes as outlined**

5. Subsection 4 of this section shall be effective once the department of revenue has been notified by the federal department of homeland security that the department of revenue is able to issue driver's licenses or identification cards that comply with the federal REAL ID Act of 2005, as amended. Once the department of revenue is so notified, it shall give notice of the same to the speaker of the house of representatives, the president pro tempore of the senate, and the revisor of statutes. The department of revenue shall then issue driver's licenses and identifications in accordance with subsection 4 of this section.

6. ~~[Any biometric data previously collected, obtained, or retained in connection with motor vehicle registration or operation, the issuance or renewal of driver's licenses, or the issuance or renewal of any identification cards by any department or agency of the state charged with those activities shall be retrieved and deleted from all databases.]~~ The department of revenue shall not use, collect, obtain, share, or retain biometric data, nor shall the department use biometric technology to produce a driver's license, nondriver's license, or identification card, or to uniquely identify licensees or license applicants. 95 agents of the state. The state shall within reason protect the sovereignty of the citizens the state
96 is entrusted to protect.

4 to be an emergency act within the meaning of the constitution, and section A of this act shall be
5 in full force and effect upon its passage and approval.
