

HB 824 -- AUTOCYCLES (Reiboldt)

COMMITTEE OF ORIGIN: Standing Committee on Transportation

This bill defines an autocycle as a three wheeled motor vehicle where the driver and passenger ride in an enclosed or partially enclosed seating area so that they are not considered motorcycles. These vehicles must meet specified Federal Department of Transportation or Federal Motorcycle Safety Standards.

The bill also authorizes the operation of agricultural machinery on state highways for agricultural purposes between sundown and sunset if equipped with proper lighting under the requirements of Section 307.115, RSMo.
