

HB 1041 -- VOTER IDENTIFICATION

SPONSOR: McDaniel

Beginning January 1, 2018, this bill requires the use of federal REAL ID Act of 2005 compliant driver's or nondriver's licenses for purposes of voter identification under Section 115.427, RSMo. No other changes to voting criteria are made by the bill.

The bill contains a contingent effective clause that requires the prior passage of another law authorizing the Missouri Department of Revenue to produce compliant licenses.
