19 designated recipient acts or represents.

20        3. A fiduciary's or a designated recipient's access to digital assets may be modified or

22 direction under section 472.415.

23        472.425. 1. When disclosing digital assets of a user under sections 472.400 to 472.490, the  
24 custodian may, at its sole discretion:

25            (1) Grant a fiduciary or designated recipient full access to the user's account;

26            (2) Grant a fiduciary or designated recipient partial access to the user's account sufficient to

29 the date the custodian received the request for disclosure, the user could have accessed if the user  
30 were alive and had full capacity and access to the account.

32 digital assets under sections 472.400 to 472.490.

33        3. A custodian shall not disclose under sections 472.400 to 472.490 a digital asset deleted  
34 by a user.

35        4. If a user directs or a fiduciary requests a custodian to disclose under sections 472.400 to  
36 472.490 some, but not all, of the user's digital assets, the custodian need not disclose the assets if  
37 segregation of the assets would impose an undue burden on the custodian. If the custodian believes  
38 the direction or request imposes an undue burden, the custodian or fiduciary may seek an order from  
39 the court to disclose:

40            (1) A subset limited by date of the user's digital assets;

41            (2) All of the user's digital assets to the fiduciary or designated recipient;

42            (3) None of the user's digital assets; or

43            (4) All of the user's digital assets to the court for review in camera.

44        472.430. If a deceased user consented or a court directs disclosure of the contents of  
45 electronic communications of the user, the custodian shall disclose to the personal representative of  
46 the estate of the user the content of an electronic communication sent or received by the user if the  
47 representative gives the custodian:

- 1       (2) A certified copy of the death certificate of the user;  
2       (3) A certified copy of the letters testamentary or letters of administration of the  
3 representative or a certified copy of the certificate of clerk in connection with a small-estate  
4 affidavit or court order;  
5       (4) Unless the user provided direction using an online tool, then in the case of user consent  
6 to disclosure, a copy of the user's will, trust, power of attorney, or other record evidencing the user's  
7 consent to disclosure of the content of electronic communications; and  
8       (5) If requested by the custodian for the purpose of identifying the correct account of the  
9 user:  
10       (a) A number, username, address, or other unique subscriber or account identifier assigned  
11 by the custodian to identify the user's account;  
12       (b) Evidence linking the account to the user; or  
13       (c) A finding by the court that:  
14       a. The user had a specific account with the custodian, identifiable by the information  
15 specified in paragraph (a) of this subdivision;  
16       b. Disclosure of the content of electronic communications of the user would not violate 18  
17 U.S.C. Section 2701, et seq., as amended, 47 U.S.C. Section 222, as amended, or other applicable  
18 law;  
19       c. Unless the user provided direction using an online tool, the user consented to disclosure  
20 of the content of electronic communications; or  
21       d. Disclosure of the content of electronic communications of the user is reasonably  
22 necessary for administration of the estate.  
23       472.435. Unless the user prohibited disclosure of digital assets or the court directs  
24 otherwise, a custodian shall disclose to the personal representative of the estate of a deceased user a  
25 catalogue of electronic communications sent or received by the user and digital assets, other than the  
26 content of electronic communications, of the user, if the representative gives the custodian:  
27       (1) A written request for disclosure in physical or electronic form;  
28       (2) A certified copy of the death certificate of the user;  
29       (3) A certified copy of the letters testamentary or letters of administration of the  
30 representative or a certified copy of certificate of clerk in connection with a small-estate affidavit or  
31 court order; and  
32       (4) If requested by the custodian for the purpose of identifying the correct account of the  
33 correct user:  
34       (a) A number, username, address, or other unique subscriber or account identifier assigned  
35 by the custodian to identify the user's account;  
36       (b) Evidence linking the account to the user;  
37       (c) An affidavit stating that disclosure of the user's digital assets is reasonably necessary for  
38 administration of the estate; or  
39       (d) A finding by the court that:  
40       a. The user had a specific account with the custodian, identifiable by the information  
41 specified in paragraph (a) of this subdivision; or  
42       b. Disclosure of the user's digital assets is reasonably necessary for administration of the  
43 estate.  
44       472.440. To the extent a power of attorney expressly grants an agent authority over the  
45 content of an electronic communication sent or received by the principal and unless directed  
46 otherwise by the principal or the court, a custodian shall disclose to the agent the content if the agent  
47 gives the custodian:  
48       (1) A written request for disclosure in physical or electronic form;

 28 electronic communications.

29       472.455. Unless otherwise ordered by the court, directed by the user, or provided in a trust,  
 30 a custodian shall disclose to a trustee that is not an original user of an account the content of an  
 31 electronic communication sent or received by an original or successor user and carried, maintained,  
 32 processed, received, or stored by the custodian in the account of the trust if the trustee gives the  
 33 custodian:
