6 "Section B. Section 10, article III, Constitution of Missouri, is repealed and three new
7 sections adopted in lieu thereof, to be known as sections 2(a), 10, and 10(a), to read as follows:

8 Section 2(a). Only citizens of the United States of America shall be counted as part of the
9 population of this state in making apportionments of the districts of the house of representatives and
10 senate under sections 2, 5, 7, and 10 of this article. If the decennial census of the United States of
11 America fails to provide an enumeration of the Missouri population of citizens, then a reliable
12 estimate or estimated range provided by the United States Census Bureau or its successor or assigns,
13 even if such estimate is not made as part of the decennial census, shall be used. If neither of these
14 sources are available, the total population of the state as reported by the decennial census of the
15 United States shall be the population of this state in making apportionments of the districts of the
16 house of representatives and senate under sections 2, 5, 7, and 10 of this article.

17 Section 10. Subject to the provisions of section 2(a) of this article, the last decennial census
18 of the United States shall be used in apportioning representatives and determining the population of
19 senatorial and representative districts. Such districts may be altered from time to time as public
20 convenience may require.

21 Section 10(a). A reapportionment official shall accept no compensation or other thing of
22 value for the performance of his or her official duties from any political committee, candidate,
23 corporation, labor union, or private or public source other than the official compensation that is
24 appropriated by the general assembly, as set forth in the remainder of this section. If funds are
25 appropriated, all officials appointed as partisans shall be entitled to the compensation and expenses
26 otherwise set forth in this constitution, and all officials appointed as nonpartisans, if any, shall be
27 entitled to a compensation of double the rate for officials appointed as partisans, and expenses. If
28 the general assembly has failed to make an appropriation of the full measure of funds allowed by
29 this constitution, expressly identifying in the appropriation each reapportionment office to be funded
30 and duties to be performed by each office, before the reapportionment start date, then the
31 commissions for the reapportionment of the house of representatives and senate shall each meet and
32 prepare plans of reapportionment in the manner and using the legal criteria set forth in the text of
33 this article that was in effect on January 1, 2018, except as provided in sections 2(a) and 10 of this
34 article, and the general assembly may make other provisions for compensation and costs of the
35 members of each of the two commissions.

1 For purposes of this section, a reapportionment official is any person appointed under this article to
 2 reapportion districts in the senate or house of representatives, including but not limited to members
 3 of commissions and any other person whose official duty under this article requires that person to
 4 prepare a plan of reapportionment. A reapportionment office is each office held by a
 5 reapportionment official. The reapportionment start date is the date on which the population of this
 6 state is reported to the President for each decennial census of the United States, or in the event that a
 7 reapportionment has been invalidated by a court of competent jurisdiction, the date that such a
 8 ruling has been made. The provisions of this section and sections 2(a) and 10 of this article are self-
 9 executing. All of the provisions of this section, section 2(a), and section 10 are severable. If any
 10 provision of this this section, section 2(a), and section 10 is found by a court of competent
 11 jurisdiction to be unconstitutional or unconstitutionally enacted, the remaining provisions of this
 12 section, section 2(a), and section 10 shall be and remain valid.

13 Section C. Pursuant to chapter 116, and other applicable constitutional provisions and laws
 14 of this state allowing the general assembly to adopt ballot language for the submission of this joint
 15 resolution to the voters of this state, the official summary statement of this resolution shall be as
 16 follows:
