 17 shall document the attempt to contact the caregiver.

18 7. Prior to being discharged, if the hospital or ambulatory surgical center is able to contact the
 19 caregiver and the caregiver is willing to assist, the hospital or ambulatory surgical center shall provide the
 20 caregiver with the patient's discharge plan, if such plan exists, or instructions for the after-care needs of the
 21 patient and give the caregiver the opportunity to ask questions about the after-care needs of the patient.

22 8. A hospital or ambulatory surgical center is not required nor obligated to determine the ability of a
 23 caregiver to understand or perform any of the after-care tasks outlined in this section.

 28 Social Security Act and its conditions of participation in the Code of Federal Regulations or the standards of
 29 a national accrediting organization with deeming authority under Section 1865(a)(1) of the Social Security
 30 Act.

31 11. Nothing in this section shall create a private right of action against a hospital, ambulatory
 32 surgical center, a hospital or ambulatory surgical center employee, or an individual with whom a hospital or
 33 ambulatory surgical center has a contractual relationship.

34 12. A hospital, ambulatory surgical center, hospital or ambulatory surgical center employee, or an
 35 individual with whom a hospital or ambulatory surgical center has a contractual relationship shall not be
 36 liable in any way for an act or omission of the caregiver.

37 13. No act or omission under this section by a hospital, ambulatory surgical center, hospital or
 38 ambulatory surgical center employee, or an individual with whom a hospital or ambulatory surgical center
 39 has a contractual relationship shall give rise to a citation, sanction, or any other adverse action by any
 40 licensing authority to whom such individual or entity is subject.

41 14. Nothing in this section shall be construed to interfere with the rights of an attorney-in-fact under
 42 a durable power of health care under sections 404.800 to 404.872.

43 15. The department of health and senior services shall provide ambulatory surgical centers and
 44 hospitals a standard form that may be used to satisfy the requirements of this section. Nothing in this section
 45 shall prohibit a hospital or ambulatory surgical center from continuing the use of a current patient
