FISCAL ANALYSIS

ASSUMPTION

Officials at **St. Louis County** assume there may be additional cost to the county in obtaining title work to verify which lienholder is in the first position, which lienholder in the 2nd position, etc. The cost for an additional employee would be \$46,000 the first year.

Officials at **St. Charles County** estimates the fiscal impact of the above-referenced bill to be as follows:

This bill mandates new services and costs by a county collector and county governing body for filing legal actions to adjudicate lien priorities and distribute surplus funds resulting from tax sales on property in foreclosure due to unpaid taxes. Adjudicating lien priorities is a judicial function, not an administrative function.

In 2017, the St. Charles County Collector held tax sales that resulted in surplus funds on 41 properties. We provided a copy of an affidavit for the cost of legal actions in the matter of a mortgage foreclosure sale that resulted in surplus funds. Attorney fees and costs in this matter were \$4,396.00. Awarding of fees and costs to the plaintiff interpleader is discretionary with the court.

Officials at the **Office of the State Courts Administrator**, the **Department of Revenue**, the **State Tax Commission**, the **Office of the State Public Defender** and the **Office of Prosecution Services** each assume no fiscal impact to their respective agencies from this proposal.

Officials at the **Mississippi County Recorder of Deeds Office** assume no fiscal impact from this proposal.

In response to a previous version, officials at **Boone County** assumed no fiscal impact from this proposal.

In response to similar legislation from 2017, HCS for HB 649, officials at **Cole County** assumed this proposal imposes potential additional duties on the County Collector and the County Commission, which will not only involve extra work in those offices, but also adds legal action participation by the Commission or Collector. No means of compensation for these additional duties has been provided by the legislation, including costs of a legal action. The additional costs cannot be determined at this time, but are estimated to be less than \$100,000 per year.

ASSUMPTION (continued)

House Amendment #1

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

Currently, any surplus amount received on a tax or other debt sale of real estate by the sheriff or county collector is held by the treasurer for the owners of the property until a redemption period or collector's deed is issued up to three years. After three years, the surplus funds go to the school fund of the county. This bill adds the record lien holders as primary recipients on any excess proceeds from a foreclosure sale and specifies that the record lien holders will receive a distribution before the owners. Additionally, this bill requires that the proceeds of the sale will be held in trust for the lesser of three years or 90 days following the expiration of the redemption period.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
