## FISCAL ANALYSIS

### ASSUMPTION

For the purpose of this proposed legislation, officials at the **Office of State Public Defender (SPD)** cannot assume that existing staff will provide effective representation for any new cases arising where indigent persons are charged with the proposed new crime of labeling articles as being American Indian or craft when they are not. This offense could be punishable by 30 to 90 days incarceration. While the number of new cases may be too few or uncertain to request additional funding for this specific bill, the SPD will continue to request sufficient appropriations to provide effective representation.

**Oversight** assumes the SPD can absorb the additional caseload that may result from this proposal.

Officials at the **Office of the Attorney General (AGO)** assume that any potential costs arising from this proposal can be absorbed with existing resources. The AGO may seek additional appropriations if there is a significant increase in litigation.

Officials at the **Office of Prosecution Services** assume no fiscal impact from this proposal. The creation of a new crime creates additional responsibilities for county prosecutors which may in turn result in additional costs which are difficult to determine.

**Oversight** assumes the county prosecutors can absorb the additional caseload that may result from this proposal or request additional funding through annual budget requests.

### FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
