## **FISCAL ANALYSIS**

### **ASSUMPTION**

Officials from the **Department of Labor and Industrial Relations (DOLIR)** assume this proposal modifies the Missouri Human Rights Act regarding discrimination based on sexual orientation or gender identity. DOLIR assumes the Missouri Commission on Human Rights (MCHR) could absorb the increase in complaints with existing resources. However, if the number of additional cases was significant or additional legislation was enacted which increased other types of MCHR complaints, the impact could be substantial enough that the MCHR could not absorb additional work without additional resources and would request such through the appropriations process.

Officials from the **Office of the Secretary of State (SOS)** assume many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The Secretary of State's office is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to Secretary of State's office for Administrative Rules is less than \$2,500. The Secretary of State's office recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, we also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what our office can sustain with our core budget. Therefore, we reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

**Oversight** assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.

Officials from the **City of Kansas City** assume the proposal may have a negative fiscal impact on the city.

Officials from the **Callaway County** assume the proposal will have an unknown impact.

Officials from the **Summersville R2 School District** assume the proposal will have little to no impact on school districts, unless discriminatory practices exist.

**Oversight** assumes school districts would not have discriminatory practices and therefore, would not be fiscally impacted by the proposal.
